<https://www.inkybeestampers.com>

I created a Faux Shutter card today using the Magical Meadow Bundle and the gorgeous Winter Meadow 12" x 12" Designer Series Paper. I got the measurements for the faux shutter portion for the front of the card from Christine with Mail Something Pretty. Christine's measurements of the designer series paper result in reducing paper waste...which is a good thing when we all try to conserve our pretty paper! Let's get started!

Supplies:

- Magical Meadow Bundle
- Winter Meadow 12" x 12" Designer Series Paper
- Distressed Tile 3D Embossing Folder
- Silver & White Sheer Ribbon
- Iridescent Rhinestones Basic Jewels
- Cardstock: Pretty Peacock, Basic White
- Ink: Pretty Peacock
- Adhesives: Multipurpose Liquid Glue, Stampin' Dimensionals, Stampin' Seal, Mini Glue Dots
- Paper Trimmer

## Project Sheet - Oct 11 2023

- Stampin' Cut & Emboss Machine

### 1. Card Cuts:

- Card Base - Cut 1 Pretty Peacock cardstock to 11" x 4-1/4", score at 5-1/2"
- Panel - Cut 1 Basic White cardstock to 5" x 3-3/4"
- Mat - Cut 1 Basic White cardstock to 5-1/4" x 4"
- Square - Cut 1 Basic White cardstock to 2-1/4" x 2-1/4"
- Strips - Cut 4 Pretty Peacock cardstock to 4-1/4" x 1/2"
- Designer Series Paper Panels - Cut 4 different patterns to 4" x 2-1/4" each
- Sentiment Label - Cut 1 Basic White cardstock to 2" x 1"
- Sentiment Label Mat - Cut 1 Pretty Peacock cardstock to 2-1/8" x 1-1/8"
- Inside Panel - Cut 1 Basic White cardstock to 5-1/4" x 4"
- Envelope Flap - Cut 1 coordinating piece of designer series paper to 6" x 2-1/4"

2. Start off with the white panel measuring 5" x 3-3/4". Locate the center point on each side of the panel, then draw a line at these center marks both vertically and horizontally. Set aside for now.
3. Use the Distressed Tile 3D Embossing Folder and emboss the 2-1/4" white square. I tried to line up the square in the embossing folder so that the pattern would be evenly distributed.
4. Turn the embossed square on point (diamond shape) and line up the points of the square to the drawn lines on the 5" x 3-3/4" panel from Step #2 above and adhere down with liquid glue. Refer to photo below. The black line represents the panel.

## Project Sheet - Oct 11 2023

5. Adhere the 1/2" Pretty Peacock cardstock strips to each side of the square you just adhered down to the panel. Work in a clockwise motion until all strips are adhered. Line up the first strip with the point on the square and butt the strip right up next to the square when adhering down. The strip will extend past the edge of the panel. Rotate the card and adhere the next strip down. Repeat until all four strips have been adhered to the panel. Use your paper snips to trim the strips even with the outer edges of the panel.
6. Adhere the designer series paper panels to each quadrant of the panel. Lay the panels down and decide on placement before adhering to the panel. The DSP panels will butt up against the Pretty Peacock strips you adhered in Step #5 above. There should be no white from the panel showing through when done.

7. Place the panel in your paper trimmer to trim the excess DSP away from the panel edges. The finished panel size should be 5" x 3-3/4" - the same as when you started. The first edge is the trickiest to trim, but once that edge is trimmed it gets easier to trim the excess paper away.
8. Adhere the trimmed panel to the white mat. Wrap a length of Silver & White Sheer Ribbon

around the center of the panel vertically and secure the ribbon ends on the back of the panel using a small amount of Stampin' Seal. Adhere the panel to the card front.

9. Die cut a greenery sprig from Pretty Peacock cardstock using the Magical Meadow Dies. Tuck the sprig under the wrapped ribbon and adhere to the white embossed square so that the sprig is angled up towards the right.

10. Stamp the sentiment "Winter Wishes" in Pretty Peacock in onto the sentiment label. Adhere the label to its Pretty Peacock mat. Adhere the sentiment label to the card front using Stampin' Dimensionals and position the label on the right side of the card front and over top of the ribbon.
11. Tie a bow with a length of the Silver & White Sheer Ribbon. Adhere the bow to the left of the sentiment label using a Mini Glue Dot.
12. On the inside panel, second generation stamp the distressed pine image onto the lower corner of the panel in Pretty Peacock ink. Adfhere the panel to the inside of the card.

13. Second generation stamp the same pine image onto the envelope front in Pretty Peacock ink.
14. Adhere the coordinating piece of designer series paper to the envelope flap and use paper snips to trim away the excess paper.
15. Adhere several Iridescent Rhinestones Basic Jewels to the card front.
