1. Card Cuts:

- Card Base - Cut 1 Petal Pink cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- DSP Panels - Cut 1 Petal Pink and Pumpkin Pie swirl print and one splatter print to 5-3/8" x 4-1/8". Note that once you cut these panels on the diagonal, you will have panels for two cards. I've only made one card here.
- Scrap of Early Espresso for punching 2-3/8" circle
- Scrap of Petal Pink cardstock for stamping, coloring and die cutting coffee cup
- Scrap of Pecan Pie for stamping and die cutting spoon
- Sentiment Label - Cut 1 Calypso Coral cardstock to 2-3/4" x 7/8"
- Inside Panel - Cut 1 Very Vanilla cardstock to 5-3/8" x 4-1/8"
- Envelope Flap - Cut 1 piece of coordinating designer series paper to 6" x 2-1/4"

2. Stack the two designer series paper panels together and use your paper trimmer to make a diagonal cut. For this diagonal cut I measures 1" down from the top right corner and 1" up from the bottom left corner. For this card, I picked the lighter print for the top of the card and the darker print for the bottom of the card. Cutting these panels together will provide panels to make two cards, but I have only made one card here using these panels. Adhere the panels to the card front using liquid glue.
3. Adhere a piece of Wavy Trim along the seam where the two panels meet, then use your scissors to trim the right and left ends of the trim so that they are flush with the edges of the DSP panels.
4. Use a 2-3/8" Circle Punch and punch out 1 circle from Early Espresso cardstock. Set aside for now.
5. Stamp the "hello there let's catch up" sentiment in Pecan Pie ink onto the sentiment label. Stamp the sentiment towards the left, then use a pair of paper snips to cut a banner end on the right side of the sentiment label. Adhere the sentiment to the card front using Stampin' Dimensionals and position the label at an angle.

6. On a scrap piece of Petal Pink cardstock, stamp the coffee cup image in Calypso Coral ink, then stamp the coffee oval image in Pecan Pie ink. Use Calypso Coral Stampin' Blends to color in the coffee cup. Use the coordinating die to cut out the image. Next, stamp the spoon image onto a scrap piece of Pecan Pie cardstock in Pecan Pie ink. Use the coordinating die to cut out the image. Adhere the coffee cup to the Early Espresso circle using Stampin' Dimensionals. Adhere the spoon towards the bottom of the cup at an angle using liquid glue. Adhere the circle and cup to the card front using Stampin' Dimensionals and position the circle so that the top left overlaps the seam on the designer series papers.
7. On the inside panel, stamp the mug image in Calypso Coral ink, then stamp the coffee fill image in Pecan Pie ink. Color the coffee cup using Calypso Coral Stampin' Blends. Adhere the panel to the inside of the card.

8. Stamp the same coffee cup image and fill image onto the envelope front and color in using Calypso Coral Stampin' Blends. Caution: Place a scrap piece of paper or cardstock inside of the envelope before coloring to prevent bleed through of the markers.
9. Adhere the coordinating piece of designer series paper to the envelope flap and use a small pair of scissors or paper snips to trim the excess paper away from the flap.
10. Adhere three Adhesive-Backed Swirl Dots to the card front to complete the card.
