Ms. Ronda Miller, Purchasing Officer II  
State of Nevada, Purchasing Division  
515 E. Musser St., Rm 300  
Carson City, NV 89701

**Re: NASPO ValuePoint Master Agreement for Security & Fire Protection Services (RFP 3407)**

Dear Ms. Miller:

SDI Presence LLC (SDI) is pleased to submit our Proposal for a NASPO ValuePoint Master Agreement for Security & Fire Protection Services. SDI is submitting our Proposal in the following categories to be performed in the **State of South Carolina**:

**Category 1:** Access Control Systems

**Category 3:** Surveillance Services & Equipment

**Category 7:** Fire Alarm/Protective Signaling Systems

**About SDI**

For over 20 years, the SDI Team has provided mission-critical electronic security and fire alarm systems and services to the South-Atlantic Region. SDI is a licensed Fire and Burglar Alarm Company in South Carolina and is certified with the National Minority Supplier Development Council (NMSDC) as a provider in IT and Security Solutions.

SDI understands the complex and critical nature of today's advanced fire and security systems. From designing a comprehensive yet cost-effective system, to our low-risk deployments and systems integration, to responsive support services; the SDI Team offers turnkey professional technology services with an unmatched commitment to safety and security systems performance and customer satisfaction.

SDI is committed to maintaining a constant presence for our customers and their fire and security technology environments. **SDI's Charleston, South Carolina office is home to the firm's Center of Excellence for Integrated Security Technology.** Our locally-based, dedicated team stands ready to address the unique requirements of high-demand fire and security systems. Leading

---

***The SDI Team Offers Unparalleled Advantages to South Carolina Organizations***

- Higher Levels of Responsiveness at a Competitive, Lower Cost
  - Local Team - SDI has a proven track-record of delivering superb services to SC Organizations
  - SDI's Charleston, South Carolina office is home to the firm's Center of Excellence for Integrated Security Technology
  - SDI has Outstanding Credentials and Demonstrated Past Performance in overseeing mission-critical security systems infrastructure throughout the State from Design through Commissioning
  - Deep, certified bench with senior resources distributed throughout South Carolina
  - Ability to provide on-site resources as needed
  - Our direct point of contact and field support are available 24x7
  - Extensive list of security systems vendor partnerships
  - Proven ability to manage multiple teams with diverse skill sets to achieve project success
  - Proven technical approach and project management track-record via SDI's iterative, phased implementation approach
  - Unparalleled executive attention / Governance
  - Strong financial stability of SDI
-

South-Atlantic organizations – from state and local governments to airports to commercial real estate portfolios to banks – trust SDI to deliver the higher levels of security and technology performance that South Carolina organizations demand.

**Category Services**

**Category 1: Access Control**

SDI has extensive knowledge and experience that includes design, installation, programming, commissioning, operating and maintaining access control systems that range from a single door to large enterprise systems that include several hundred doors, vehicle and pedestrian gates and turnstiles throughout multiple facilities.

**Category 3: Surveillance Services & Equipment**

SDI designs, installs and maintains all aspects of analog and digital IP based video surveillance solutions consisting of storage and management servers; network switching/infrastructure; and a wide array of video cameras with the capabilities required to meet any surveillance situation.

**Category 7: Fire Alarm/Protective Signaling Systems**

SDI’s Charleston, SC office maintains a dedicated Fire Alarm/Protective Hazard Signaling Systems design, installation, and maintenance Team. This Team includes seasoned professionals with over 15 years of Fire Alarm experience and NICET 3 certification.

**SDI’s Experience**

The experience matrix below is a representative sample of SDI’s diverse client base, which conveys our depth of experience and expertise in each of the categories that we are submitting our Qualifications.

**Category 1:** Access Control Systems

**Category 3:** Surveillance Services & Equipment

**Category 7:** Fire Alarm/Protective Signaling Systems

**SDI Experience Matrix**

Name of Client/Location	Years of Service	Cat 1	Cat 3	Cat 7
South Carolina Department of Administration	4	•	•	
South Carolina Department of Employment and Workforce	4	•	•	
South Carolina Lottery Commission	6	•	•	
Greenville/Spartanburg International Airport, SC	7	•	•	
Columbia Convention Center, SC	5	•	•

Palmetto Commercial Properties, SC	7			•

## Customer Service

SDI's South Carolina office normal hours of operation are 8:00AM - 5:00PM EST, Monday - Friday. Additionally, our Field Technicians are available 24x7 on-call as needed for emergency situations.

### ***Problem Identification/Resolution***

The SDI Team uses BlueFolder as our primary work order system. BlueFolder allows customers to open tickets directly in the customer portal, and all information related to that ticket is readily available to both customers and service technicians. BlueFolder's streamlined interface makes it a snap to track each work order and assignment. A customizable database structure stores critical data like customer, service location, contact person, work to be done, due dates, schedules, assignments, priority, custom fields and more. All fields are also searchable allowing quick access during customer calls.

## Our Pledge to You

**Urgency. Energy. Bottom-line results.** It's what makes SDI different from other technology providers, and it is what South Carolina participating agencies can expect from SDI. We are where you need us! We have the resources and national presence to be capable of servicing numerous participating agencies. We stand ready to support these agencies with the best, qualified, and dedicated partner to design, implement and support their Security & Fire Protection servicing needs. On their behalf, SDI will accept nothing less than complete success!

SDI appreciates this opportunity to present our Qualifications to the State of Nevada for the South Carolina **NASPO ValuePoint Master Agreement for Security & Fire Protection Services**. Please do not hesitate to contact Todd Smith, SC Operations General Manager: Direct: 843-554-7622, ext. 101, Mobile: 843-810-0012, and [todd.smith@sdipresence.com](mailto:todd.smith@sdipresence.com).

