Administration, Division of General Services for the calculated amount equal to 1.5% of all contract sales for the quarterly period.

The contractor must include the PA Number on the check. Checks submitted to the state without the PA Number will be returned to the contractor for the required information.

Juneau, AK 99811-0210
ATTN: Purchasing Section

If the contractor wishes to submit the administrative fee due via Electronic Funds Transfer (EFT), contact the Purchasing Entity contact for instructions.

The administrative fee may be included as a 1.5% adjustment to the contractor's Master Agreement pricing. For example, if the Master Agreement price is \$10,000, then the contractor shall adjust the contract price by 1.5% to \$10,150 and the administrative fee due to the state shall be \$150.

This is the method that must be used to calculate the Master Agreement pricing for the all ordering agencies within the Participating State and the administrative fees due. Under no circumstances may the contractor invoice or charge the administrative fee to an ordering agency or identify the fee on an ordering agency's invoice.

Administrative fee checks are due for each quarter as follows:

<u>Reporting Period</u>	<u>Due Date</u>
State Fiscal Quarter 1 (Jul 1 - Sept 30):	Oct 31
State Fiscal Quarter 2 (Oct 1 - Dec 31):	Jan 31
State Fiscal Quarter 3 (Jan 1 - Mar 31):	Apr 30
State Fiscal Quarter 4 (Apr 1 - Jun 30):	Jul 31

Any quarter with zero sales must be reported as zero sales. This may be done electronically via email to the State of Alaska contact listed in this PA or their successor(s).

b) Usage Reports

The contractor must provide a quarterly volume report to the Participating Entity contact (or their successors). The report must provide information which allows the state to determine the amount of savings being realized under the contract by both state agencies

and political subdivisions and to verify the administrative fee payments align with the reported contract spend.

c) Freight Policy

Master Agreement pricing includes all shipping and delivery costs for deliveries to the Port of Seattle, WA. All shipping and delivery costs from this location to the final destination must be a pass-through charge. The contractor must pre-pay these costs and charge back those actual costs to the ordering agency.

All emergency or rush deliveries that require special shipping and delivery will also be at the ordering agency's expense as a pass-through charge. These types of deliveries must be approved by an ordering agency prior to shipment.

All shipping and delivery costs shall be added to an invoice as a separate line item.

5. Subcontractors: All contactors, dealers, and resellers authorized in the State of Alaska as shown on the dedicated Contractor (cooperative contract) website, are approved to provide sales and service support to participants in the NASPO ValuePoint Master Agreement. The contractor's dealer participation will be in accordance with the terms and conditions set forth in the aforementioned Master Agreement.
6. Orders: Any order placed by an authorized user in the Participating State for a product and/or service available from this Master Agreement shall be deemed to be a sale under (and governed by the prices and other terms and conditions) of the Master Agreement unless the parties to the order agree in writing that another contract or agreement applies to such order.
