## **Make Your Box:**

1. Take a 6" x 6" piece of Pumpkin Pie Cardstock and score 1/2" inward on the left, right and top side of the cardstock.
2. Take the top side that you scored and place it so that it is on your left side. Now score at 1 1/4", 3 1/4" and 4".
3. Take your Bone Folder and fold and burnish all score lines.
4. There are two tiny boxes that will need to be cut off. You will also cut each line up to the first score line at a diagonal. See picture below for reference.

5. Take the 1/2" flap that is shown on the left side in this picture and glue the bottom side. Fold over and lay the largest piece that is on the right side (as in the picture above) and lay that flat on the shorter flap. (see picture below)

6. Now use your Multipurpose Glue Adhesive to glue the ends of one side together and let dry.

## **Cut Your Decorative Pieces:**

1. Take the book piece of the Monster Bash Designer Series Paper and cut a 1 1/4" x 4 3/4" piece. Set aside.
2. Ink up the "Eat, Drink and Be Scary" sentiment from the Spooktacular Bash Stamp Set and stamp on a scrap piece of Whisper White Cardstock. Use a die cut machine to cut the sentiment with a frame from the Ornate Frames Dies.
3. Cut the smaller curly frame from the Ornate Frames Dies using a piece of the Copper Foil Sheets.
4. Take the Dark Pumpkin Pie Stampin Blends Marker and use the tip to slightly color the edge of the Whisper White sentiment piece.
5. Use your Snail Adhesive to adhere the sentiment to the Copper Foil frame.

## **Complete Assembly:**

1. Now that your box is dry, insert a Nutty Buddy Bar into the box and use your Multipurpose Glue Adhesive to glue down the other end.
2. Adhere the box paper from the Monster Bash DSP to the front of the box using your Snail Adhesive.
3. Place 2 Stampin' Dimensionals on the back of your Copper Foil frame and center it on the front of your box.
4. Cut a 25 1/2" piece of the Basic Black Scalloped Edge Ribbon.
5. Center the ribbon along the edges of the box. Use a Mini Glue dot to hold the ribbon in place on the bottom of the box. Do the same for each side of the box as well.
6. Tie the ribbon in a bow at the top of the box and then snip the excess off at an angle.

Voila! Easy peasy right?!
