1. Card Cuts:

- Card Base - Cut 1 Thick Basic White cardstock to 11" x 4-1/4", score at 5-1/2"
- Outside & Inside Mats - Cut 2 Shaded Spruce cardstock to 5-1/8" x 3-7/8"
- DSP Panel - Cut 1 Granny Apple Green and Shaded Spruce print to 5" x 3-3/4"
- Panels for Masking Trees
 - Cut 1 Basic White cardstock to 5" x 3-1/4" for the tree
 - Cut 1 Basic White cardstock to 5" x 4" for the pine trees
- Sentiment Label - Cut 1 Basic White cardstock to approximately 2-1/4" x 1-1/2"
- Inside Panel - Cut 1 Basic White cardstock to 5" x 3-3/4"
- Envelope Flap - Cut 1 coordinating piece of designer series paper to 6" x 2-1/4"

2. Use the Frosted Forest Decorative Masks, Blending Brushes and ink to create the branched tree and the two pine trees. Temporarily adhere one of the pieces of white cardstock to a protected work surface, then use the masks to create the layers of the trees. **It is helpful to mark the registration mark with a pencil onto your work surface (grid paper or scrap paper) to make it easier to line up each mask.** Once you have completed blending all three layers for the branched tree and pine trees, use the coordinating dies from the Frosted Forest Dies to cut out the completed images.

- Branched Tree
 - Mask #1- Use Pecan Pie ink and a Blending Brush to create the tree trunk and branches
 - Mask #2 - Use Granny Apple Green ink and a Blending Brush to create the foliage on the tree. Keep the ink on the lighter side when blending this layer.
 - Mask #3 - Use Granny Apple Green ink and a Blending Brush to create the shaded areas of the tree foliage. The ink will be much darker on this layer.
- Pine Trees
 - Mask A - Use Granny Apple Green ink and a Blending Brush to establish the pine tree shapes.
 - Mask B - Use Shaded Spruce ink and a Blending Brush to continue creating the pine trees. Keep this layer lighter.
 - Mask C - Use Shaded Spruce ink and a Blending Brush to complete the pine trees. This layer will be much darker and establishes shadows on the foliage.

3. Using the Frosted Forest Stamp Set, stamp the sentiment onto a scrap piece of white cardstock using Shaded Spruce ink. Use one of the label dies from the Unbounded Love Dies to cut out the sentiment.
4. Adhere the DSP Panel to one of the Shaded Spruce mats then arrange the trees onto the panel. Adhere the branched tree and smaller pine tree using liquid glue or Stampin' Seal and adhere the larger pine tree using Stampin' Dimensionals.
5. Apply Stampin' Seal to the back of the sentiment label at a diagonal, then adhere a short length of white Diagonal Trim to the back of the sentiment. Adhere the sentiment label to the upper right of the panel using Stampin' Dimensionals. Trim the trim ends flush with the panel edges.
6. Stamp the dove image in Balmy Blue ink then use the coordinating die to cut out the image. Adhere the dove to the card front using Stampin' Dimensionals and adhere the dove just above the branched tree image.
7. Adhere the panel to the card front using Stampin' Dimensionals.
8. Stamp the "thank you" sentiment onto the inside panel in Shaded Spruce ink. Use the masks to blend a small pine tree onto the lower corner of the panel using Granny Apple Green and Shaded Spruce inks like you did for the card front. Then lightly blend Shaded

Spruce ink across the lower portion of the panel to indicate trees or foliage in the distance. Adhere the panel to the remaining Shaded Spruce mat, then adhere to the inside of the card.

9. Use the Frosted Forest Decorative Masks to blend a small pine tree onto the envelope front in Granny Apple Green and Shaded Spruce inks. Then lightly blend Shaded Spruce ink around the tree and across the corner of the envelope.
10. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
11. Adhere three green Transparent Adhesive-Backed Dots to the card front.

This completes the card! I love how easy the Frosted Forest Decorative Masks are to use and the beautiful images that they create! These trees would look fantastic using a monochromatic look, too!

Products used to create this card that are available now are listed on the next page.