Sincerely,

A handwritten signature in black ink, appearing to read 'DA Gupta'.

David A. Gupta, CEO  
SDI Presence LLC

# AMENDMENTS

SUBJECT: Amendment 1 to Request for Proposal 3407  
RFP TITLE: Security & Fire Protection Services  
DATE OF AMENDMENT: April 11, 2017  
DATE OF RFP RELEASE: March 22, 2017  
OPENING DATE: May 23, 2017  
OPENING TIME: 2:00 PM  
CONTACT: Ronda Miller, Purchasing Officer II

---

The following shall be a part of RFP **3407**. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

---

### **Additional T&C's:**

Washington State

Washington T&Cs.pdf

### **Additional Intent to Participate States:**

Utah  
Virginia  
Washington

### **Questions and answers:**

1. All questions relate to the State of Maine:
  - a. What are the buildings that are included in this?  
  
*Refer to Section 1.6 Participating States of the RFP, this information will be provided by Maine during the Participating Addendum process.*
  - b. What are the systems that are in place at these buildings?

***Refer to Section 1.6 Participating States of the RFP, this information will be provided by Maine during the Participating Addendum process.***

2. The cost sheets provided appear to account only for labor services. Where are we to include software and hardware product pricing?

***Materials mark-up.***

3. On page 16, Section 30. Defaults and Remedies. "Liquidated Damages as provided in the Master Agreement" is referenced in subsections b and c as a possible remedy. However, there is no liquidated damages provision in the terms and conditions. We should ask:

Will there be liquidated damages? If so how much?

***This will be negotiated between each Participating Entity and the awarded vendor.***

4. On page 17, Section 33. Indemnification (a). Will NASPO allow a revision to this section to add a negligence standard to "acts, errors, or omissions of the Contractor"? Please see below for the full revision.
  - a. The Contractor shall defend, indemnify and hold harmless NASPO, NASPO Cooperative Purchasing Organization LLC (doing business as NASPO ValuePoint), Participating Entities, and Purchasing Entities, along with their officers, agents, and employees as well as any person or entity for which they may be liable, from and against third-party claims, damages or causes of action including reasonable attorneys' fees and related costs for any death, injury, or damage to tangible property arising from the negligent act(s), error(s), or omission(s) of the Contractor, its employees or subcontractors or volunteers, at any tier, relating to the performance under the Master Agreement."

***Refer to Section 2.14 of the RFP.***

5. Can we Bid for some of the services within a Category or must we Bid for all services with a Category?

***Vendors may not submit for less than one entire category. Refer to Attachment B ~ Scope of Work of the RFP.***

6. Regarding Monitoring. Is Category 9 (Inspections and Monitoring) intended to be for fire alarms only? Category 9 includes "alarm monitoring," but there is no specification regarding what type of alarm is to be monitored.

***Specific requirements of Inspections and Monitoring will be provided by the Purchasing Entity.***

7. Regarding Monitoring. Other than Category 9, the only category that references monitoring is Category 2 (Burglar Alarms). Are monitoring services allowed under Category 1 (Access Control Systems), Category 3 (Surveillance Services & Equipment) and Category 8 (High Security Control Systems)?

***There will be no third party monitoring services allowed.***

8. Regarding Monitoring. Is third party monitoring allowed? In other words, may a Contractor, on a pass-through basis, contract with a Purchasing Entity for monitoring services to be performed by a third party? Third party monitoring necessitates a separate contract that would specifically govern the monitoring services, and would have its own terms and conditions separate from the NASPO ValuePoint Master Agreement Terms and Conditions. Procedurally, a purchase order for services would include the separate contract for the monitoring. If allowed at all, is it allowed specifically for Categories 1, 2, 3 and 8?

***Refer to question 7 of this amendment.***

9. Regarding Hosted Services. Are hosted services allowed? Category 3 (Surveillance Services & Equipment) uses the phrase “cloud-based and video surveillance systems, services and equipment.” Is this intended to reference a hosted solution? Would this specifically be for Category 3 only, or would this also be allowed under Category 1 (Access Control Systems), Category 2 (Burglar Alarm Systems) and Category 8 (High Security Control Systems)?

***No.***

10. Regarding Hosted Services. Is third party hosting allowed? In other words, may a Contractor, on a pass-through basis, contract with a Purchasing Entity for hosted services (such as access control and video monitoring) to be performed by a third party? Third party hosting necessitates a separate contract that would specifically govern the hosted services, and would have its own terms and conditions separate from the NASPO ValuePoint Master Agreement Terms and Conditions. Procedurally, a purchase order for services would include the separate contract for the hosted services. If allowed at all, is it allowed specifically for Categories 1, 2, 3 and 8?

***No.***

11. Regarding Service Response. Categories 1, 2, 3 and 8 require an on-site visit within 4 hours, including weekends and holidays. Can you explain how this will work? No business hours have been specified yet. Is this 4 hour requirement during the Contractor’s business hours only? What if the Contractor does not have business hours on a holiday?

***This will be negotiated between each Participating or Purchasing Entity and the awarded vendor.***

12. Regarding Service Response. Per the language in the document, an on-site response is required in every instance. Is the intent that an on-site response is only required when a telephonic or remote response will not resolve the issue?

***An onsite response is required in every instance if a telephonic or remote response does not resolve the issue. This will be negotiated between each Purchasing Entity and the awarded vendor.***

13. Regarding Service Response. Can the 4 hour on-site visit requirement be modified? In certain Participating States, due to distance and weather, 4 hours is not always going to be possible.

***Refer to question 11 of this amendment.***

14. Regarding Bonds. When payment and performance bonds are required (either by applicable statute or at the request of the Purchasing Entity), is the Contractor allowed to charge an administrative fee so long as it is clearly set forth in the purchase order?

