I created this fun gift packaging idea around the *Take a Bow Bundle* (Take a Bow Designer Series Paper and Dies). I used a standard brown paper gift bag and added some simple stamping using the **Iconic Imagery Stamp Set**, then created coordinating tags using the **Greetings of the Season Bundle**. With the **Take a Bow Bundle** you can create gift packaging for any occasion - holidays, birthdays or friendship,

Supplies:

- Take a Bow Bundle (includes the Take a Bow Designer Series Paper and the Take a Bow Dies)
- Iconic Imagery Stamp Set
- Greetings of the Season Bundle
- Natural Tones Linen Thread
- Real Red & White Baker's Twine
- Cardstock: Basic White
- Ink: Garden Green, Granny Apple Green
- Adhesives: Stampin' Seal, Tear & Tape. Liquid Glue
- Stampin' Cut & Emboss Machine

Non Stampin' Up! Supplies:

- 1/8" Hole Punch
- Small Brad

Creating the Gift Bow:

1. You will need (2) 6" x 6" pieces of designer series paper. I used paper from the Take A Bow Designer Series Paper Pack.
2. The Take a Bow Die fits the 6" x 6" piece of paper almost exactly. There will be about a 1/16" gap between the die and the paper. It is helpful to place a piece of Post It Tape or a Post It Note to hold the die and paper together before running it through your embossing machine.

3. You will need 6 large, 4 medium and 1 small strip cut from the Take a Bow Die so you will be running the die through two times in order to have enough strips for your bow. You can save the additional small strip for another project.
4. Place a small amount of Stampin' Seal onto the top of the first strip. **Important Note: Place the Stampin' Seal on the end that will be face up when your bow is complete.** Hold the strip lengthwise in your right and left hands then form a "U" shape with the strip. Next, turn the right side of the strip so that the right sides of each strip end are facing upwards. Line up the top and right edges of the right side of the strip with the left and top edge of the left side of the strip. The notched edges will nest together. Repeat this process for the six large strips and the four medium strips. The single small strip becomes a ring and is not folded like the other strips.

5. Use a 1/8" Hole Punch to punch a hole in each of the joined strips where the strips are joined together. The hole will be punched approximately a 1/4" in from the joined ends and centered.
6. Starting with the small ring strip, place a brad through the punched hole from the inside of the ring to the outside. Next, add the four medium sections over the prongs of the brad, then add the six large sections over the prongs of the brad while holding all of the pieces onto the brad. Open the prongs of the brad so that they lay flat. Arrange the sections until you are satisfied with their placement.
7. Cut a 1-1/4" x 1-1/2" piece of cardstock. Adhere two strips of Tear & Tape to the rectangle then adhere to the bottom of the bow, covering the brad prongs. When ready to use your bow, remove the Tear & Tape covers and stick to your gift bag or package.

Preparing the Gift Bag:

1. Use the two step stamps of the pine tree from the Iconic Imagery Stamp Set and stamp the pine tree image across the bottom front of the gift bag. Stamp the solid image of the pine tree in Granny Apple Green ink, then stamp the detailed image of the pine tree in Garden Green ink.

Preparing the Gift Tag:

1. Use the large gift tag label from the Greetings of the Season Dies to cut out a tag from coordinating Take a Bow Designer Series Paper. Use the next size down to cut a tag from white cardstock. Stamp the pine tree image from the Iconic Imagery Stamp Set on the left side of the white tag in Granny Apple Green and Garden Green ink. Then stamp the "Season's Greetings" sentiment from the Greetings of the Season Stamp Set to the right of the pine tree in Garden Green ink.
2. Cut one 12" length of Garden Green Natural Tones Linen Thread and one 12" length of Real

Red & White Baker's Twine. Hold the strands together and loop through the die cut labels.

This completes the project. This is a great way to use the Take a Bow Bundle and your stamp and die sets while creating pretty packaging for gifts! I hope you enjoyed this project!
