lockable underseat storage!

2019

DU-HA® turns dead space into a storage place!

(Down Underseat-Holding Apparatus)

The original underseat storage device!

Made in the U.S.A.! 

DU-HA® also doubles as storage for your long guns

A DU-HA can store two to four shotguns or rifles (depending on DU-HA model). The vertical dividers are recessed to hold firearms upright, accessible from the driver's or passenger side. In most states, DU-HA is considered a legal gun case* (with seats in the proper down position), making DU-HA even more convenient. When you store your guns underseat in your DU-HA, nobody can see your guns (or any gun cases) by looking in through the truck windows. DU-HA even makes locking kits for select pickup models so your guns are safe even if someone gets into your truck!

What's in your truck? If you are like most, the answer is, "plenty!"

Our pickup trucks are our home-away-from-home, our traveling closet, tool chest, and sporting goods store rolled up in one. We have gear stashed or sitting wherever we can; gear such as flashlights, maps, knives, hitches, first aid kits, gloves, rain gear, sunscreen, insect repellent, caps, tool kits, jumper cables, tow straps, tire kits, and more.

Now there is a way to conveniently store all of your gear in one easy-to-access storage device that occupies the totally underutilized dead space under your back seat; it's called DU-HA, and it will change the way you operate.

DU-HA® turns underseat dead space into convenient storage space

DU-HA is the world's first storage product designed to fit conveniently out of the way, under the back seat of your pickup. Now you

can store all of your necessities neatly under your back seat where they are organized, protected, and out of sight. DU-HA comes with removable dividers, which allow you to compartmentalize your gear as well. Access to your DU-HA is easy: just lift your seat and all your gear is organized and easily within reach.

DU-HA® is built to last and it fastens in place, so it will not slide around

Like premium coolers and high-performance kayaks, DU-HA storage devices are roto-molded out of a heavy-duty polyethylene. So, you know they are long lasting and really tough. DU-HAs fasten down to hold the container in place.

Available for most every pickup brand and model

Make no mistake, DU-HA is not a one-size-fits-all, low-budget storage container; not even close. DU-HA makes a custom-fit storage device for most popular pickup models around that is precisely measured to perfectly-fit and maximize the available storage area. All you need to know is the make, model and year of your pickup. Not only that, but DU-HA storage devices come in colors made specifically to match the interior colors of your truck!

* DU-HA acts as a legal gun case in most states. Always check with local authorities for the laws in your area. See website for details.

NEW FOR '19! Lockbox— lockable underseat storage!

Finally! Underseat storage
with a lockable lid!

You asked for it and we made it!

The new DU-HA Lockbox features a lockable lid that adds that extra element of security under your seat!

- Dual integrated/keyed locks for maximum security
- Make/model specific fit, not one-size-fits-all
- Locks your firearms/valuables and stores them out of sight under your seat
- Qualifies as a gun case in most states
- Mounting hardware is internal to the Lockbox, so it stays secured to the vehicle when the lid is locked

"This new lockable underseat storage device is exactly what I've been looking for!"

DU-HA[®] The original Down Underseat-Holding Apparatus!

7 reasons why you'll want a DU-HA[®]

1. DU-HA[®] is the original!

DU-HA has been making under seat storage devices since 2003. We make them for virtually every pickup brand and offer products for trucks made as early as 2000.

Competitors have taken notice and are trying to take a piece of the market we created. But beware, their products are absolutely not the same!

DU-HA makes under seat storage devices for virtually any pickup model going back to 2000!

2. Roto-molded vs. thermoformed

All DU-HA storage products are roto-molded. This is the same process used to make premium coolers and high-performance kayaks!

Our competition makes their under seat storage products using thermoforming which, not surprisingly, is the same process used to make floor mats. Thermoformed products are simply not as strong or as durable.

DU-HA storage products are roto-molded, just like premium coolers and kayaks, which must withstand collisions with sharp rocks.

3. Won't flex or curl

A DU-HA roto-molded storage product is extremely strong and sturdy. It's custom fit to your truck model and will never lose its shape or begin to curl.

Beware of the thermoformed storage devices made by the competition. They twist and flex and will potentially curl over time.

A DU-HA under seat storage product is custom-fit to your truck model and will never lose its shape.