**No. All fees must be included in vendors submitted cost proposal.**

15. Regarding Section Reference. Section 4.4.1a contains references to Section 4.5.1 and 4.5.1b. Neither of these sections exist. Can you confirm that these references should be 4.4.1 and 4.4.1b respectively?

**Correct. Section should read 4.4.1 and 4.1.1b.**

16. Regarding Section Reference. Section 4.4.1b contains a reference to Section 4.1.5b. This section does not exist. Can you confirm that this reference should be 4.4.1b?

**Correct. Section should read 4.1.1b.**

17. Per Attachment C - Cost per category, we have the following question:

All categories call for maintenance and monitoring to be priced by a unit of monthly cost. Maintenance agreements for access control and surveillance systems are typically priced as a percentage of the project on an ongoing annual basis. Can we add a unit price as a percentage of the proposed system?

**Attachment C ~ Cost Revised. Proposing vendors must use the attached updated cost sheet.**

Cost updated for  
Amendment 1.xlsx

18. The Washington State website posted its Participating Addendum, but I still do not see it posted here or embedded within the solicitation. Will it be incorporated to the solicitation as an amendment?

**Refer to additional Intent to Participate States listed above.**

19. Can you please confirm an actual scope of work for the RFP? I find categorical descriptions but I do not find any actual desired specific scope of work. Is this just supposed to be a time and materials proposal for labor charges and material markups only?

**Attachment B of the RFP.**

20. Is there any requirement for prevailing wage payments as required on federally subsidized contracts subject to the Davis Bacon Act?

**Refer to Attachment A of the RFP.**

21. If I am only interested in doing business in the State of Oklahoma, do I still need to register to do business in Nevada through the on-line Nevada purchasing website?

**No.**

22. Solicitation Section 4.2.c requires the use of JAGGAER for posting either a hosted or punch out catalog. However section 5 Attachment C only has a single cell for "Materials percentage mark-up".

Question: Are the bidders to provide a comprehensive catalog as part of our response? A single cell for materials percentage mark-up is not adequate when an offeror is proposing multiple product lines. Please advise.

***Specifics of catalogs will be established with each awarded vendor.***

23. Would it be possible to see the Fire Alarm Systems Inspection Reports from the current vendor providing this service in South Carolina for the last two years inspections?

***This information is not available.***

24. Attachment E states, "This document must be submitted in Tab V of vendor's technical proposal." However, Section 2.11.2 Part I A - Technical Proposal places Attachment E in Section III - State Documents. Please confirm that the correct location of Attachment E is in Section III.

***Attachment E should be submitted in Section III ~ State Documents.***

25. Attachment B, Scope of Work, Section A, the second and third bullet refers to quotes having both lease and purchase options. Is an option to lease equipment a requirement for all scope categories? If so, do lease terms and rates required to be provided as part of vendor's response to this RFP?

***This will be addressed with each Participating Entity.***

26. Attachment C, Cost, each category tab requires "Costs for Maintenance and Monitoring" per month. What is intended to be included in line item? How is a vendor to know the size of the system being monitored or maintained? What is the scope of the "monitoring" being priced for categories 1, 3, 7 and 8?

***Refer to question 17 of this amendment.***

27. Is the intent of this agreement to replace the existing security agreement expiring around October?

***Yes.***

28. Can we bid an adjoining state if we can meet the required response time?

***Vendors must propose any and all States they intend to provide services to.***

29. Are the states listed in the RFP the only participating states at this time? For example I did not see Washington listed, however I believe they currently participate under the existing security agreement

*Yes; however, states have the option to participate any time once Master Agreements are executed. Refer to Additional Intent to Participate States listed above.*

30. Are licenses and certifications needed for all participating states in order to comply with the terms of the solicitation?

*If awarded, vendor must have all required licenses and/or certifications in place prior to providing any services.*

31. To clarify, will we be able to add subcontractors during the course of this contract or do all subcontractors need to be provided at this time? Is there any threshold where subcontractors do not need to be included or reported, i.e. less than a certain dollar amount or percentage of work?

*Yes, you will be able to add subcontractor(s) with prior approval per the requirements of the Participating State. Primary contractor is responsible for reporting all sales/services done by any subcontractor.*

32. Please clarify if only resumes of key personnel are required or are resumes of all personnel that would work on this contract required?

*Only key personnel.*

33. Will federal contracts be considered relevant past performance for the purposes of a reference?

*Yes.*

34. Will federal contracts such as the GSA schedules be considered relevant for the purposes of experience in Usage Fee and Reporting Plan?

*No.*

35. If awarded contract is it required that the company holds licenses and certifications on all services (Fire Alarm, Fire Sprinkler, Fire Extinguishers...etc.). Or can some of the services be subcontracted out?

*Refer to question 31 of this amendment.*

**ALL ELSE REMAINS THE SAME FOR RFP 3407.**

*Vendor must sign and return this amendment with proposal submitted.*

Vendor Name: SDI Presence LLC  
Authorized Signature:   
Title: Chief Executive Officer Date: 5-19-2017

This document must be submitted in the "State Documents" section/tab of vendors' technical proposal.

SUBJECT: Amendment 2 to Request for Proposal 3407  
RFP TITLE: Security & Fire Protection Services  
DATE OF AMENDMENT: April 25, 2017  
DATE OF RFP RELEASE: March 22, 2017  
OPENING DATE: May 23, 2017  
OPENING TIME: 2:00 PM  
CONTACT: Ronda Miller, Purchasing Officer II

---

The following shall be a part of RFP **3407**. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

---

1. Our company (Firetrol Protection Systems) is currently on the State contract in Oklahoma for Fire alarm, sprinkler and other life safety systems. We currently pay the State of Oklahoma 0.50% on all sales that are performed using the State contract. Under the NASPO RFQ it states an administrative fee of 0.25% to be paid by the contractor on all sales done through this contract. Our question is, will we be paying both of these fees if this contract is approved for the State of Oklahoma?

