...the only limitation is your imagination

**Supplies:** There will be a complete Supply List at the end of this Tutorial.

## Pieces & Parts:

- I used the Tailor Made Tags Dies to die cut the tag from white cardstock.
- The tag measures 1 3/4" x 3 3/4", use a corner round punch to round the edges, and punch a hole in the top. You have a cute tag!
- Stamp the house image from the Snowy Wonder stamp set to the center of the tag. I used Poppy Parade ink.
- Die cut two small trees using Garden Green cardstock.
- Stamp two snow drifts with Pool Party ink and die cut them with the coordinating die.

**Create a "mask" for the house: You can refer to the photo above.**

- Stamp the image of the house onto a sticky note making sure a good portion of the stamped image has the sticky side on the back. You can also use a Masking Sheet. They are listed in the Supplies Section.

<http://www.expressivelydeb.com>

- You can die cut the image using the house die in the Snowy Wonder Dies, or you can fussy cut the image as close to the edges as you can.
- Place the sticky note stamped image over the stamped house image on your tag. See the photo on the left below. The mask is over the stamped image on the tag.
- Stamp the snowflake on top and to the right of the house, as shown below. You will be stamping over the mask you created. See the photo on the right below.

### Add the elements:

- Attach the die cut trees and stamped snow drifts as shown below.
- Use your Markers or Blends to shade the windows and doors of the house. use your Markers or Blends to shade the windows and door.
- Embellish.

All done! I hope you enjoyed the "Masking Technique". You can use it for anything to give the appearance one image is behind the other. Have fun with it.

Thank you for stopping by my Blog.

Debbie
