Instructions

Floral Images:

1. Rub the embossing buddy over the entire surface of the strip of Whisper White Cardstock.
2. Using Versamark ink stamp the following images along the strip of paper, largest flower (1), flower with pointed petals (2), smallest flower (1), leaf sprig (1), buds (1). Be sure to leave a little space around each one so coloring does not overlap.
3. Sprinkle with clear heat embossing powder and emboss with heat tool.
4. Using sponges, color the images with ink. In the example, the largest flower and smallest flower are colored with Daper Denim, the flowers with pointed petals are colored with Pool Party, and the leaves and buds are colored with Lemon Lime Twist.
5. Using paper snips, fussy cut the images. Note that the images also coordinate with the May Flowers framelits, however, I chose to fussy cut so the edges of the images would be white.
6. Use a slightly damp paper towel or baby wipe to remove any ink on the embossing.

Card Assembly:

1. With the 8 1/2" side along the top of your Simply Scored board, score the card base at 2", 3

1/8", 5 3/8", and 6 1/2":

2. Use your favorite Stampin' Up! adhesive to adhere your DSP to your mats:

3. Fold on score lines in Valley, Mountain, Mountain, Valley Order.
4. Adhere the large square mat to the center panel of the card base using Stampin' Dimensionals. To help with centering, the mat should be placed 1" from the top with approximately 5/8" of overhang on each side of the center panel.
5. Next, adhere the leaf to the lower left corner of the large square mat. It should hang over the corner, but make sure that it does not come down lower than the card base. Here is a close up photo for reference.

6. Now place the flowers with pointed petals on either side of the leaf sprig, one under the leaves and one over. Pop one up on dimensionals, the other should be adhered under the leaves directly on the large square mat. See photo of example for reference.
7. Place Stampin Dimensionals on the back side of the small mat and center over the large mat.
8. Place largest flower over lower left corner of small mat and pop it up on dimensionals.
9. Tuck the buds to the upper left of the large flower and adhere to large square mat.
10. Tuck smallest flower under large flower to the lower right. Place it slightly over flower with pointy petals and glue it to the large square mat.
11. Cut the end of strip of Soft Sky cardstock at an angle. Use this as a guide to cut the ends of the vellum and glimmer strips.
12. Stamp a small sentiment in Daper Denim ink on the strip of Soft Sky strip. Layer in this order, Soft Sky strip, green Glimmer slightly lower, and Vellum. Here is a photo for reference.