***Both NASPO ValuePoint and any Participating States admin fees will need to be paid by the contractor.***

2. Are the properties located in Nevada or each prospective state?

***Per Section 1 this solicitation, this is a multiple state solicitation; therefore, properties will be located in various States.***

3. South Carolina is listed in paragraph 1.6 as a participating state, however there is no attachment for South Carolina in Attachment J: Additional Participating States T & C's. Does South Carolina have any additional T & C's?

***Yes, T's and C's will be provided in the Participating Addenda negotiated with each vendor.***

4. Are taxes required to be included in the Material Percent Mark-up amount on the pricing template for vendors submitting pricing for work in South Carolina?

***Taxes should not be included in the markup amount as some States are tax exempt.***

5. If taxes are required to be included in the Material Percent Mark-up amount on the pricing template for vendors submitting for work in South Carolina, what tax rate should be used since sales tax percentages differ by county in South Carolina?

***Refer to question 4 of this amendment.***

6. What vendor staff positions are considered “Key Personnel”?

***The individual(s) who is/are the primary point of contact and is responsible for the performance of this contract.***

7. Please confirm that the Material Percent Mark-up amount on the pricing template must include all freight, profit, overhead, warranty, and potential bonding fees associated with material purchases?

***Yes.***

8. Will other non-labor costs such as travel, equipment rentals, and permits be marked up using the same percentage as the Material Percent Mark-up proposed by the vendor?

***Each Participating Entity will negotiate any travel costs. All cost associated (including material markup) to include shipping, configuration, kitting, processing, reporting, warehousing, ValuePoint and Participating Entity fees.***

9. The pricing template does not specify rates for different labor categories. Is it allowable for the vendor to propose different rates for specific labor categories (for examples: Field Technician, Physical Security Technician, Project Manager, Engineer)?

***Hourly rate for normal and after hours should be the hourly rate for a Field Technician. Other labor categories and rates should be included under other miscellaneous labor services on the cost sheet.***

10. In Amendment 1, the answer to question 7 states “There will be no third party monitoring services allowed.” Please clarify whether that pertains to Category 2 (Burglar Alarms) and Category 9 (Inspections & Monitoring). It is standard industry practice for Burglar and Fire Alarm Systems to be monitored by a third party, is the intent that all monitoring must be accomplished by a monitoring call center that is owned/operated directly by the vendor?

***No. In any category that requires services by a third party vendor, they will be considered a subcontractor; therefore, the primary contractor will be held responsible for any and all issues that may arise from the use of a third party and primary contractor will assume all responsibility/liability for the third party vendor.***

11. In the proposal is the section of application certifications/licenses, does that include technician certifications and business licenses? Does it also include any disadvantaged business enterprise certifications?

***Vendor must state that all technicians are certified and/or licensed; certifications may be required for each Participating State.***

***Disadvantaged certifications are not necessary within vendor’s response.***

12. Under the service category 2 Burglar Alarm Systems, can the 24-hour (UL) station be provided by a company of which we are a Value Added Reseller? Our company often provides monitoring services through a value added reseller agreement to resell monitoring services to customers locally.

***Refer to question 10 of this amendment.***

13. Does the statement pertaining to 4.2 NASPO Statement of Compliance, 4.2a Insurance, 4.2b NASPO ValuePoint Administrative Fee and Reporting Requirements, 4.2.c NASPO ValuePoint eMarket Center all go in section 2?

***Yes.***

14. Does 4.3 Participating State Terms and Conditions go in section 3?

***Per Section 1.6 of the RFP, Other State terms and conditions are being provided as a courtesy to proposers to indicate which additional terms and conditions may be incorporated into the state Participating Addendum after award of the Master Agreement. The Lead State will not address questions or concerns or negotiate other States' terms and conditions. The Participating States shall negotiate these terms and conditions directly with the supplier.***

15. Does 4.4.1 Offeror Profile, 4.4.1a Subcontractor Information, 4.4.1b Business References, 4.4.1c Vendor Staff Resumes, 4.4.2 Customer Service, 4.4.4 Promotion, 4.4.5 Usage fee go in Section V - Section 4 - Company Background and References?

***Yes.***

16. Section 4.2.a Insurance says "describe your insurance or plans to obtain insurance satisfying the requirements in Section 21". Where is section 21? What are the insurance requirements?

***Attachment A ~ NASPO ValuePoint Master Agreement Terms and Conditions.***

17. The Business Reference Response to Reference Questionnaire has a deadline of September 8, 2014. What is the date these forms needs to be sent in by?

***Please use updated form attached.***

RFP 3407 Attachment  
G References for Ame

18. Do we have to include all of our vendor parts and the MSRP pricing in the proposal?

***No.***

19. In addition to extending our current state relationships, we are also looking to add four additional states to this contract. What is the process for adding new states to the contract?

***This is a new solicitation to replace the current contracts.***

20. There are some sections of the RFP that are vague as to what section or tab that the response should be placed in. Does Section 2.15 Certification of Non-Debarment go in ‘Section VI- Other Informational Material’?

*Yes.*

21. Are resumes for key personnel or all proposed staff?

*Refer to question 6 of this amendment.*

22. The resume template asks for a minimum of 3 references – are they required?

*Yes.*

23. Is paragraph 4.4.3 ‘Scope of Work’ to be addressed in ‘Section VI – Other Informational Material’ as well as ‘Section IV- Section 3 – Scope of Work’?

*This information should be under Section IV ~ Scope of Work.*

24. Is all of section 4 of the RFP to be answered in Part IA - ‘Section V– Section 4 – Company Background and References’ of the Technical Proposal?

