

# Celebrate Sunflowers Thank You Card

Project Sheet - Aug 9 2022

Carol Buckalew  
[inkybeestampers@gmail.com](mailto:inkybeestampers@gmail.com)  
<https://www.inkybeestampers.com>

I have a Fall-themed thank you card for you today using the **Celebrate Sunflowers Stamp Set** and the **Sunflowers Dies**. I love everything Fall and this card makes me so happy! Instead of a traditional bow or thread or twine loop I created a tassel for my card today and I've included instructions at the end of this project sheet on how to create the tassel...sort of some bonus content for you! Tassels are super easy to make!

## 1. Card Cuts:

- Card Base - Cut 1 Basic Black cardstock to 11" x 4-1/4", score at 5-1/2"
- Panel - Cut 1 Crushed Curry cardstock to 5-3/8" x 4-1/8"
- Black Square Panel - Cut 1 Basic Black cardstock to approximately 3-1/4" x 3-1/4" for die cutting
- Crushed Curry Mat - Cut 1 Crushed Curry cardstock to 2-7/8" x 2-7/8"
- Sentiment Label - Cut 1 Crushed Curry cardstock to approximately 3-1/2" x 1-1/4" for die cutting
- Scraps of Daffodil Delight, Cajun Craze, Soft Suede, Cherry Cobbler and Granny Apple Green for die cutting sunflower, leaves, and foliage

## Project Sheet - Aug 9 2022

- Inside Panel - Cut 1 Basic White cardstock to 5-3/8" x 4-1/8"
  - Embossed Strip for Inside Panel - Cut 1 Crushed Curry cardstock to 4-1/8" x 3/4"
2. Start by embossing the 5-3/8" x 4-1/8" Crushed Curry panel using the **Leaf Fall 3D Embossing Folder**. Once you have embossed the cardstock and using your paper trimmer, make a diagonal cut in the upper right corner of the panel. I cut at about the 1-1/4" mark at the top of the panel to approximately the 3" mark on the right side of the panel. The purpose of the diagonal cut on this panel is to reveal more of the black cardstock underneath. Adhere the Crushed Curry panel to the Basic Black card base using glue or Stampin' Seal.

3. Using the **Stylish Shapes Dies**, use the largest square die to cut a square from Basic Black cardstock. Adhere the black square to its Crushed Curry square mat.
4. Next, die cut the sunflower and sunflower center from Daffodil Delight cardstock. Use the outline die for the sunflower and the sunflower center from the **Sunflower Dies** set. Using blending brushes, blend Soft Suede ink around the edges of the sunflower center. Using Pumpkin Pie ink, lightly blend ink around the middle of the sunflower outline - just enough to give it a little color. Using small drops of liquid glue, adhere the sunflower die cut outline to the Black square. The sunflower petals will overhang the edge of the black square slightly. Use Stampin' Dimensionals to adhere the sunflower center.

<https://www.inkybeestampers.com>

5. From the Celebrate Sunflowers Stamp Set, stamp the sentiment "Thanks a bunch" in Tuxedo Black Memento ink onto a piece of Crushed Curry cardstock and use the largest banner die from the **Stylish Shapes Dies** to die cut.
6. Die cut the following from scraps:
  - Die cut two foliage pieces from the **Sunflowers Dies** - 1 in Cajun Craze and 1 in Cherry Cobbler
  - Die cut 1 leaf and 1 leaf outline in Granny Apple Green using the dies from the **Sunflowers Dies** set
  - Die cut 1 branch in Soft Suede using the die from the **Harvest Dies** set
7. Using twine from the **Baker's Twine Essentials Pack** make a tassel (see instructions at the bottom of this project sheet).
8. Dry fit all components onto the card front to determine placement before adhering. Lift the sunflower component and apply a small amount of Stampin' Seal under where the sunflower will be adhered. This Stampin' Seal will hold the tassel strings in place. You will need to also dry fit the sentiment label to make sure that the tassel does not obstruct the sentiment on the label. Once placement is determined, adhere the tassel strings to the area of Stampin' Seal.
9. Using Stampin' Dimensionals, adhere the sunflower to the upper left corner of the card front. Adhere the sentiment label to the bottom center of the card front.

