Instructions

Please read through the instructions before beginning project.

1. Stamp the shell border for the cake using Melon Mambo ink on the front of the Very Vanilla Note Card. I used the long shell border for the longer length of the card and the shorter shell border for the sides. Use a scrap piece of paper to mask off where the shells would overlap at the corners.
2. This stamp set has two-step stamps that allow you to get some good depth with the images. I stamped the roses and small flowers in Powder Pink and for the second stamp I stamped off on my grid paper before stamping on my image. I liked using three roses and two of the smaller flowers but feel free to use as many or as little of one or both of the flowers as you'd like. Repeat the two-step stamping process with the leaves. Again I stamped both the larger and smaller leaves.
3. Fussy cut the flowers and leaves. Attach the flowers to the card using Dimensionals and attach the leaves using the Mini-Glue dots. I added a small Pearl to the center of the two small flowers.
4. To give this card something a little extra special I stamped some balloons on the envelope using the same ink we used for the cake.
