Fall Shadow Box

First I made an 8" x 8" Shadow Box and then my husband and I made the 9" x 9". Well actually I did the work, Terry selected the papers and colors that he wanted. After it was finished to his approval he took possession of it and was very happy with it. It's nice to give a person something they really appreciate.

Instead of giving you written instructions on how to make this project I'm giving you the measurements for each size to cut your cardstock and then a complete list of everything I used on it. If you have any questions or want further information please contact me.