*Refer to questions 13 and 15 of this amendment.*

25. How do we add a monthly cost for Maintenance and monitoring without knowing the actual cost or configuration for a particular installation?

*Refer to question 17 of amendment 1 and revised cost sheet. Vendors may express cost as a percentage of the total system cost.*

26. In the cost proposal, how does the vendor proposed prices include freight, delivery and travel expense, when the scope or location of the effort is unknown?

*Refer to question 8 of this amendment.*

27. Is material percentage mark-up a requirement on the vendor cost form?

*Yes.*

28. Is it the State’s intent to penalize the Vendor 25% decrease in the Vendor price for an incorrect invoice submitted in favor of the Vendor vs allowing the Vendor to correct the invoice and there is no penalty for incorrect invoice in favor of the State?

*Vendors are allowed to correct invoice without penalty.*

29. My question is in regards to Attachment A: NASPO ValuePoint Master Terms and Conditions section General Provisions 21.b.5 Network Security (Cyber) and Privacy Liability.

Could this insurance requirement be waived or made conditional based on Participating States, their insurance requirements or the work being performed? The nature of some of the proposed

work does not always include programming or installing anything on an End User's Network which would make this requirement detrimental to potential respondents.

*Vendors awarded Master Agreements must have required insurance. Amounts and/or other coverage may be negotiated within each State's Participating Addendum.*

**ALL ELSE REMAINS THE SAME FOR RFP 3407.**

*Vendor must sign and return this amendment with proposal submitted.*

Vendor Name: SDI Presence LLC  
Authorized Signature:   
Title: Chief Executive Officer Date: 5/19/2017

This document must be submitted in the "State Documents" section/tab of vendors' technical proposal.

# ATTACHMENT E

## ATTACHMENT E – CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked “confidential” in their entirety, or those in which a significant portion of the submitted proposal is marked “confidential” **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a “trade secret” as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors’ technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFP, vendors are requested to submit confidential information in separate binders marked “**Part I B Confidential Technical**” and “**Part III Confidential Financial**”.

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in *Section 2 “ACRONYMS/DEFINITIONS.”*

*Please initial the appropriate response in the boxes below and provide the justification for confidential status.*

Part IB – Confidential Technical Information			
YES		NO	X
Justification for Confidential Status			

A Public Records CD or Flash Drive has been included for the Technical and Cost Proposal			
YES	X	NO (See note below)	
<i>Note: By marking “NO” for Public Record CD or Flash Drive included, you are authorizing the State to use the “Master CD or Flash Drive” for Public Records requests.</i>			

Part III – Confidential Financial Information			
YES	X	NO	
Justification for Confidential Status			
SDI Presence LLC is not a publicly traded company and considers this confidential information.

I have read, understand and agree to comply with **all** the terms and conditions specified in this Request for Proposal.

YES        X        I agree to comply with the terms and conditions specified in this RFP.

NO                      I do not agree to comply with the terms and conditions specified in this RFP.

If the exception and/or assumption require a change in the terms in any section of the RFP, the contract, or any incorporated documents, vendors **must** provide the specific language that is being proposed in the tables below. If vendors do not specify in detail any exceptions and/or assumptions at time of proposal submission, the State will not consider any additional exceptions and/or assumptions during negotiations. The State will not accept any exceptions to the cost sheet.

**ASSUMPTION SUMMARY FORM**

ASSUMPTION #	RFP SECTION NUMBER	RFP PAGE NUMBER	ASSUMPTION (Complete detail regarding assumptions must be identified)

This document must be submitted in Tab V of vendor's technical proposal

## ATTACHMENT F

## ATTACHMENT F – VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFP are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFP. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFP, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

## LETTER OF AUTHORIZATION

**Re: SDI Presence LLC**

To Whom It May Concern:

This is to hereby confirm and certify SDI Presence LLC as an authorized Dealer for Pelco's Video Security Systems for the above listed project. Pelco by Schneider Electric would provide necessary supports to SDI Presence LLC whenever that becomes necessary, in accordance with our standard customer support practices.

Pelco, Inc. by Schneider Electric is a world leader in the design, development and manufacture of next-generation video and security systems. Renowned for product innovation and technological advancement, Pelco systems are trusted to protect the world's most treasured landmarks, watch over our cities and secure the businesses that drive our world's economy. From the design and development of cutting-edge HD Video Management and Camera Systems to the industry's most complete array of IP, Hybrid and Analog technologies, Pelco systems have and continue to set the benchmark for video security excellence.

With a long and prestigious history of offering high-quality, innovative products and exceptional customer service, Pelco by Schneider Electric has become the most sought-after supplier in the video security industry. Founded in 1957 and headquartered in Clovis, California, Pelco continues its never-ending pursuit of 100% customer satisfaction.

Since 2007, Pelco has been part of [Schneider Electric](#), a global specialist in energy and security management. Coming together as one, Pelco and Schneider Electric offer a unique ability to provide customers with an unmatched combination of solutions for infrastructure and security.

INDUSTRY TYPE	541512
EFFECT DATE	01-Jun-2016

Letter ID: L0001525488

TRADE NAME AND MAILING ADDRESS

THIS LICENSE IS VALID FOR ABOVE LOCATION ONLY. CHANGE OF LOCATION OR OWNERSHIP REQUIRES NEW LICENSE.

EACH PLACE OF BUSINESS MUST BE LICENSED SEPARATELY

File # 100306839      SID # 4012785

This retail license is issued pursuant to Article 5, Chapter 36, Title 12, Code of Laws of South Carolina, 1976, as amended. The retail license is valid so long as the person to whom it is issued continues in the same business at the same location as shown on license, unless revoked by the Department of Revenue for cause. It is presumed that a retailer is not continuing in the same business and must surrender the retail sales license if the retailer has no retail sales for twenty-four consecutive months. To allow the license to remain valid, the retailer may submit an affidavit to the department swearing that the business is continuing. If the business is closed, moved or sold, the licensee must complete the questions listed below and return this license to the SC Department of Revenue, PO Box 125, Columbia, SC 29214.

