Instructions

Please read through the instructions before beginning project.

1. Stamp the flower base using Crushed Curry Classic Stampin' Pad and use Cherry Cobbler Classic Stampin' Pad for the top layer of the flower. For the center of the flower stamp off once with Chocolate Chip Classic Stampin' Pad then stamp the center of the flower. To give a little more texture to the center I used the little dots with Chocolate Chip Classic Stampin' Pad.
2. Stamp the sentiment just below the flower, slightly overlapping. Attach the Cherry Cobbler CS to the front of the note card using Snail, then attach the flower on top using Dimensionals.
3. On the inside of the cards I stamped 2 acorns using Chocolate Chip Classic Stampin' Pad for the bottom and Crumb Cake for the tops. I stamped a second sentiment on the inside of the card to tie it all together.
4. To give these cards as a gift, put them in a Mini Pizza Box along with Whisper White 3 x 3 envelopes. Finish off the box by tying a bow around the box with Jute Twine.
