This two-piece matchstick treat box was created using the **Snowy Wonder Bundle** and the **Snowy Scenes 12" x 12" Designer Series Paper**. This box measures 3" x 4-5/8" x 1-1/8" and is a nice size for small gifts or treats. I have included lots of photos as this project is easier to show than explain...but I'll do my best! The box folds are a CAS from a UK Demonstrator, Crafty Caroline (Caroline Helwich). I have used a current bundle and designer series paper to update the box using current products. Enjoy!

Supplies:

- Snowy Wonder Bundle
- Snowy Scenes 12" x 12 Designer Series Paper
- Silver & White Sheer Ribbon
- Iridescent Faceted Gems
- 2" Circle Punch
- Scoring Board
- Paper Trimmer
- Cardstock: Poppy Parade, Basic White
- Ink: Poppy Parade

1. Card Cuts

- Box Base – Cut 1 Poppy Parade cardstock to 8-1/2" x 7". Score at 7/8" and 2", rotate the cardstock 90 degrees and score again at 7/8" and 2". Rotate and repeat for the remaining two sides so that all sides are scored at 7/8" and 2". Use the Stampin' Up! Scoring Board to score this piece.
- Box Sleeve – Cut 1 Poppy Parade cardstock to 9-1/4" x 4-5/8". Score at 2-1/2", 3-11/16", 6-3/4" and 7-7/8". **Important Note: Because the score lines for the Box Sleeve involve measurements using 1/16" measurements it is recommended that you use a Stampin' Up Paper Trimmer to score this piece of cardstock.**

- Snowy Scenes Designer Series Paper – Cut from the Petal Pink snowflake print
Cut 1 to 4-1/2" x 2-7/8"
Cut 2 to 4-1/2" x 1"
- Using the 2" Circle Punch, punch out one circle from Poppy Parade cardstock
- Sentiment Label – Cut 1 white cardstock to approximately 1-1/2" x 1"
- Snowman & Pine Tree – Use the Snowy Wonder Dies to cut out 1 snowman and 1 pine tree from the Snowy Scenes 12" x 12" Designer Series Paper

2. Assembling the Box Base:

- From the 8-1/2" x 7" scored Poppy Parade cardstock, use the diagram below to cut the tabs for the box base. Cut along the red lines indicated below, then cut out the sections marked with an "X".

Your box base should look like this...

- Apply Tear & Tape to the outside of the four small corner tabs. Working from one side of the box at a time, remove the Tear & Tape covers, and build the corners of the box.

- Repeat the above process on the opposite side of the box so that all four corners are assembled.
- Next, apply Tear & Tape to the four side tabs of the box then fold the tabs in. These side tabs add stability to the box.

The box base should look like this...

3. Assembling the Box Sleeve:

- After cutting and scoring the Box Sleeve, wrap the sleeve around the Box Base. Apply Tear & Tape on the inside of the 1-3/8" wide section end and on the outside of the 2-1/2" wide section end. Remove the Tear & Tape covers and carefully adhere the sleeve around the box, making sure that the edges of the sleeve ends line up with each other.

4. Decorating the Box:

- Adhere the Designer Series Paper panels to the top and the two long sides of the box using liquid glue or Stampin' Seal.
- Adhere the pine tree to the left side of the 2" Poppy Parade circle using liquid glue or Mini Glue Dots. Then adhere the snowman to the right of the circle. The snowman will overlap the pine tree slightly. Adhere the circle to the center top of the box using Stampin' Dimensionals.
- Tie a length of Silver & White Sheer Ribbon around the left side of the box and tie a bow.
- Adhere three Iridescent Faceted Gems to the top of the box.

This completes the project! This box will hold four fun-sized candy bars. Decorate the boxes for any occasion! These boxes would be great for gifts, treats, or party favors!

You can find a list of supplies used on this project on the next page which include links for each item that will take you to my online store.