IF THERE ARE ANY QUESTIONS REGARDING THIS LICENSE, CONTACT THIS DIVISION AT (803) 896-1350

**OUT OF BUSINESS OR CHANGE OF OWNERSHIP (Also complete C-278)**

DATE OF CLOSING OR SALE \_\_\_\_\_

NEW FIRM NAME \_\_\_\_\_

NEW OWNER'S NAME OR NAMES \_\_\_\_\_

**CHANGE OF ADDRESS AND/OR TRADE NAME (Also complete SC-8822)**

IF BUSINESS LOCATION CHANGES, RETURN THIS LICENSE AND COMPLETE CHANGE OF ADDRESS/BUSINESS LOCATION FORM ST-8822.  
IF BUSINESS IS MOVED OR THE TRADE NAME IS CHANGED, GIVE THE:

NEW TRADE NAME \_\_\_\_\_ DATE BUSINESS MOVED \_\_\_\_\_

NEW LOCATION ADDRESS \_\_\_\_\_ BUSINESS MUNICIPAL LIMITS \_\_\_\_\_

MAILING ADDRESS \_\_\_\_\_ NEW TELEPHONE NUMBER \_\_\_\_\_

**INSTRUCTIONS**

This is your new license. Please fold on the above perf marks and display in a conspicuous place.

If you have any questions concerning this license, please call the SC Department of Revenue (803) 896-1350.

If the business is closed, moved, or sold, please complete the form above and return it with the original license to:

South Carolina Department of Revenue

## SECTION V – SECTION 4

***Ugevkqp 'X'/'Ugevkqp '6'/'Eqo rcp{'Dcemi tqwpf'cpf'Tghgt gpegu'}***

Vendors must place their written response(s) in bold/italics immediately following the applicable RFP question, statement and/or section. This section must also include the requested information in Subcontractor Information, if applicable.

***608'' O cpf cvqt {'O loko wo 'Cf o loko cvkxg'Rt qr qucn'Tgs wkt go gpwu'}***

This section contains the minimum requirements that must be met in order to be considered for the evaluation phase. All of the items described in this section are non-negotiable. All Offerors must state willingness and demonstrate ability to satisfy these requirements in the proposal submitted for consideration.

## 2.11.2 - PART I A – TECHNICAL PROPOSAL

- c. Offerors shall identify the method in which usage fees will be distributed to NASPO ValuePoint and applicable Participating States.

*SDI Presence has a history of reporting under similar standards through the GSA. Tracking of opportunities, sales receipts, purchases, and payment were performed at the lowest level so reporting and payment would be easy. SDI added fields to in Salesforce to capture a GSA opportunity when it was first identified. The same will be done for NASPO ValuePoint opportunities. In addition, SDI built workflows around these types of opportunities so Accounting and Operations would be aware when projects with special reporting requirements entered the process and needed to be matched in the back-office systems.*

- d. Offerors shall identify the method in which up to date information will be provided to NASPO ValuePoint and the Lead State Contract Administrator.

*The key to accurate reporting is the tagging of an opportunity and subsequently, a project in SDI's back-office systems. Once it has been identified as a NASPO projects, all hours worked, materials purchase, and other costs will be accounted for at the project level. Accounting will run an existing report after month-end close to report costs for NASPO projects. This report will be exported to Excel where Operations can submit it in any format required. Calculation of usage fee and payment will also occur when the report is submitted.*

*Note: Because SDI's accounting system requires a monthly close, on-demand reporting is only valid through the previous month-end close.*

## SECTION VI

*Section VI. Other Informational Material*

Vendors must include any other applicable reference material in this section clearly cross referenced with the proposal.

**2.15 Certification of Non-Debarment**

Disclosure of any significant prior or ongoing contract failures, contract breaches, civil or criminal litigation in which the vendor has been alleged to be liable or held liable in a matter involving a contract with the State of Nevada or any other governmental entity. Any pending claim or litigation occurring within the past six (6) years which may adversely affect the vendor’s ability to perform or fulfill its obligations if a contract is awarded as a result of this RFP must also be disclosed.

Does any of the above apply to your company?

Yes		No	X
-----	--	----	---

*SDI Presence LLC certifies that neither SDI nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (Master Agreement) by any governmental department or agency.*

## KEY PERSONNEL RESUMES

## PROPOSED STAFF RESUME FOR RFP 3407

*A resume must be completed for all proposed prime contractor staff and proposed subcontractor staff.*

<b>Company Name Submitting Proposal:</b>	<b>SDI Presence LLC</b>
--	-------------------------

*Check the appropriate box as to whether the proposed individual is prime contractor staff or subcontractor staff.*

<b>Contractor:</b>	<b>x</b>	<b>Subcontractor:</b>	
--------------------	----------	-----------------------	--

*The following information requested pertains to the individual being proposed for this project.*

<b>Name:</b>	<b>Todd Smith</b>	<b>Key Personnel: (Yes/No)</b>	<b>yes</b>
<b>Individual's Title:</b>	<b>General Manager, SDI Eastern Operations</b>		
<b># of Years in Classification:</b>	<b>22</b>	<b># of Years with Firm:</b>	<b>2</b>

### BRIEF SUMMARY OF PROFESSIONAL EXPERIENCE

*Information should include a brief summary of the proposed individual's professional experience.*

- Highly skilled in establishing rapport and building long-term client relationships. Excellent problem-resolution skills; adept at assessing needs, communicating value and facilitating improvement through innovative solutions.
- Detail oriented, organized and an experienced leader and team builder with the proven ability to execute on-time and on-budget delivery of project requirements.
- Program Manager with demonstrated talents in managing complex programs from proposal through closeout.
- Proficient in business tools and application for using cost, schedule and risk metrics during project execution to support successful business decisions and senior level reporting.

