1. Scope

This addendum covers the purchase of public safety communication equipment and is for use by state agencies and other entities located in the Participating State/Entity authorized by that state's statutes to utilize state/entity contracts with the prior approval of the state's chief procurement official.

Contractor has been awarded the following categories:

2. Participation

Use of specific NASPO ValuePoint cooperative contracts by agencies, political subdivisions and other entities (including cooperatives) authorized by an individual state's statutes to use state/entity contracts are subject to the prior approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the State Chief Procurement Official.

3. Participating State Modifications or Additions to Master Agreement

3.1. Term

The initial term of this agreement is two years, effective July 1, 2016 ending June 30, 2018. This agreement may be extended for additional term(s) not to exceed six (6) years or June 30, 2022.

3.2. Management fee

Contractor will pay a management fee of 0.74 percent to DES on all state contract sales. The management fee must be rolled into the contractor's current pricing, and not shown as a separate line item on an invoice.

DES may increase, reduce or eliminate the management fee, and reserves the right to negotiate contract pricing with the contractor when adjustment of the management fee might justify an increase in pricing. Written notifications of the management fee by DES become effective for new purchases or new change orders to existing purchases 30 calendar days after notification unless DES grants additional time.

The state reserves the right to audit, or have a designated third party audit, applicable records to ensure that the state has been properly invoiced and all management fees have

been paid. Failure to accurately report total net sales, to submit a timely usage report, or remit timely payment of the management fee, may be cause for contract termination, the charging of interest or penalties, or the exercise of other remedies provided by law.

The management fee does not include or supersede fee terms owed to other entities such as the National Association of State Procurement Officials (NASPO) or governmental entities other than the state of Washington.

Management fee payment must reference the contract number, work request number (if applicable), the year and quarter for which the management fee is being remitted, and the contractor's name as it is known to DES, if not already included on the face of the check. All payments are sent to:

Washington State Department of Enterprise Services
Finance Department
1500 Jefferson St. S.E.
PO Box 41460
Olympia, WA 98504-1460

3.3. Contract usage report

The management fee will be based on total contract usage (sales), which must be reported quarterly by the contractor in the Contract Sales Reporting System. DES will provide a login password and a vendor number.

For each report, contractor must identify every purchaser who has made purchases during the reporting period. The "Miscellaneous" option may be used only with prior approval by DES, and use of this option without prior approval by DES may be cause for contract termination. Refer sales reporting questions to the Contract Administrator.

Due date: Reports must be submitted electronically within 30 days after the end of the calendar quarter: no later than April 30, July 31, October 31 and January 31.

Failure to provide reports in accordance with the schedule above may be cause for contract termination.

3.4. Other required term contract reports

DES may require the contractor to provide a detailed annual contract sales history report. This report, if requested, will include at a minimum, but is not limited to: product description, part number or other product identifier, per unit quantities sold, and contract price. This report must be provided to DES in an electronic format that can be read by MS Excel. Contractor shall maintain compliance with these requirements throughout the life of this contract.

However, in cases of extraordinary emergency such as danger to life or property, the hours of work may be extended but in such cases the rate of pay for time employed in excess of the above shall be at the prevailing overtime rate of pay. Except, contracts will not require the payment of overtime rates for the first two hours worked in excess of eight (8) hours per day when the employer has obtained the employee's agreement (as defined in WAC [296-127-022](#)) to work a four-day, ten-hour work week.
