...the only limitation is your imagination

TODAY'S PARTS & PIECES

- I cut a 6 x 6 piece of Lemon Lolly cardstock.
- Score it at 2 and 4 vertically, rotated the piece once, scored it horizontally at 2 and 4.
- The score lines look like a tic-tac-toe board. (Nine 2 squares).
- I adhered 1 7/8 patterned paper squares to both sides of each of the cardstock squares, except for the middle square. You will need a total of 16 1 7/8 squares.
- If you choose to use patterned paper instead of cardstock, all you have to do is score and assemble. I used cardstock to make the basket stronger.

EASY ASSEMBLY

- Place the scored piece in front of you and cut the first vertical score line at the bottom up to the first horizontal score line.
- Cut the second vertical score line up to the first horizontal score line.
- Rotate the piece twice and cut in the same sequence as above.
- The center square is the bottom of the basket.
- Burnish all of the score lines with your bone folder.
- Attach all of the patterned paper squares with glue. See photo below.
- I rounded the corners of the top and bottom edges of both the cardstock and the patterned paper.

- Fold both sides up toward the center.
- Place glue on the bottom left corner of the right square, and the bottom right corner of the left square. See the second photo above.
- Grab both the right and left bottom squares and overlap them pushing the center flap in toward the center. Hold in place to adhere the glue. See below.
- Follow the same procedure on the opposite side.

- Cut a Lemon Lolly cardstock strip 1/2 x 6.
- Cut a DSP strip 3/8 x 6. Glue this strip to the top of the cardstock strip.
- Attach the strip to the inside of the center of the basket on both sides as shown below.

- Decorate the front as you wish. I used die cut eggs from the Excellent Eggs Dies.
- The stamped and fussy cut Lost Lagoon sentiment and flower are from the Bright Skies Stamp Set.
- Fill with candy.

Thank you for stopping by. As always, if you have any questions, please reach out.