The under seat storage devices made by the competition are prone to curl and not nearly as strong.

Don't be fooled by the copycats. They are not the same!

under seat storage product and not a copycat.

4. Up to 1.5 times more storage space (no double wall)

Because their thermo-formed products lack the strength of a roto-molded product, the competition has been forced to add structural stability by using double walls. The truth is, even with double walls, their products are not as strong. The double wall design eats up valuable storage space! DU-HA Underseat Storage has 1.25 to 1.5 times the carrying capacity of the competition (depending on make and model).

Our competitors use double walls to add stability which eats up valuable storage space.

5. Real dividers (can even hold long guns)

Every DU-HA underseat storage product comes with removable custom dividers that keep your gear separated and organized but also serves as gun racks where you can literally store your long guns to keep them out of sight. In fact, a DU-HA storage device qualifies as a gun case in many states. This divider can also hold fishing rods, golf clubs or the like. The competitors' dividers don't even compare!

The dividers in a DU-HA double as gun holders making DU-HA a legal gun case in many states!

6. Lockable storage

Unlike our competitors, we also make a version of the DU-HA underseat storage device with a lockable lid which adds another level of security for storing your firearms and other valuables!

7. Available in colors to match interior

Most DU-HA storage devices come in several colors specifically to match your truck interior. This also makes the device less conspicuous to would-be thieves. The competition is available only in black.

LOCKBOX LOCKABLE UNDERSEAT STORAGE

LOCKBOX

The DU-HA® Lockbox stores and locks your guns or valuables under the back seat of your truck where they are completely out of view.

We all worry about leaving our long guns or other valuables in our truck where outsiders can see them, potentially tempting theft. The DU-HA Lockbox lets you secure firearms and a bunch of additional gear or valuables in an unexpected and completely out-of-view place – under the back seat of your truck.

This also frees up any other space in your truck for passengers, dogs and other gear.

The DU-HA Lockbox is fully lockable with an integrated keyed lock, so even if someone were to break into your truck, they will not have access to your guns. The Lockbox mounting hardware is internal, so when the lid is locked, the Lockbox cannot be removed from the truck.

Lockboxes are made for the make and model of your truck so the fit is perfect. This also maximizes available storage area.

A Lockbox is easy to install. You simply lift the rear seat, slide it in and fasten it in place! After using a DU-HA Lockbox, you'll wonder how you ever got along without it!

- Stores guns and valuables under the back seat of your truck
- Plenty of room for additional gear
- Make/model-specific fit, not one size fits all
- Gun rack/dividers hold your guns upright; a legal gun case in most states
- Lockable with integrated, keyed lock
- Easy installation with fasteners (included); installs in minutes
- Roto-molded construction of heavy-duty polyethylene
- Size varies based on truck make/model
- Satisfaction guarantee, lifetime warranty
- Made in USA

**See page 18
for correct Lockbox
Applications, and Part #'s**

UNDERSEAT CAB STORAGE

Once you use a DU-HA® Underseat storage device, you'll wonder where in the world all of your gear used to go!

We've all tried to store the gear we keep in our truck – in the console, in seat-back pockets, in after-market organizers or thrown under or behind the seat. Yet we never seem to have enough storage room and we are never fully organized.

That's why we made the DU-HA Underseat storage device. The true genius behind a DU-HA is that you get ample storage room (and a place for your guns) without using up usable space. DU-HA fits in that dead space under your seat.

Dead space that is both out-of-sight yet easy to access.

DU-HAs are made for the make and model of your truck so the fit is perfect. This also maximizes available storage area.

And, a DU-HA is easy to install. You simply lift the rear seat, slide it in and fasten it in place! After using a DU-HA Underseat storage device, you'll wonder how you ever got along without it!

- Stores your gear in a single easy-access, out-of-sight place so you'll always know where it is
- Make/model-specific fit, not one size fits all
- Includes dividers that also double as gun racks and holds guns upright; a legal gun case in most states
- Easy installation with fasteners (included); installs in minutes
- Roto-molded construction of heavy-duty polyethylene
- Available in colors that match pickup interior
- Size varies based on truck make/model
- Satisfaction guarantee, lifetime warranty
- Made in USA

for correct Underseat
Applications, and Part #'s**

BEHIND-THE-SEAT CAB STORAGE

BEHIND-THE-SEAT

The epitome of dead space is the area behind the seat in your pickup. A DU-HA® Behind-the-Seat storage device makes this space far more useful and your gear far easier to access.

