Description of Amendment:

a. This is to incorporate the following:

Section A – Answers to Questions

The following questions were received after the due date for questions. The questions and answers are submitted by this amendment to provide information to all prospective suppliers. The questions are numbered and in bold type, and the answers are numbered in red type.

Question #1 – Have you had a chance to review the question I sent you earlier today? I realize this question comes after the 2/24/16 deadline to submit questions. however under E.5. Key Action Dates, it states that deadlines are approximate and may be adjusted without addendum to the RFP.

Answer #1 – It actually states all deadlines are approximate after the proposal submission deadline which would be 3.16.16 the response due date. However all questions will be responded to within reason in writing, by amendment prior to the response due date.

Question #1 – Section G under Customer References states that each reference be valued at \$1,000,000.00 minimum. None of our references totals that amount. Does this mean our Proposal will be considered non-responsive?

Answer #1 –See Amendment One – which changed the Customer Reference from a Mandatory Requirement to a Desirable Scored Criteria.

Question #1 - In Exhibit 6.2, are vendors supposed to send the references to be completed prior to submission?

Answer #1 – See Section G.1 Administrative Requirements Response, Customer References; “Supplier must then submit the completed exhibit with the Proposal”.
