- Stamp the large sea turtle image coming in from the lower right of the panel. First, stamp the detailed image of the turtle in Coastal Cabana ink (bumpy side of the stamp facing up). Clean off the stamp and flip the stamp over on your stamping block to the flat side of the stamp, then stamp the fill image of the turtle in Pool Party ink over top of the detailed image you just stamped.
  - Use Balmy Blue ink to second-generation stamp the bubbles image all around the sea turtle. You will only partially stamp this large image of the bubbles. Try not to stamp over the sea turtle.
  - Stamp the school of fish image in Pretty Peacock ink above the sea turtle, then partially stamp the same image to the right and left of the sea turtle in Pretty Peacock ink.
3. Once the stamped panel is completed, you will need to cut the panel down so that you have (6) 1-1/2" x 1-1/2" squares. First, with the short end facing up on your paper trimmer (the 3" side), cut down the center of the panel at 1-1/2". Cutting one strip at a time, turn the strips along the long edge and cut each strip at 1-1/2" and 3". Repeat for the second strip.

4. Place all six of the squares in order to create the stamped scene, then mat each square to one of the 1-5/8" Pretty Peacock square mats. Adhere the panels to one of the Coastal Cabana mats making sure that there is an equal distance between each square from right to left. There will be approximately 3/8" between the top of the mat and the tops of the panels and 3/8" between the bottom of the mat and the bottoms of the panels.
5. Wrap a length of Linen Thread around the center of the panel two times and tie a knot on the left side of the panel. Wrap Linen Thread around three of your fingers four times, remove the loops from your fingers and hold firmly together, then tie the center of the looped thread using the ends of the knotted thread and tie another knot to hold the loops in place. Adhere the panel to a Coastal Cabana mat, then adhere this to the card front using Stampin' Dimensionals.

6. Stamp the large starfish onto a scrap piece of white cardstock. Stamp the detailed image first in Calypso Coral ink, clean the starfish image off, then flip the stamp over on your stamping block and stamp the fill image of the starfish in second-generation stamped Peach Pie ink. fussy cut the starfish and adhere the image to the card front using Stampin' Dimensionals. Position the starfish on the lower left of the card front just below the looped thread bow.
7. Stamp the "Hope" sentiment from the Unbounded Love Stamp Set in Pretty Peacock ink onto a scrap piece of white cardstock. Use the smallest circle label from the Unbounded Love Dies to cut out the sentiment. Then adhere the sentiment label just above and to the right of the starfish using Stampin' Dimensionals.
8. Stamp the sentiment "Is believing in a brighter tomorrow" in Pretty Peacock ink on the inside panel. Then stamp two of the starfish images on the lower left corner of the panel. The detailed image of the starfish is stamped in Calypso Coral ink and the fill is stamped in second-generation stamped Peach Pie ink. Stamp two schools of fish around the starfish in Pretty Peacock ink. Adhere the panel to the remaining Coastal Cabana mat, then adhere this to the inside of the card.

9. Stamp two starfish onto the envelope front in Calypso Coal and Peach Pie inks. Then third-generation stamp the bubbles image across the bottom of the envelope.
10. Stamp a single starfish onto the envelope flap using Calypso Coral and Peach Pie ink.
11. Adhere three Petal Pink Foiled Gems to the card front to complete the project.

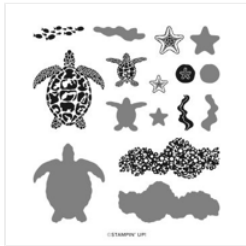

This completes the card! I love a tiled card, and this was such a fun one to create! Products used to create this card are included on the next page.