We pickup truck owners all know the truth about that go-to spot to ditch our stuff behind the back seat. The problem with our behind-the-seat stash is that it eventually just becomes a pile-it-on scenario which just leads to frustration.

That's why we make the DU-HA Behind-the-Seat storage device. It sets on the floor behind the back seat of your truck to organize all of your gear. And, it can be attached to the floor of your truck (on some models) using existing studs.

You simply tilt the back seat forward and you can easily access all of those items that used to just be stacked behind the seat.

Installation is easy. DU-HAs are all made to the make and model of your truck so they fit perfectly.

- Stores and organizes the gear that used to just get piled up behind your back seat
- Make/model-specific, not one size fits all
- Includes divider that also double as gun rack and hold guns upright
- Roto-molded construction of heavy-duty polyethylene
- Satisfaction guarantee, lifetime warranty
- Made in USA

**See pages 15, 17
for correct Behind-the-Seat
Applications, and Part #'s**

HUMPSTOR BED STORAGE

The DU-HA® Humpstor mounts above the wheel well in your pickup bed (another area of dead space) where it is easily accessible from along side your truck, including through side-opening topper doors

Perhaps the easiest space to access in the bed of your pickup truck is above the wheel well from the side of the truck. It just so happens that this is the most under-utilized space.

Which means it's the perfect place for DU-HA storage! We call this DU-HA the Humpstor because it rides above the hump.

Humpstor provides handy in-bed storage without taking up valued floor space. With a Humpstor installed, you can still easily slide virtually any common cargo into your truck bed including 4x8 sheets of plywood.

Humpstor easily attaches above the wheel well without any drilling and can be adjusted to your preferred height. Humpstor works great with a topper outfitted with side-opening doors. Humpstor has lockable latches and comes with dividers which double as gun storage holding your firearms upright and it serves as a legal gun case in most states.

- Provides useful in-bed storage without taking away valuable floor space
- Fits underneath most tonneaus and roll up covers
- Provides over 2.3 cubic feet of storage space
- Includes dividers/gun rack*
- Rubber seal under the lid helps keep out moisture and dust
- Constructed of heavy-duty roto-molded polyethylene
- Brackets adjust the Humpstor up or down to your height preference
- Easy installation. No drilling required
- Outside Dimensions: L 55.25" x W 9.75" x H 10"
- Satisfaction guarantee, lifetime warranty
- Made in USA

TOTE PORTABLE STORAGE

The wheeled DU-HA® Tote is a portable, all-purpose storage device that rolls into the back of your SUV, pickup truck, van or trailers allowing you to quickly and easily take your organized gear along.

DU-HA isn't just for pickup owners. The DU-HA Tote is a rolling, all-in-one storage device that easily slides into the back of an SUV, van or pickup, allowing you to transport an array of contained and organized gear that can also quickly come out when needed.

The versatile Tote includes organizers/dividers/gun racks and two utility trays (with dividers) giving you a multitude of storage options. The Tote holds four shotguns or scoped rifles which sit upright on the gun racks.

Three latches can all lock with standard padlocks and the lid seals to help keep moisture out even when subjected to the elements. The Tote was designed to slide into the back of your SUV, van or pickup and fits three abreast in many vehicles for the ultimate in organized transport.

- 4-wheeled Tote fits most SUVs, pickup trucks, and vans
- All-in-one: storage unit, tool box, gun case, and more!
- Sealed lid helps keep out moisture and dust
- Holds 4 shotguns or rifles, with or without scopes
- 3 latches all lock using standard padlocks
- Includes organizers/dividers/gun rack and 2 utility trays with dividers
- Dual hauling handles on ends, single carrying handle on top
- Constructed of roto-molded, heavy-duty polyethylene
- Many vehicles will hold up to 3 Totes side-by-side
- Provides over 5.1 cubic feet of storage space
- Outside dimensions: L 52.375" x W 15.5" x H 15"
- Satisfaction guarantee, lifetime warranty
- Made in USA

Tote Slide Bracket

Part # 70104

Bracket allows you to install the DU-HA Tote securely in your vehicle. Attached locking mechanism allows you to lock the Tote in your vehicle to help prevent theft. Made of rust-resistant heavy-duty aluminum.

