1 piece measuring 1-3/4" x 1-3/4" for stamping and die cutting wreath

- Sentiment Label - Cut 1 Basic White cardstock to 2-1/2" x 1-3/4"
 - Sentiment Label Mat - Cut 1 Poppy Parade to 2-5/8" x 1-7/8"
 - Inside Panel - Cut 1 Basic White cardstock to 5-3/8" x 4-1/8"
 - Envelope Flap - Cut 1 coordinating DSP to 6" x 2-1/2"
2. Adhere the DSP Panel to the white mat, then adhere this unit to the card front.
 3. On one of the 4" x 3" white cardstock pieces and using stamps from the Window Wishes Stamp Set, stamp a snow hill across the panel using Balmy Blue ink, about 2/3 of the way down the panel. Use the snow stamp to stamp snow in Balmy Blue ink all above the snow hill. Use the single and double pine tree stamps to stamp several pine trees on the snow hill using Garden Green ink.
 4. Die cut the outside and inside window frame pieces and adhere to the panel you stamped on in Step #3 above. Place the interior frame die inside of the exterior frame die to do this. Fussy cut around the edges of the outside window frame then adhere the windowsill across the bottom of the window unit. Adhere the window unit to the card front using Stampin' Dimensionals and position the window towards the top of the card front and center from left to right.
 5. Using the wreath stamp from the Window Wishes Stamp Set, stamp in Poppy Parade ink, then die cut using the coordinating die from the Window Dies set. Use mini glue dots to adhere the wreath to the top of the window unit.
 6. Using the Framed & Festive Stamp Set, stamp the sentiment "Have yourself a Merry little Christmas" onto the sentiment label using Poppy Parade ink. Adhere the sentiment to its Poppy Parade mat, then adhere the sentiment label to the card front using a combination of glue and Stampin' Dimensionals. The sentiment label should be positioned in the lower right corner of the card front and overlapping the window across the top edge. Use Stampin' Dimensionals where the sentiment label comes in direct contact with the DSP on the card front and glue on the area that comes in contact with the window unit.
 7. On the inside panel, stamp the sentiment "from our home to yours" from the Framed & Festive Stamp Set and stamp in Poppy Parade ink. Using the pine tree from the Window Wishes Stamp Set, stamp the double pine tree image in Garden Green ink in the lower left corner of the panel. Adhere the panel to the inside of the card.

8. Stamp the same double pine tree image onto the envelope front in the lower left corner using Garden Green ink. Adhere the coordinating piece of DSP to the envelope flap and trim around the flap to finish off the envelope.
9. Tie a small bow using Black & White Gingham Ribbon and adhere the bow to the top of the wreath on the card front using a Mini Glue Dot. Although there is no other black used on this card, I thought the contrast with the red, white and green was pretty. You can always add a Garden Green ribbon if you choose.
10. Adhere multiple Red Rhinestone Basic Jewels to the wreath and one to the sentiment label to complete the card.

This card is so cheerful using the Poppy Parade designer series paper and the white window with its winter scene! I especially love the sentiments from the Framed & Festive Stamp Set!
