Details:

- Basic Black Card Base: 5-1/2" x 8-1/2"
- Basic Black Embossed Layer: 4-1/4" x 5-1/2"
- Basic White Stamped Layer: 3"x 5-1/2"

Instructions:

1. Insert the Stamparatus Deluxe Foam Mat on the Stamparatus so that you can see the grid lines.
2. Line the Basic White Layer up on the Stamparatus Deluxe Foam Mat so that there is a 1" border on the top and left side of the Basic White Layer. Secure the Basic White Layer in place with your Stamparatus Magnets.

Safety Note: Be careful not to put the Stamparatus Magnets close together. They are VERY strong and if they are close together they will pull themselves toward each other with extreme force and may break, or even worse, pinch your skin if you end up between them. Please be careful!

3. Line the brushstroke stamp from the Season of Chic Stamp Set so that the bottom half of the stamp is covering the top section of the Basic White Layer and the stamp is centered between the left and right edge of the Basic White Layer. Flip the Stamparatus Plate over on the stamp to secure it in place on the plate.

4. Place your stamp set under the Stamparatus Plate so that you have a level surface to ink up your stamp.

5. Ink up the stamp in Bermuda Bay, flip the plate over to stamp on the Basic White Layer, then clean your stamp with a baby wipe.

6. Pull the Stamparatus Plate straight up out of the Stamparatus spine and move the plate down one hinge. Repeat the step above using a different color this time.

7. Repeat the stamping process, alternating ink colors, until you have stamped the entire length of the Basic White Layer.

8. Run the Basic Black Layer through the Gingham Embossing Folder in your Stampin' Cut & Emboss Machine. The sandwich for a standard embossing folder is Plate #1 + Plate #3 + Embossing Folder + Plate #3.

9. Adhere the Basic Black Embossed Layer to the front of the card. It will be the same size as the card front.

10. Stamp the sentiment from the Season of Chic Stamp Set on the Basic White Layer that you stamped and sprinkle with the Black Embossing Powder from the Basics Embossing Powder pack. Set with your Heat Tool.

11. Adhere the Basic White Layer to your card front over the Gingham Embossed Layer as shown.

12. Take the brush end of the Dark Polished Pink Stampin' Blends Marker and color the Rhinestone Basic Jewels to match the color on the card front. Since these are alcohol based markers they will dry very quickly, in about 30 seconds.

13. Use your Take Your Pick tool to adhere the rhinestones as shown and your card is done!
