1. This card uses almost all of one sheet of card stock. My base is Blueberry Bushel. The actual card base is $4\frac{1}{4} \times 5\frac{1}{2}$. The folded section is cut to $5\frac{1}{2} \times 8$ and scored at $1\frac{1}{2}$, $2\frac{3}{4}$, $5\frac{1}{4}$, and $6\frac{1}{2}$. Then the actual card front measures $5\frac{1}{2} \times 3$. you should only have two small strips leftover.
2. Fold the scored piece with both ends towards the middle. You can see in the photo the one folded side. The other is folded the same.
3. The DSP is from the Wildflower Birthday Designer Series Paper. I have used three different sheets.
4. The front sheet measures $3\frac{1}{4} \times 5\frac{1}{4}$. The pink check you can see in the left photo is adhered to each edge of the card base. They measure $\frac{3}{4} \times 5\frac{1}{4}$.
5. The green stripe DSP measures $1 \times 5\frac{1}{4}$, there is one on each side. And the right side plaid is $1\frac{1}{4} \times 5\frac{1}{4}$. That piece on the opposite side is what the front adheres to.
6. The inside White layer is $2\frac{1}{4} \times 5\frac{1}{4}$.
7. All of the stamping and the tag are from the Birthday Celebration Bundle. The tag is cut from Pool Party card stock and then stamped. That sentiment is two separate stamps. The tag is finished with a bow from Gold Twisted Thread. And a single Low-Profile Dot in gold is added to the corner.
8. Stamp the White layer and then adhere to the center of the folded piece. Adhere the DSP to the folded piece first. Add the two smallest plaid strips to the edges of the card base. Now adhere the folded piece to the card base aligning top, bottom and between the DSP pieces. Last add the top layer to the left side of the folded piece. Only add adhesive to that single fold of the folded section. Try to hold the folded piece closed and then center the top onto that one piece while centering it with everything else. This is the trickiest part of the assembly.
