1. Cut Misty Moonlight cardstock base 8 1/2" x 5 1/2". Score at 4 1/4" and 7 1/4". Fold the card in half, then fold the front flap back toward the card front.
2. Cut One Horse Open Sleigh DSP (Designer Series Paper) 6" (wide) x 5 1/4" (high).
3. Cut it in three sections. Left 2 1/4"; Middle 1 5/8"; Right 2 1/8".

4. Cut Basic White cardstock 5 1/4" x 1 3/4". Stamp sentiment on white before gluing. If you make a mistake, you can turn it over :-)
5. Start at the right side of the card. Glue down Basic White piece on the right, allowing 1/8" margins along the side, top, & bottom.
6. Next, glue down the RIGHT DSP Panel, positioning so that you have 1/8" space between the Basic White piece and also 1/8" from the score line to the left of it.

7. Glue the MIDDLE DSP Panel, again allowing 1/8" margins from score line & top & bottom.

8. **PAY ATTENTION TO THIS PART!** You're going to glue the LEFT DSP Panel to the front flap that's been turned back. So you **place your glue on the front flap**, put your DSP on top of it so that the left side of the DSP is the part glued down (no glue on the right side of this DSP Panel!). **Shut the card so that you make sure the DSP is covering your Basic White piece!** Now you can press on it to get it glued down. *Tip: I'd use Tombo Glue so that you have a few seconds to move the DSP around before it dries.

9 That's basically it! Now just add a cute stamp & embellishment! I used Nested Essentials Dies to cut the rectangle for the sentiment and a contrasting color rectangle behind. All supplies listed on the next page. You can use different pages from the DSP and your cards will all look different! Can't wait to see what you make!
