5. Mark the middle of both ends at 1 1/2".

6. Cut at an angle from the mark at one end to the 6th score line. Cut the other side from the mark at the other end to the 7th score line. \*Pay attention if the DSP has a top/bottom. You want the cuts to be at the bottom.
7. Fold, starting with the center- fold towards the middle, then go back and forth accordion style. Do the same for the other side.
