There is something about a rich red (Cherry Cobbler), ivory (Very Vanilla) and gold that make for such a pretty Christmas card! I used the Brightest Glow Stamp Set, Twinkling Light Dies and the Lights Aglow 6" x 6" Specialty Designer Series Paper for today's card. This card has some weight to it because of the double matting so it will definitely require extra postage to mail. Let's get started.

1. Card Cuts:

- Card Base #1 - Cut 1 Cherry Cobbler cardstock to 11" x 4-1/4", score at 8-1/4" and 5-1/2"
- Card Base #2 - Cut 1 Cherry Cobbler cardstock to 10-1/2" x 3-1/4", score at 7-1/2" and 4-1/2"
- Mats for Card Base #1
 - Cut 2 Very Vanilla cardstock to 4-1/8" x 2-5/8"
 - Cut 1 Very Vanilla cardstock to 5-3/8" x 4-1/8"
- Mat for Card Base #2 - Cut 1 Very Vanilla cardstock to 4-3/8" x 3-1/8"
- DSP for Card Base #1

Cut 2 Cherry Cobbler print from the Lights Aglow Specialty DSP to 4" x 2-1/2"

Cut 1 Cherry Cobbler print from the Lights Aglow Specialty DSP to 5-1/4" x 4"

- DSP for Card Base #2 - Cut 1 Very Vanilla print from the Lights Aglow Specialty DSP to 4-1/4" x 3"
 - Panels for Card Base #2
 - Cut 1 Very Vanilla cardstock to 3-1/8" x 2-3/4"
 - Cut 1 Very Vanilla cardstock to 3-1/8" x 2-7/8"
 - Sentiment Label - Cut 1 Very Vanilla cardstock to 3" x 1/2"
 - Sentiment Label Mat - Cut 1 Cherry Cobbler DSP to 3-1/4" x 3/4"
 - Scrap of Gold Foil for die cut large snowflake
 - Envelope Flap - Cut 1 Very Vanilla DSP to 6" x 2-1/2"
2. Burnish the folds on Card Base #1 (the larger card base) with a bone folder. Adhere the DSP panels to their mats, then adhere these units to Card Base #1. Each panel on this card base has a corresponding DSP/Mat unit adhered to it.
 3. Burnish the folds on Card Base #2 with a bone folder. For the largest panel on this card base, adhere the Very Vanilla print DSP to its Very Vanilla mat then adhere this unit to the front of Card Base #2 (the largest panel on the card base).
 4. Using the sentiment "to you and yours this Christmas" from the Brightest Glow Stamp Set, stamp the sentiment in Cherry Cobbler ink. Adhere the sentiment to its DSP mat and set aside.
 5. Using the sentiment "Hoping your Christmas shines bright with the love of family & friends" from the Brightest Glow Stamp Set, stamp the sentiment on the Very Vanilla cardstock panel measuring 3-1/8" x 2-7/8" using Cherry Cobbler ink. Adhere this panel to Card Base #2 on the far-right panel. Adhere the remaining Very Vanilla panel to the center panel of Card Base #2. This center panel can be used for writing a personal message and signing the card.
 6. Die cut 1 large snowflake using the die from the Twinkling Light Dies set. Die cut the snowflake using Gold Foil Sheets. Set aside for now.
 7. Adhere Card Base #2 to Card Base #1.
 - Fully close Card Base #1 on your work surface. You will be applying glue onto the back of the back panel of Card Base #2 (the panel containing the inside sentiment). You will need to carefully slip the top panel of Card Base #2 over the top panel of Card Base #1 and center the panel of Card Base #2 so that there is equal distance from top to bottom and left right. Carefully close the card bases together and adhere the back panel of Card Base #2 to Card Base #1 while holding the front panel of Card Base #2 in its centered position. Allow glue to set before proceeding. **Please refer to photos for placement before gluing!**
 - Adhere the front panel of Card Base #2 to the front panel of Card Base #1. You will apply glue to only the left side of the front panel on Card Base #2 and adhere only to the front panel of Card Base #1. The two card bases are now adhered to each other.

8. On the front Very Vanilla panel, apply several short strips of Stampin' Seal to this panel. Using a length of Satin Edged Ribbon, form a Z shape diagonally across this panel with the ribbon, adhering the ribbon to the Stampin' Seal.
9. Cut small pieces of Stampin' Dimensionals and apply on the back of the die cut gold snowflake and adhere the snowflake onto the Very Vanilla front panel and over the ribbon.
10. Place a Stampin' Dimensional on the back of the sentiment label on the right and left. Apply a small amount of glue in the center of the sentiment label on the back. Adhere the sentiment label to the card front and position over the bottom portion of the gold snowflake.
11. Apply a Gold Adhesive-Backed Swirl embellishment to the center of the snowflake. **These embellishments will be available to customers beginning November 1!**
12. Adhere the piece of Very Vanilla DSP to the envelope flap and trim around the flap to finish off the envelope.

The card is complete! As mentioned, the richness of the Cherry Cobbler combined with the vanilla and gold makes for a very elegant and special card. I hope you'll give this card a try!

Products used to create this card are included on the next page.
