## Directions:

1. Die cut the Basic Black Layer using the forest die cut from the Grove Dies.

**Tip:** Use the Dryer Sheet Technique to die cut to make removal of the little pieces easier.

### Dryer Sheet Technique:

- Lay down a dryer sheet folded in half on top of a cutting plate.
- Next place your cardstock down over the dryer sheet.
- Then lay down the die cut on top of the cardstock.
- End with the second cutting plate on top and run through your die cutting machine.
- Gently peel away the paper from the dryer sheet. The wax from the dryer sheet will hold the little pieces in place and pull them from your die cut.

2. Use your Blending Brush to apply Starry Sky Ink to the top 2/3 of the Basic White piece.

3. Use your Blending Brush to apply Fresh Freesia to the bottom 1/3 of the Basic White piece overlapping with the Starry Sky a bit to create a shadow effect.

4. Lay your blended background on to your Stamparatus and lay the black forest die cut directly over it.

5. Lay the stamp with the 3 trick or treaters from the Scary Cute Stamp Set over the open space in the forest and flip the Stamparatus plate over to secure the stamp in place.

6. Use Tuxedo Black Memento Ink to stamp the trick or treaters on to the blended background.

**Note:** You will likely have to re-ink and re-stamp a couple of times to get the image fully inked up.

7. Apply Multipurpose Liquid Glue to the back of the black forest die cut and adhere to the top of the blended piece, then adhere to the Fresh Freesia layer and adhere to your card base.

10. Die cut the sentiment with the banner die cut from the Scary Silhouettes Dies then trim the left edge with your Paper Trimmer.
