## Measurements:

- Daffodil Delight:  
5-1/2" x 8-1/2"  
score @ 1/2" and 4-1/2"
- Pool Party:  
3-3/4" x 5-1/4"
- Shimmery White:  
1-1/2" x 3-3/4"  
for the cloud border at the bottom
- Basic White:  
3/4" x 3"  
slider mechanism  
3-7/8" x 5"  
inside with sentiment

## Instructions:

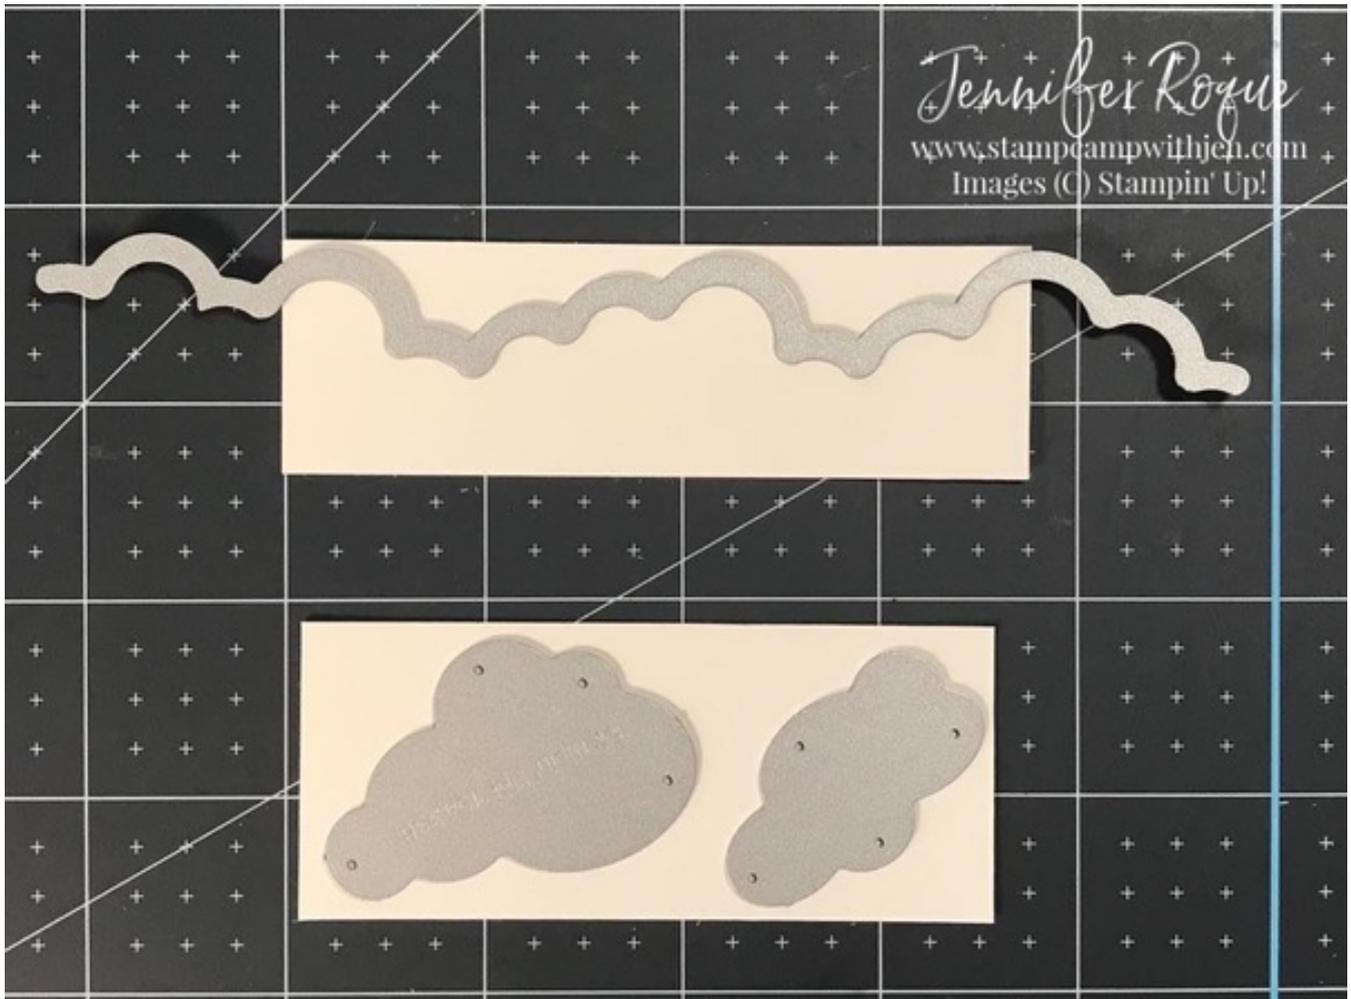

1. Die cut 2 clouds from the Give It A Whirl Dies from a scrap piece of Shimmery White Cardstock.
2. Die cut the stitched cloud border from the Basic Borders Dies using the 1-1/2" x 3-3/4" Shimmery White Cardstock piece.