### RELEVANT EXPERIENCE

*Information required should include: timeframe, company name, company location, position title held during the term of the contract/project and details of contract/project.*

**SDI Presence LLC (SDI), Charleston, SC (Mar 2015 – Present)**

#### **General Manager, Eastern Operations**

- Leads all aspects of SDI's eastern operations, with direct responsibility for personnel management, client relationships, sales, engineering, project execution, and profit/loss for operations in Virginia, Tennessee, North Carolina, South Carolina, Georgia and Florida.
- Leads SDI's Center for Security Excellence
- Chapter Chairman, ASIS Greater Charleston Chapter, 2016-2017

## **U.S. Navy Reserve, Captain, Civil Engineer Corps (Sept 2001 - Present)**

- Provides technical support to Engineering/Logistics Directorate (J44) of the US Pacific Command; including executive level planning and briefings.
- Led all aspects of operations, training and readiness of a mobile construction battalion consisting of 584 enlisted and 17 officers conducting contingency construction worldwide. Directly responsible for the proper maintenance, utilization and accountability for all assigned equipment to include communications/networking suites, electronic key material (EKMS), weapons and construction equipment.
- Directed 62 utility specialists in establishing all site infrastructures including electrical power, communications network, galley, berthing and sanitary facilities for a 360-man camp within 48 hours during a two-week field exercise in North Carolina.
- Managed a five-person contracting office, executing 27 complex re-construction projects in western Iraq, overcoming constant communication and cultural obstacles. Projects included new primary schools in the six Iraqi cities; a hospital facility; security facilities including police stations and border outpost stations along the Iraqi border with Syria, Jordan and Saudi Arabia; and utility (electrical/communication) system upgrades. Provided regular briefings to executive level government and flag level military officials regarding project and budget execution status.
- Performed as the primary warranted Acquisition Contracting Officer responsible for developing, soliciting and awarding construction projects up to \$5 Million in value in the western Al Anbar Province of Iraq.

## **DRS Technical Services, Inc., Charleston, SC (Nov 2011 – Feb 2015)**

### ***Program Manager***

- Program Manager for Joint Explosive Ordnance Disposal (JEOD) Very Small Aperture Terminal (VSAT) program; lead a team of 18 subject matter experts in the area of network and systems administration, RF infrastructure, and information assurance in support of maintenance, troubleshooting, repair, and training for over 200 terminals VSAT on three operational networks.
- Program Manager for the U.S. Army Child Youth Services (CYS) Video Surveillance Systems (VSS) program; lead a team of two project managers and 13 security technicians responsible for design, procurement, installation and sustainment of over 15,000 closed circuit television (CCTV) cameras in 287 Army child care facilities at 57 U.S. Army Garrison's both within and outside the continental United States.
- Project startup manager for the Army's Integrated Base Defense Security System (IBDSS) program; an \$8M dollar consolidated security maintenance program that provides preventive, corrective and emergency maintenance for over 50 Army garrisons throughout CONUS.
- Develops cost and schedule performance metrics, baselines and systems for measuring and reporting progress against the established project goals.
- Develops, tracks and updates integrated master schedules using MS Project, ensuring all tasks and key milestones are met within project schedule requirements.
- Directly responsible for establishing project budgets, tracking project costs and providing estimates to complete (EAC) to senior management and key customer stakeholders.
- Directly interfaces with customer representatives to establish program priorities, manage program risks and execute program improvement initiatives.

## **BAE Systems, Inc., Charleston, SC (Aug 2008 – Nov 2011)**

### ***Program/Operations Manager***

- Lead five Project Managers and 30+ project staff in the design, procurement, integration and installation of access control and intrusion detection systems, CCTV, and mass notification systems.
- Program Manager responsible for a \$95M fixed price contract to provide automated access control for U.S. Army facilities, including all aspects of financial and schedule performance.
- Oversaw the performance of three project managers executing the design, installation and sustainment of electronic security systems including access control, intrusion detection, CCTV, and perimeter sensors at Camp Lemonier, Djibouti, Africa.
- Directly interfaced with program customers, end users and sponsors to coordinate activities, provide program status and insure the customer's program objectives are understood and met.
- Conducted monthly internal business reviews with executive level management; providing analysis of profit and loss, program growth, risk analysis and long range program planning within the corporate strategic framework.
- Proactively managed program workforce by recruiting and developing program staff; including advertising, interviewing, compensation planning and career development.
- Effectively managed the development, quality, configuration management and on time delivery of all program deliverables.

### ***Project Manager (Jul 2005 - Jul 2008)***

- Managed all aspects of multiple projects involving the design, installation and sustainment of complex electronic systems worldwide for both U.S. Navy and U.S. Marine Corps customers.
- Successful projects included installation and sustainment of a mass notification system on two airfields in Iraq, complete security and access control upgrade of the Navy Central Command Headquarters in Bahrain, perimeter sensors at the Charleston Navy Nuclear Power Training Unit and installation of mass notification systems on 8 separate U.S. Marine Corps bases.
- Developed Task order cost proposals and managed project execution on time and within budget.
- Provided regular project status reports including project schedules and financial analysis.

