2. Lay the *#5 circle die* (with the smallest being #1) from the Layering Circles Framelits Dies onto the center of the lid, and run it through the Big Shot using the following sandwich: (beginning from the bottom) Big Shot Platform with thin die adapter, Standard Cutting Pad, box, die, and Standard Cutting Pad. Put Tear & Tape Adhesive along all four edges of the Window Sheet piece. Remove the paper-backing from the adhesive, and attach the Window Sheet onto the center of the lid section, on the inside (shiny side) of the box. This will turn the opening just made into a "window".
3. Die-cut a scallop circle out of the "scallop frame" DSP piece using the *second, largest scallop circle die*. Die-cut a circle out of the middle of the scallop circle die-cut using the *#5 circle die*. Attach the scallop circle frame around the window of the box (on DSP side of lid).
4. Punch a cat out of the Basic Gray piece using the Cat Punch. Stamp the *eyes/nose stamp* from the Spooky Cat Stamp Set onto the cat's face using the Tuxedo Black Memento Pad. Wrap the Vintage Crochet Trim around the cat's neck, and attach the ends to the back of the cat's neck. Attach a *medium-sized rhinestone* from the Black Rhinestone Jewels to the bottom, center of the crochet trim. Attach a *small rhinestone* underneath the medium-sized one. Attach the cat to the bottom, left corner of the box lid using Stampin' Dimensionals (see first picture).
5. Stamp the *"Eat at your own risk" stamp* onto a scrap piece of Whisper White cardstock using the Memento Pad. Die-cut it out with the *smallest circle die*. Die-cut a scallop circle out of a scrap piece of Cajun Craze Cardstock using the *second, smallest scallop circle die*. Attach the greeting circle onto the center of the scallop circle, and attach it to the top, right corner of the box using Stampin' Dimensionals (see first picture).
6. Fold the box along it's score lines to put it together.