**Tip:** Be sure to line it up like the picture below because you need the dip in the clouds to line up with where the slider track opening will be so the slider doesn't get caught on the cloud border.

3. Adhere the clouds to the left side of the Pool Party Layer as shown and adhere the cloud border onto the bottom edge of the Pool Party Layer.

**Tip:** Do not adhere the cloud too close to the top edge because you are going to have to punch out a half moon shape to grab your slider piece.

4. Stamp the sentiment from the Sharing Sunshine Stamp Set in Tuxedo Black Memento Ink on to the cloud border.
5. Adhere the Pool Party Layer to the Daffodil Delight Card Base as shown then set aside while you make your sun. Make sure that the 1/2" scored section of the Daffodil Delight Card Base is on the right side when you adhere the Pool Party Layer to the card base. See picture above for reference.
6. Stamp the sun in Daffodil Delight Ink onto Daffodil Delight Cardstock. Stamp the face in Tuxedo Black Memento Ink and the cheeks in Polished Pink Ink.
7. If you stamped a circular sun then punch the sun out using a 2" Circle Punch. If you stamped a starburst shaped sun you will need to fussy cut (aka "hand cut") your sun.

8. Turn your Daffodil Delight card base upside down so that the 1/2" section is on your left side and line up the card base on your Paper Trimmer at the 1-3/4" mark. Line your cutting blade up on the 1" mark of the cutting track and then press on to your card base. See photo below for reference.

9. Cut down to the 4-1/2" mark on the cutting track and run the blade back and forth between the 1" mark and the 4-1/2" mark to make sure that you cut through both pieces of cardstock.

10. Take your 3-7/8" x 5" Basic White Layer and stamp the "Happy Birthday" sentiment from the Sharing Sunshine Stamp Set in Polished Pink Ink. Stamp the sentiment about 1-1/2" from the top edge of the paper. You don't want the sentiment to peek through the opening we are going to make later.

11. Insert the 3/4" x 3" Basic White Slider Mechanism in the cut mark that you made in the card base. Insert the slider very far in to the cut mark and adhere a Stampin' Dimensional to the right edge of the slider piece.

12. Fold the 1/2" tab of the Daffodil Delight card base back, remove the Stampin' Dimensional backing and adhere the sun to the Stampin' Dimensional being careful not to let the sun come out over the right card edge.

13. Take a 1-1/2" Circle Punch and punch out a half moon shape on the top edge of the card base.

14. Flip the card over and apply Tear & Tape to the back of the slider piece. Make sure the slider is straight from left to right before you adhere anything so that your sun isn't crooked later.

15. Line up the 3-7/8" x 5" Basic White Layer (with the sentiment face down) with the top edge of the card, remove the Tear & Tape backing and adhere the Basic White Layer to the Tear & Tape on the Slider Mechanism.

**Tip:** Make sure the Basic White Layer is in between the score lines before you adhere it to the Tear & Tape otherwise it won't slide properly.

16. Use a strip of Tear & Tape on the 1/2" section and close your card up.

17. Take a pencil and make a mark close to the bottom edge of the circle opening and punch a hole for you to thread your Polished Pink or White Glitter Organdy Ribbon through.

**Tip:** Be sure not to punch the hole too close to the top edge of the paper or you might tear the hole when you thread your ribbon through it.

18. Fold the ribbon in half and thread from the front to the back of the card. Insert your fingers from the back of the loop and pull the ribbon ends through the loop. Pull one end of ribbon at a time to tighten the ribbon to ensure you don't rip the hole in the paper.

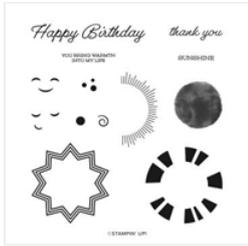

19. Use your Take Your Pick Tool too adhere some Iridescent Rhinestone Basic Jewels to look like raindrops and your card is done!
