Today I'm sharing with you a sneak peak of the Stampin' Up! Christmas Classics "Peace on Earth" card. This bundle reminds me somewhat of the Merriest Moments bundle that was available the last two years. I like the die cut with all the foliage on it and the square shape is nice.

There are so many different things we can do with this set and its partner set, Joy of Noel. The suite of products comes with two bundles, "Joyful" a specialty DSP (one I use in this card), the Joy of Christmas DSP, ribbon and embellishments.

All of this combined makes for Happy Stamping!

Card Directions

1. Fold card base in half on the score line, burnish with Bone Folder.
2. Die cut out the center of Gold Foil with the 3rd largest deckled rectangle or a like size die (no larger) and set this piece aside to use at a later date on a different project. We do this so as to not waste foil and no one will ever know what you did.
3. Tape the Joyful DSP panel to the gold foil frame.
4. Wrap a 6-1/2" piece of Ribbon around the center of panel, adhere the ends to the back side of the gold foil frame. Now adhere these panels to the card base.
5. Cut the square foliage die out of Shaded Spruce cardstock. Using dimensionals, adhere to card front.
6. Heat emboss with gold Embossing Powder the greeting. Start by wiping Very Vanilla cardstock with Embossing Buddy. Ink stamp with VersaMark, stamp onto Very Vanilla cardstock. Sprinkle Gold Embossing Powder over stamped image, carefully shake off excess powder. Use the Heat Tool to melt powder being careful not to overheat it (hint: you'll see the powder melt and that means you're done). Die cut out and add to card front with Dimensionals.

7. Add some embellishments.
8. The inside was completed by stamping the saying in Cherry Cobbler Ink on Very Vanilla Cardstock. Add a strip of the Joyful DSP to bottom of panel. Adhere to inside of card.
9. For the envelope, use seal to adhere a strip of the Joyful DSP to left side of envelope front.
