This card was created using the beautiful Dahlia Days Bundle, Heart & Home 12" x 12" Designer Series Paper and the Stylish Shapes Dies. The Dahlia Days Bundle and Heart & Home DSP will be retiring at the end of June! If you haven't purchased this bundle, you'll want to grab it before June 30, 2022! This is absolutely one of my favorite stamp sets and I'm going to be sad to see it retire!

2. Start by stamping three of the large Dahlias onto Basic White cardstock in Calypso Coral ink. Using Stampin' Blends in Poppy Parade and Calypso Coral, darken behind each flower petal in Poppy Parade, then blend with the light shade of Calypso Coral. Die cut the three flowers.
3. Stamp two sets of leaves onto Garden Green cardstock scraps using Garden Green ink, then die cut.
4. Stamp one greenery sprig onto Garden Green cardstock scrap using Garden Green ink, then die cut.
5. Stamp three small flowers onto Poppy Parade cardstock in Poppy Parade ink, then die cut.
6. While you have your inks and stamps out - stamp the large dahlia partially onto the lower right corner of the inside panel and on the lower right front of the envelope in Calypso Coral ink. Stamp leaves in Garden Green ink on either side of the dahlias you just stamped.
7. Adhere the 1-1/2" strip of Garden Green DSP to the wood grain DSP. Position the strip on the left side approximately 3/4" from the left edge of the wood grain DSP. Now adhere the DSP unit to the Garden Green mat. Adhere this unit to the card base front.
8. Stamp the greeting "sending you lots of love" onto a scrap of Basic White cardstock and die cut using a square die from the Stylish Shapes Dies. Adhere the sentiment to the upper right of the card front using Stampin' Dimensionals.
9. Using Mini Glue Dots, adhere two of the large die cut dahlias over the green DSP strip. Adhere the third large dahlia using Stampin' Dimensionals, slightly overlapping the other two flowers. Using Mini Glue Dots, adhere the leaves and greenery sprig onto the card front, tucking the ends under the dahlias.
10. Using Mini Glue dots, adhere the three small Poppy Parade flowers to the card front. I placed one towards the top and the other two at the bottom of the card front. Adhere a Rhinestone Basic Jewel to the center of each small flower.
11. Adhere the inside panel inside of the card base.
12. Using glue, adhere the coordinating piece of DSP to the envelope flap and fussy cut around the flap to finish off the envelope.

The card is complete! I just love the background of the wood grain along with the Poppy Parade, Calypso Coral and Garden Green! This card would be a great encouragement card, birthday card, friendship card, etc.
