...the only limitation is your imagination

This project has three main pieces: The box bottom, top and insert. They are quick and easy to cut and assemble.

Supplies: Cardstock, patterned paper, 1 3/4" circle punch or die, paper trimmer, your favorite adhesive.

Cutting Dimensions for your box pieces:

- Box bottom is a 4" square scored at 1" on all four sides.
- Box insert is a 3" square scored at 1/2" on all sides.
- Box top is a 3 1/2" square scored at 3/4" on all sides.

Assemble the box bottom:

- Start with the 4" square box bottom. Burnish all of your score lines with a bone folder.
- Cut tabs up to the score lines on each corner as shown below.
- Set the box bottom aside.

Assemble the Insert

- The box insert is a 3' square of patterned paper scored at 1/2" on all sides.
- Cut tabs on each corner as shown below.

- Turn the insert square to the reverse side and draw a diagonal line from corner to corner to create a center point with an "X". You won't see this in your finished box.
- With a 1 3/4" circle punch or a similar size circle die, cut a circle with the "X" you just created in the center.
- See photo below.
