### Cardstock Required

**Base Card** - 8 1/4" x 6 1/4" (scored at 1 3/8" on all four sides) **Insert Card** - 7 5/8" x 3 3/8" (scored at 3 1/2", 4 5/8" and 5 3/4") **Box Lid** - 5 1/4" x 7 1/4" (scored at 3/4" on all four sides)

- Taking your 8 1/4" x 6 1/4" piece of cardstock, score it at 1 3/8" on all four sides. Fold on all score lines and snip into the score lines on opposite sides, cutting out a tiny notch, to create corner tabs that you'll use to assemble the box base.
- Taking your 7 5/8" x 3 3/8" piece of cardstock for the internal sectioning, score at 3 1/2", 4 5/8" and 5 3/4". Fold on all score lines, making the middle score line a mountain peak. You can add adhesive to the inside edges of this centre section and when happy that it fits into your box base, add adhesive to the underside.
- Taking your 5 1/4" x 7 1/4" piece of cardstock, score it on all four sides at 3/4" and like with the box base, snip into the score lines on opposite sides, cutting out a notch to form corner tabs that you'll adhere to create the sides of your box lid.

Now comes the fun bit. You can now decorate your box as you wish. The internal sections are big enough to take 3" x 3" Notecards and envelopes and 2" wide Gift Tags. Enjoy!
