1. The card shown on the right is another option for Stair Step card. We are making the one on the left. I chose to not line the three images so more of the DSP and decorations could be seen.
2. The stamp bundle we are using is the Bright Skies Bundle. It is paired with the Sunny Days Designer Series Paper.
3. To begin the card, cut a piece of Shaded Spruce to 5 1/2 X 11. This is over 1/2 of a sheet of card stock. However, the 3 X 11 strip will supply the three triangles you need for the design.
4. Using the Simply Scored, score along the 11" side of the Shaded Spruce at 3, 6, 7 1/2, 9, and 10. Fold and burnish in mountain valley as shown.
5. Cut Basic White card stock for the DSP layers. They are each 5 3/8 X 2 7/8, 5 3/8 X 1 3/8, and 5 3/8 X 7/8. The DSP is cut 5 1/4 X 2 3/4, 5 1/4 X 1 1/4, and 5 1/4 X 3/4
6. Adhere the DSP strips to the Basic White strips and add to the appropriate step as shown. \* Place the bottom of the strips just above the fold lines so folding is not inhibited.
7. Each of the squares / diamonds are from the strip of Shaded Spruce. They are 3 X 3, 2 3/4 X 2 3/4 and 2 1/2 X 2 1/2.
8. The DSP for the squares are 2 3/4 X 2 3/4, 2 1/2 X 2 1/2, and a Basic White that is 2 1/4 X 2 1/4
9. Turn the Basic White square to triangle and stamp the three flowers using Shaded Spruce Ink and Melon Mambo with the center of Highland Heather. Stamp the flowers above the point to leave room for the sentiment. On scrap paper, stamp the large cloud using Coastal Cabana Ink and the sun with Crushed Curry Ink. There is a die for the sun and the cloud. However, I wanted a smaller cloud so used the smaller die to cut the center of this large stamped cloud.
10. The sentiment is stamped using Memento Tuxedo Black Ink on scrap and punched using the larger of the Double Oval Punch.
11. Adhere all of the DSP squares to their appropriate card stock square.

12. With the steps all folded up, place the front stamped diamond shape in position in the center of the card. Align the bottom of the point with the bottom of the white on the step. There is room for three Stampin' Dimensionals all touching each other. Apply this triangle to the steps.
13. With the card folded, you will notice the top of the diamond is well above the top of the card. It will be below 4 1/4 so it fits in an envelope. Place the larger square on the left side of the rear step at your desired width from the left edge. Then add the middle square to the second step with the same width. Be sure to only apply adhesive to the parts touching the step.
14. Add the sentiment to the bottom of the triangle. Add the sun to the top left of the triangle. And finally add the die cut cloud to the right side of the middle square. I then spread around a few of the Opaque Faceted Gems to the flower center and each of the squares.
