- The top Very Vanilla cardstock layer is 4 1/2" x 3". You will stamp on this layer.

- The Lost Lagoon patterned paper layer is 5 1/4" x 2 1/2".

## Stamp the Images:

- The stamped flower images are stamped off once using Lost Lagoon, Crushed Curry and Calypso Coral ink, as shown in the Parts & Pieces photo above.
- Using the "line" stamp, stamp the line starting from the right side of the card layer to left. I stamped off once using Moody Mauve ink. (See the photo above).
- Stamp your sentiment onto a piece of Very Vanilla cardstock and punch with the "star" shaped punch as shown in the photo below. I stamped this sentiment with Lost Lagoon ink.

- Punch two "stars" with the punch in the Inked & Tiled Bundle. Use the patterned paper of your choice. Since I went with the darker color palette, I coordinated my patterned paper using the darker shades - Lost Lagoon and Calypso Coral.

## Assemble the card:

1. Adhere the Crushed Curry DSP layer to the front of the card with glue. (or your favorite adhesive).
2. Attach the Lost Lagoon DSP layer to the center of the card front on top of the Crushed Curry DSP layer.
3. Add Dimensionals to the top Very Vanilla, stamped layer and center it on the card front. There's about 5/8" space from the bottom of the card to the bottom of the stamped layer, and about 5/8" space from the top of the card front to the top of the stamped layer.

## Create the "Star" sentiment focal point:

1. Cut about 5 1/4" of the Lost Lagoon ribbon, fold it in half and miter cut the ends as shown in the photo above.
2. Add a small amount of Stampin' Seal directly to the stamped layer over the Calypso Coral

stamped flowers on the right side.

3. Attach the folded ribbon to the card over the Stampin' Seal.
4. Attach one punched star over the ribbon with two Mini Dimensionals. I put one on each side of the punched star, leaving the center with no Dimensional.
5. Attach the second patterned paper punched star to the top of the first star with glue or Seal.
6. Attach the stamped sentiment star to the top of the star cluster using Dimensionals.

You can add a strip of patterned paper to the inside of the card if you like, or a sentiment of your choice.

All done!

Happy stamping, and thank you for stopping by my Blog today.

Always my best to you,

Debbie