SQUAD BOX PORTABLE STORAGE

Squad Box—for squad to quad and everything in between!

SQUAD BOX

The wheeled DU-HA® Squad Box is a portable, all-purpose storage device designed to go into smaller SUVs, Jeeps, vans and police SUVs, as well as UTVs. Take your self-contained gear in and out as you need it.

So you don't own a full-size pickup or SUV but you love the idea of a DU-HA storage device? That's what the Squad Box is all about—clever storage designed for smaller SUVs, Jeeps, vans, and even UTVs.

Squad Box lets you put your gear, tools, necessities or whatever, in a self-contained, four-wheeled transport box that is easy to take to and from your vehicle and easy to get in and out of your vehicle. Squad Box is designed to go into a vehicle or in the bed of a truck or UTV. The lid seals to keep out moisture and dust.

You can also store your firearms in your Squad Box which will accommodate four AR-style firearms up to 38" long. In most states, Squad Box qualifies as a gun case.

Choose between Manual Latch (two manual latches that can be padlocked) or Internal Latch (key lockable). Mount Squad Box to fit width-wise in vehicle with included locking bracket or purchase Squad Box Bracket (see below) to mount length-wise.

- All-In-One: storage, tool box, and gun case
- Provides useful storage for inside or outside your vehicle
- Includes organizers / dividers / gun racks
- Includes two removable trays
- Stores your valuables out of sight
- Holds (4) four AR-style firearms up to 38" long
- Lockable lid to keep your items secure
- Retractable handle for easy pulling
- Four over-sized wheels with wheel brake
- L 39" x W 18.75" x H 17.25"
- Provides 5.4 cu/ft storage space
- Satisfaction guarantee, lifetime warranty
- Made in USA

ALL-TERRAIN UTV STORAGE

The DU-HA® All-Terrain is the DU-HA® storage device made specifically for your Polaris Ranger or Bobcat UTV. It mounts atop the UTV bed to store and protect your gear, tools and firearms.

Yes, there is a DU-HA storage device for your UTV, too! The DU-HA All-Terrain is the DU-HA answer to a dead space storage place in your Polaris Ranger or Bobcat UTV. This heavy-duty container mounts above the front of the bed in your UTV so it is easily accessible from either side, yet does not take up any "floor space" in your UTV bed. Keep all of your gear, tools and even your firearms in the All-Terrain.

Three latches secure the top and the lid is sealed when closed to keep out moisture and dust. The All-Terrain provides a roomy 2.3 cubic feet of storage and it will easily hold two shotguns or non-scoped rifles which sit upright on the included dividers.

Like all DU-HA storage devices, the All-Terrain is made of roto-molded polyurethane so it's ultra tough and made to withstand the rigors of the outdoors.

- Fits Polaris® Ranger (Mid-Size and Full-Size) and Bobcat® UTV
- Provides storage for gear, tools, and firearms
- Easily installed and removed with DU-HA expansion plug connectors
- Holds two shotguns or rifles w/o scopes*
- Sealed lid helps keep out moisture and dust
- Provides over 2.3 cubic feet of storage space
- Outside Dimensions: L 55" x W 9.75" x H 10"
- Lifetime warranty
- Made in USA

**Optional racks available for rifle w/scope or tactical*

ALL-TERRAIN

Part # 70400

Fits Polaris® Ranger Full-Size, 54" Box width, 2005-Current and Bobcat® UTV, 2013-Current

DU-HOOKY REACHING TOOL

The extendable DU-Hooky makes it easier than ever to reach and retrieve items from the back of your pickup bed; features clever positionable hook mechanism on business end

Can't reach something in the back of your pickup bed?
Don't like climbing into the bed to retrieve hard-to-reach items?

The DU-HA DU-Hooky is the answer to retrieving those hard-to-reach items. A stout, cleverly designed "reaching tool", DU-Hooky extends from 5' to 7' with the quick twist of the handle. The angled shaft allows you to reach around items while providing leverage to pull especially heavy (up to 100 lbs.) items back to you. A unique positionable tip is designed to hook virtually any item allowing you to use DU-Hooky on just about anything large or very small. It also slides through bedliner grooves.

