[Click here for the video tutorial](#)

Measurements:

- Night of Navy 5-1/2" x 8-1/2" card bases (3 pieces)
- Very Vanilla 3-7/8 x 5-1/8" for the layer under the DSP (3 pieces)
- Shining Brightly Specialty Designer Series Paper (DSP) , 3 pieces 3-3/4" x 5" coordinating patterns, stacked together for cutting
- Shining Brightly Specialty Designer Series Paper (DSP) 3 pieces 1 x 3-3/4 to decorate the inside of the card
- Very Vanilla 4 x 5-1/4 for the inside of the cards (3 pieces)
- Gold Foil Sheets 5 x 5 to die cut stars, 1 piece
- Very Vanilla 1-1/2 x 3-1/4 to die cut label, 3 pieces

Instructions: Stack the three pieces of Designer Series Paper together. We will be cutting all three pieces at the same time to create three angled pieces of each pattern. Lay the stack of DSP into the Paper Trimmer. Put the point of the upper left corner at the 3/4" mark to the left of the cutting channel. Place the point of the bottom corner to the right of the cutting channel on the 1/2" mark. Cut and set aside the triangle piece.

Rotate the remaining piece and cut it in two parts, the measurements don't really matter for this piece. Separate the parts and shuffle them until you are able to piece together three sets with one of each pattern in each set.

Starting with the large long triangle piece, adhere it to the right side of the 3-7/8" x 5-1/8" piece of Very Vanilla so that you have an even border at the top, right side, and bottom. Now adhere the other two pieces leaving an even border of the same width. Overlap the pieces in the center as needed to create an even border.

Lay the die with the three stars in the Stars At Night 3D embossing folder with the cutting edge up and the flat edge nested in the part of the folder that matches the die and has the Stampin' Up! logo. Lay the 5" x 5" piece of Gold Foil paper shiny side down over the stars. Close the folder and send it through the Stampin' Cut & Emboss Machine with this sandwich: Platform 1, Embossing folder with die and gold foil, Plate 4 (gray). Remove the cut and embossed stars. Take three of the small star dies and place them on matching embossed piece of gold. Die cut the three small stars using Platform 1, Thin Die Adapter 2, Cutting Plate 3, the gold embossed piece with the three small dies on it, and another Cutting Plate 3 on top. Stamp "Wishing you the..." from the Stars At Night stamp set in Night of Navy ink on each of the three 1-1/2" x 3-1/4" Very Vanilla pieces. Die cut each greeting with the arches label die in the Stars At Night set of dies.

Adhere the greeting to the front of each card with Dimensionals. Adhere the three large stars to the front of each card. Adhere the small stars to the center of each of the large stars with a Mini Dimensional. Place a gold sequin from the Pastel Adhesive-Backed Sequins in the center of each small die cut star. Stamp "Merry Christmas" in Night of Navy ink on the three 2" x 5-1/4" pieces of Very Vanilla. Stamp the small spray of stars above the greeting in Night of Navy ink. Adhere this piece inside the card. Adhere the 1" x 3-3/4" piece of DSP across the bottom of the inside piece. Adhere the 1" x 3-1/4" piece of DSP at the bottom.

Alternate version: Make up the same card set with the Very Vanilla pattern in the card pack.
