Dimensions:

It's My Party DSP Stack: 4-1/2" x 6-1/2"

Instructions:

- Line up the short side of the DSP at the top of the Stampin' Trimmer. Score at 1", 2", 3", and 4".
- Fold and crease along the score lines.
- Looking at the width of the scored sections, put a strip of Tear & Tape Adhesive down the length of the shortest section. Tip: Put the tape on the side you want to be the outside design of the party popper.
- Next, take your Envelope Punch Board and line up the longest side of the DSP, with the wide scored section, at the top. Put the end to the 1-1/2" mark and punch.
- Flip the paper to the back side and punch again at the 1-1/2" mark.
- Then fold the section you just punched over to the next section and punch that one on both sides at the 1-1/2" mark.
- Repeat this process, keeping it so there is only one section folded onto one other at any time.
- After all sections have been punched, remove the Tear & Tape Adhesive backing and seal the popper closed.
- Looking at one end, fold in the sides. Rotate the end and do the same so the pieces that were just creased are now the top & bottom. This will create a nice dramatic opening.

- Repeat on the other end of the popper.
- Tie off the ends with your choice of twine from the Baker's Twine Combo Pack.
- Die Cut a greeting in Basic Black Cardstock and adhere to the popper with the 2-Way Glue Pen.
- Finish off the party popper with some It's My Party Enamel Dots in the color(s) of your choice.

Alternate Size Party Popper:

It's My Party DSP Stack: 4" x 6". Score at 7/8", 1-3/4", 2-5/8", and 3-1/2". Punch on the Envelope Punch Board at 1".
