- Outside & Inside Mats - Cut 2 Night of Navy cardstock to 5-1/2" x 4-1/4"
  - Outside & Inside Panels - Cut 2 Basic White cardstock to 5-1/2" x 4-1/4"
2. Die cut the following using the Deckled Rectangle Dies:
- Cut 2 Night of Navy panels using the largest rectangle die.
  - Cut 1 Basic White panel using the second from largest rectangle die.
3. Lay the Size F Clear Block on a protected work surface. Use a Pool Party Stampin' Ink Pad to ink up the surface of the stamping block with Pool Party ink. Use a Stampin' Spritzer or water bottle to lightly spray the ink on the surface of the block. Carefully pick up the block and lay it on top of one of the Basic White panels measuring 5-1/2" x 4-1/4". Allow the block to sit for a few seconds to allow the ink to absorb into the paper. It may be necessary to push down on the block to make sure it is making full contact with the cardstock. Remove the block and allow the cardstock panel to dry.

4. Use the largest floral image from the Dainty Delight Stamp Set and stamp this image onto the water colored panel from Step #3 above in Night of Navy ink. Use the second from largest die from the Deckled Rectangles Dies to cut out the image. Be sure to center the die

around the image. Adhere the water colored and stamped panel to one of the Night of Navy die cut panels. Wrap a length of Pool Party Grosgrain Ribbon around the bottom of the panel and secure the ends to the back of the panel using Stampin' Seal. Adhere this panel to the card front using Stampin' Dimensionals and center the panel on the card front from top to bottom and left to right.

5. On the second Basic White die cut panel, partially stamp the Queen Anne's Lace image two times in Pool Party ink onto the lower left corner, then clean the stamp off and stamp the image again using Night of Navy ink. Adhere this panel to the remaining Night of Navy die cut panels, then adhere this to the inside of the card.

This completes the card! The Dainty Delight Stamp Set contains beautiful wildflower images that are suitable for coloring or stamping directly onto projects as I have done here and the water-colored background adds a lot of interest.

Products used to create this project are included on the next page.
