Unless otherwise specified in a statement of work, both parties shall have a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use copyrightable property created under this Contract. This mutual right includes (i) all deliverables and other materials, products, modifications that Contractor has developed or prepared for State under this Contract; (ii) any program code, or site-related program code that Contractor has created, developed, or prepared under or primarily in support of the performance of its specific obligations under this Contract; and (iii) manuals, training materials, and documentation. If any product furnished is likely to or does become the subject of a claim of infringement of a patent or copyright, then Contractor may, at its option, procure for State the right to continue using the alleged infringing product, or modify the product so that it becomes non-infringing.