- Approx. 5' when not extended — Extends to approximately 7'
- Fits all bed lengths and works on all types of beds and bedliners
- Easy access under toppers, tonneaus, and lids
- Super tough yellow tip can be re-positioned at different angles for hooking a variety of items
- Will easily handle objects up to 100 lbs.
- Easily mounts in your pickup bed
- Unlimited uses — works great for anything you can't quite reach!

DU-Hooky works great under toppers, tonneaus and lids. It's made of corrosion-resistant aluminum so it's lightweight. And, it comes with a mount to keep it readily accessible in the back of your truck.

Made of rust resistant aluminum

Tip can be positioned at many angles. Slides easily in pickup bed and bedliner grooves to get underneath and hook items

Includes hardware to mount the DU-Hooky in your truck bed for easy, convenient access

Simple 1/4 turn allows you to extend and retract the DU-Hooky (extends from 5' to 7')

Bottom of handle twists off to reveal a threaded connector for attaching any item with a female connector

**DU-HOOKY
Part # 70088**

ACCESSORIES

CHEVROLET / GMC LOCK KIT

DU-HA lock kits are designed to lock the back seat bracket, so unwanted visitors cannot lift up the seat(s) and gain access to the valuables you have stored inside your DU-HA.

Fits DU-HA Part #s:

10001	10003	10049
10002	10048	10050

Model	Year	Part #
Extended Cab Silverado/Sierra (Classic)	99-07	80090

Includes: 1 custom black coupler lock to match the seat bracket, 2 keys, and installation instructions.

FORD LOCK KIT

Fits DU-HA Part #s:

20004	20016
20005	20031
20006	20071
20007	20072
20008	20073
20009	20082
20012	20083
20014	20093
20015	20096

Model	Year	Part#
F-150 Supercab	00-14	80089
F-150 SuperCrew	04-08	80089
F-250 thru F-550 Super Duty Supercab	00-16	80089

Includes: 2 keys, 2 locks that use the same key, 2 black cables to match the seat brackets, and installation instructions.

RIFLE RACK OPTION

- Holds 2 rifles with scopes
- Soft material won't damage guns
- 2 piece rifle rack and 2 support stiffeners

Fits DU-HA Part #s:

20094	20067
20065	20068
20066	20069
	20070

Model	Year	Part #
F-250 thru F-550 Super Duty Crew Cab (Underseat model only)	03-16	90018

Note: Every DU-HA® storage unit comes with standard organizer/gun rack inserts at no extra charge. This rifle rack is optional and sells separately. It is designed specifically to hold 2 rifles with scopes. (The standard organizer/gun rack inserts for this model will not accommodate guns with scopes.) Standard and optional gun racks are interchangeable.

REPLACEMENT SUBWOOFER BOXES

The DU-HA replacement subwoofer box, allows you to install a DU-HA storage unit in your truck and still use your factory subwoofer.

Model	Year	Part #

⚙️ Optional lock kit available for this model.

*Comes with 2-piece foam organizers/gun rack. No plastic dividers are available for this model.

**Regular cab models do not act as a legal gun case in states with gun case laws, unless guns are first placed in gun sleeves.;

Comes with 2-piece foam organizers/gun rack. No plastic dividers are available for this model.

(5) Does not fit with factory subwoofer, unless DU-HA replacement subwoofer box is purchased. (Part # 70102.)

(6) Does not fit with factory subwoofer, unless DU-HA replacement subwoofer box is purchased. (Part # 70087.)

(7) Does not fit with factory subwoofer, unless subwoofer is removed.

(8) Excludes 04 Heritage Supercab. (It takes the 00-03 model.)

(9) Fits models with 60/40 split bench seats only. Metal factory trays under the seat will need to be removed to install the DU-HA. These can be interchanged if needed. Black is recommended for King Ranch models. Behind-the-Seat storage units are also available for this truck. Both Underseat and Behind-the-Seat storage units will fit at the same time.

Optional rifle rack available for this model. (Part # 90018.)