## **Consultant, Resolution Management Consultants, Inc., Mount Pleasant, SC (Aug 2001 - Jun 2005)**

### ***Consultant***

- Provided program management support during the planning and execution of large construction projects including the installation of state of the art networking, communications and security systems infrastructure.
- Created innovative solutions and business processes for controlling project costs and schedules using earned value measurement and critical path method scheduling techniques.
- Implemented processes for measuring production performance and produced accurate cost and schedule performance reports to maximize project status visibility.
- Rigorously analyzed construction disputes involving loss of productivity, constructability, and design errors and omissions, using CPM scheduling techniques to quantify schedule delay/acceleration impacts.
- U.S. Navy Civil Engineer Corps Officer, Active Duty (May 1994 - Aug 2001)

- Assistant Resident Officer in Charge of Construction, managed 14 construction contracts simultaneously ranging in value from \$100,000 to \$40 Million, including waterfront marine construction, networking and communications infrastructure upgrades, harbor dredging, residential renovation, and mechanical/electrical utility upgrades.
- Evaluated CPM Schedules for multi-million-dollar construction projects using Primavera SureTrak and MS Project to determine progress status and ensure completion within the contractual requirements.
- Managed the funding, estimating, pricing and negotiation of contractual modifications.
- Ensured job site safety, quality assurance and compliance with labor regulations on multi-trade construction sites.
- Supervised 3 junior engineering officers and 57 technicians performing preventive and corrective maintenance on a marine gas turbine propulsion plant, electronic controls, interior communications and auxiliary equipment. Awarded an achievement medal from the Secretary of the Navy for exceptional leadership, management ability and implementation of innovative maintenance solutions.
- Organized, trained and supervised 21 radar, sonar and electronic warfare operators and technicians to maintain and operate integrated shipboard sensors, communications and tactical network system equipment to maximize tactical information exchange for effective air defense, undersea warfare, anti-surface warfare and electronic warfare and counter-measures.

#### **EDUCATION**

*Information required should include: institution name, city, state, degree and/or Achievement and date completed/received.*

- \* Masters of Business Administration - Citadel Graduate College, Charleston, SC, 2013
- \* Bachelor of Science in Ocean Engineering - U. S. Naval Academy, Annapolis, MD, 1994

#### **CERTIFICATIONS**

*Information required should include: type of certification and date completed/received.*

- \* Licensed Professional Civil Engineer (PE), South Carolina (#23553), 2004-2016 (ret)
- \* Certified PMI Project Management Professional (#1570), 2003 - Present
- \* Certified DAWIA Level 2 Warrantable Contracting Officer, Defense Acquisition University, 2001
- \* Active Top Secret Security Clearance

## PROPOSED STAFF RESUME FOR RFP 3407

*A resume must be completed for all proposed prime contractor staff and proposed subcontractor staff.*

<b>Company Name Submitting Proposal:</b>	<b>SDI Presence LLC</b>
--	-------------------------

*Check the appropriate box as to whether the proposed individual is prime contractor staff or subcontractor staff.*

<b>Contractor:</b>	<b>x</b>	<b>Subcontractor:</b>	
--------------------	----------	-----------------------	--

*The following information requested pertains to the individual being proposed for this project.*

<b>Name:</b>	<b>Bryan J Hucks, PMP</b>	<b>Key Personnel: (Yes/No)</b>	<b>Yes</b>
<b>Individual's Title:</b>	<b>Project Manager</b>		
<b># of Years in Classification:</b>	<b>12</b>	<b># of Years with Firm:</b>	<b>10</b>

### BRIEF SUMMARY OF PROFESSIONAL EXPERIENCE

*Information should include a brief summary of the proposed individual's professional experience.*

Project Management Professional (PMP) with over 9 years of experience leading a wide range of security and technology projects. Various roles involving planning, on-site direction and coordination of all business activities required to deliver customer solutions on time and on budget. Technologies range from integrated access control, CCTV, custom video wall solutions, video analytics, outdoor perimeter intrusion detection, intercom, automated vehicle and pedestrian entrance control, visitor management, HVAC and lighting controls. Problem solver, polished communicator, and focused team builder with proven record getting the job done on schedule and within budget.

### RELEVANT EXPERIENCE

*Information required should include: timeframe, company name, company location, position title held during the term of the contract/project and details of contract/project.*

**SDI Presence** **2007 - Present**  
**Project Manager**

Lead project field teams averaging 8 people. Work closely with customer to ensure deliverables meets their needs and expectations. Responsibilities span all phases of the project lifecycle; these include but are not limited to system design, integration, installation, testing, and system initialization.

- Leading \$2M phased upgrade of access control and video management system for Greenville-Spartanburg International Airport Organized structure for leadership to ensure comprehensive visibility of statement of work.
- Program manager for \$750K upgrade of surveillance and fiber optics at Augusta Regional Airport. Required extensive management of sub-contractors and coordination with the Federal Aviation Administration (FAA)
- Led \$2M installation and integration of new video surveillance system for Savannah/Hilton Head International Airport. Additional capability included wireless network bridging and Network Time Server for satellite synchronization accuracy.

Other Large Project History noted below:

Asheville Regional Airport - AVL  
 Piedmont Triad International Airport – GSO  
 CSCPA Inland Terminal  
 Denmark Technical College

Bermuda Int'l Airport - BDA  
 Beaufort Memorial Hospital  
 SC State Budget and Control Board  
 AT&T

**Security Tech Systems  
Residential Alarm Installer**

**2006-2007**

Technician specializing in residential intrusion systems. Work primarily involved work completion for residential security systems. Standard installation targeted 3 job completions per day.

**Infotech Systems  
Lead Installer**

**2005-2006**

Project teammate working predominately government contract security systems. Work required Interim Secret Clearance for access and task completion. Work centered on integrated security systems and visitor management technologies.

**EDUCATION**

*Information required should include: institution name, city, state, degree and/or Achievement and date completed/received.*

Diploma – Fort Dorchester High School, North Charleston, SC

**CERTIFICATIONS**

*Information required should include: type of certification and date completed/received.*