<https://www.inkybeestampers.com>

10. Using liquid glue, adhere the foliage pieces, branches and leaf to the right side of the sunflower unit, tucking the ends under the sunflower unit.
11. Using the **Leaf Fall 3D Embossing Folder**, emboss the small strip of Crushed Curry cardstock and adhere this strip to the bottom of the inside panel. Adhere the inside panel to the inside of the card.
12. To finish off the card front, apply multiple amber gems from the **Leaf Label & Amber Gem Combo Pack**. These gems are beautiful! I adhered a small gem to the sentiment label, a large gem in the center of the sunflower and several other gems around the card front. These gems really pop on the black cardstock!
13. Using the small sunflower/leaf image from the **Celebrate Sunflowers Stamp Set**, stamp this image using Tuxedo Black Memento ink onto the envelope front and envelope flap. Use Stampin' Blends in Daffodil Delight, Granny Apple Green and Crumb Cake to color in the images. **Caution: When coloring the image on the envelope front be sure to place a piece of scrap paper or cardstock inside of the envelope to prevent marker bleed through.**

## Bonus Instructions - Making a Tassel from Twine:

1. Cut 8 pieces of twine at 3" long each. Match up the ends of each piece of twine as best you can, and lay them together on your work surface.
2. Cut an additional piece of twine at approximately 6" long and place this piece of twine under the grouping of 3" pieces in the center.

<https://www.inkybeestampers.com>

- Using the 6" piece of twine, tie a tight knot in the middle of the twine pieces, then fold the twine pieces down and the ends of the 6" piece of twine up. Don't worry that the bottom of the tassel is uneven. It will be trimmed later.

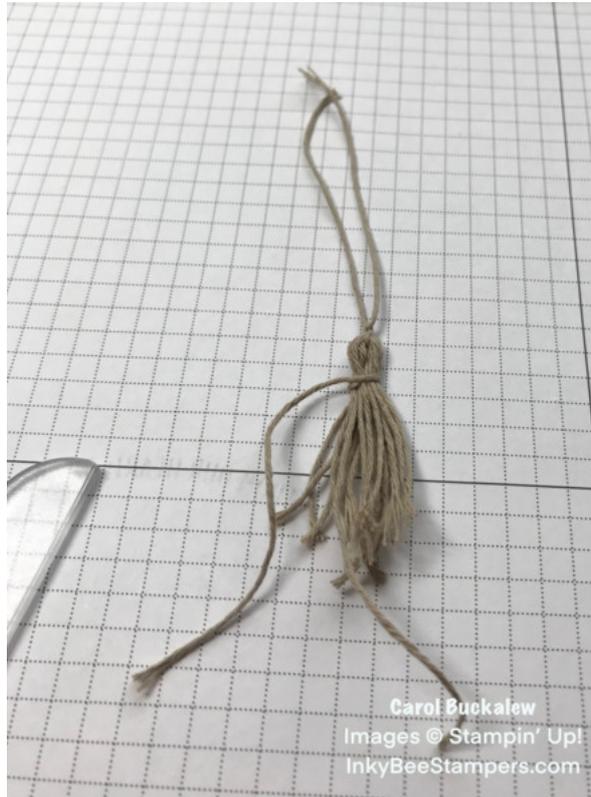

- Next, cut an additional piece of twine approximately 6" long and place this twine under the tassel unit, towards the top of the tassel. Tie a tight knot just below the knot you just tied. Pull the ends of this piece of twine down so that they become part of the tassel.

<https://www.inkybeestampers.com>

Note: The tassel I made is approximately 1-1/4" long from top to bottom. You can make a fuller tassel by adding additional pieces of twine, or a longer tassel by lengthening the pieces of twine.

This complete's today's card. I hope you enjoy making this Fall-themed card as much as I did! The texture that the Leaf Fall 3D Embossing Folder provides along with the Fall colors in this card make this card a great option for male or female and almost any occasion!

Products used to make this card are included below along with links for each products that will take you to my online store.