(10) Underseat storage units are also available for '03 models and newer (60/40 split bench seats only). Both Underseat and Behind-the-Seat storage units will fit at the same time.

(11) Fits the DU-HA Underseat storage model only. All DU-HA storage units come with standard organizers/gun rack at no extra charge, however the standard ones for this truck will not accommodate guns with scopes. The rifle rack is optional, sells separately, and is designed specifically to hold 2 rifles with scopes. Optional rifle racks and standard organizers/gun rack are interchangeable.

(12) Replacement subwoofer boxes simply replace existing subwoofer box case, so you may install a DU-HA in your truck. Replacement boxes do not include speaker or electronics.

(13) Does not fit the Dodge Mega Cab. Does not fit with factory navigation system. Metal factory trays/lid system under the seat will need to be removed to install the DU-HA. These can be interchanged if needed.

What's a DU-HA?

DU-HA, Inc. was founded in 2003 in Fergus Falls, MN, after Dan Ouren, a car salesman of 25 years, came up with a great idea. Dan saw the need to organize items placed under the rear seat of his pickup truck and asked good friend and engineer, Dennis Tuel, Jr. to join him on a business venture to create such storage containers.

Dan and Dennis knew they needed to select a brand name. They wanted something "catchy", a name people would remember. When they heard friends using the term "DU-HA" to describe just about anything, similar to the terms "whatchamacallit", "doohickey", or "doodad", Dan and Dennis knew that was what they wanted to call their storage container brand.

Eventually, tired of not having a simple answer when asked what DU-HA meant, they came up with "Down Under-Holding Apparatus" to fit the letters. They had a product and a name and they were on their way!

Today, DU-HAs are available for all of the major truck makes and models, and the company continues to develop new and innovative automotive accessories that are sold around the world.

What customers are saying about DU-HA

"Excellent fit and finish. Perfect for that "stuff" that is always rolling around your cab floor! No more junk sliding and rolling around either."

– Joseph S.

"I am a contractor who carries tons of misc tools for my business which were always scattered over the rear floor of my truck. I would try to shove all my tools under the seat to clear my floor boards of clutter for my passengers but, upon hitting the brakes of my truck everything under the seat would immediately be back covering the floor were my passenger's feet were. I was always very embarrassed by this, and now I never have to worry about that issue again with the DU-HA Storage bin. WHY DON'T THEY PUT THIS IN EVERY TRUCK FROM THE FACTORY? I can't believe I have owned my truck for the last three years without it."

– Jarrod J.

"Fits good and creates more storage which is tough to do in a pickup."

Du-Ha is very useful and easy to install. It holds everything including scoped rifles! Fits very nice and blends very well with vehicle interior."

– Anthony M

"Du-Ha holds a lot of stuff. More than I expected."

– James A

"Easy to install. Holds more than I thought it would. Looks great and matches the interior of the truck. I would tell friends to buy one."

– Larry R.

"The Du-Ha was simple to install and holds all my dog training items under the seat. Just what I needed."

– Marc D.

"Works great. Glad I went with this instead of stock, it seems to have more space."

– Joe N

"Great storage for the truck. Keeps things organized and nothing is rolling around on my floors."

– Robert H.

"This is a must-have for extended cabs when you have no other storage behind the seats. It fits great, color matches great, and comes with good dividers and rack for gun transport. Has a lot of storage room, I didn't realize there was that much potential storage space under the seat."

– Lee M.

"Solid feeling, installs easily and holds a lot. The racks for rifle storage are a huge bonus as I hate leaving visible firearms stored in the truck when hunting or traveling. It's a great add on to my truck."

– Willie A.

"It fits like a glove, lots of storage space and it only took 5 minutes to install!!!!!"

– Chris W.

"Love it, keeps all the equipment hidden and held together instead of rolling around the back seat."

– Robert S.

"The Du-Ha case is well built. This is not just any light-weight milk bottle plastic. It is a heavy gauge material that is sturdy enough for the toughest tools, equipment or whatever you can get in it. Du-Ha created a near perfect fit storage unit that will complement your storage needs."

– Andre G.

"Very easy to install. Lots of room for storage. Very helpful in getting all the little things I need in my truck off the floor, so there is more room for passengers or other things."

– Samantha K.
