State Terms and Conditions

The following terms and conditions govern during the term of the Participating Addendum (PA).

1. PAYMENT TERM

All payment terms are computed from the date of delivery of supplies or services OR receipt of a properly executed invoice, whichever is later. State is allowed 30 days to pay such invoices. All contractors are required to provide banking information at the time of PA execution in order to facilitate State electronic funds transfer payments.

Withholding of Payment. State may withhold disputed payments to Contractor under the subject statement of work (or where no statement of work exists, the applicable contract). The withholding may not be greater than, in the aggregate, fifteen percent (15%) of the total value of the subject statement of work or applicable contract. With respect to payments subject to milestone acceptance criteria, State may withhold payment only for such specific milestone if and until the subject milestone criteria are met. Contractor is not relieved of its performance obligation if such payment(s) is withheld.

2. U.S. FUNDS

All prices and payments must be in U.S. dollars.

3. REFERENCE TO PA

The Purchase Order number MUST appear on all invoices, packing lists, packages, and correspondence pertaining to the PA contract.

4. STATE OF MONTANA ADMINISTRATIVE FEE

The State of Montana assesses an Administrative Fee of one and one-half percent (1.50%) for all net sales (sales less credits and returns) made under this Contract. The prices paid to Contractor must include the 1.5% Administrative Fee. Contractor shall remit this Administrative Fee concurrent with the Required Usage Reporting described below. The Administrative Fee must be submitted by ACH along with email notification to State of Montana Contracts Officer. This Administrative Fee is effective upon execution of this PA.

5. REQUIRED REPORTING

Contractor shall submit quarterly reports to the Contracts Officer (CO) assigned by State to manage this Contract. Contractor shall provide CO with an electronic usage report (Excel), which must list the following information at the minimum: purchasing entity; description of items purchased; date of purchase; contract price; and the extended price for each transaction. These reports are due no more than 30 days after the end of the quarter as follows:

First Quarter: July 1 through September 30;
Second Quarter: October 1 through December 31;
Third Quarter: January 1 through March 31; and
Fourth Quarter: April 1 through June 30.

6. TAXES

6.1 Payment. Contractor shall pay all property and sales taxes, if any.

6.2 Exemption. State of Montana is exempt from Federal Excise Taxes (#81-0302402), except as otherwise provided in the federal Patient Protection and Affordable Care Act [P.L. 111- 148, 124 Stat. 119].

This insurance must include coverage of claims that may be caused by a negligent act or omission. If Contractor maintains higher limits than the minimums required in this Contract, State is entitled to coverage up to the higher limits maintained by Contractor.

8.2 Deductibles and Self-Insured Retentions

Any deductible or self-insured retention must be declared to and approved by State. At the request of State either: (1) the insurer will reduce or eliminate such deductibles or self-insured retentions for State, its officers, officials, employees, or volunteers; or (2) at the expense of Contractor, Contractor will procure a bond guaranteeing payment of losses and related investigations, claims administration, and defense expenses.

8.3 Specific Requirements for Commercial General Liability

Contractor grants to State a waiver of any right to subrogation that any insurer of Contractor may acquire against State by virtue of the payment of any loss under insurance. Contractor shall obtain any endorsement that may be necessary to affect this waiver or subrogation waive subrogation, and this provision applies regardless of whether State has received a waiver of subrogation endorsement from Contractor's insurer.

8.4 Compliance With Workers' Compensation Act

Contractor shall comply with the provisions of the Montana Workers' Compensation Act while performing work for the State of Montana in accordance with 39-71-401, 39-71-405 and 39-71-417, MCA. Proof of compliance must be in the form of workers' compensation insurance, independent contractor's exemption, or documentation of corporate officer status. State, its officers, officials, employees, and volunteers are to be covered and listed as additional insureds for automobiles leased, owned, or borrowed by Contractor.

9. RECORD ACCESS AND RETENTION

9.1 Access to Records. Contractor shall provide State, the Montana legislative auditor, or its authorized agents access to any records necessary to audit for Contract compliance. State may terminate this Agreement, without incurring liability, for Contractor's refusal to allow access as required by this Section. (18-1-118, MCA.)

10. ASSIGNMENT, TRANSFER AND SUBCONTRACTING

Contractor shall not assign, transfer or subcontract any portion of this Contract without the express written consent of State, which shall not unreasonably withhold consent. (Section 18-4-141, MCA.)

11. WARRANTIES

11.1 Warranty of Products

Contractor shall provide the Participating Entity the same warranties as it has provided the State of Oklahoma in the Master Agreement and the products supplied conform to the specifications requested, are fit and sufficient for the purpose manufactured, are of good material and workmanship, and are free from defect for the same warranty period as Contractor provide the State of Oklahoma in the Master Agreement. Contractor further warrants that the products are new and unused and of the latest model or manufacture.

11.2 Warranty of Services

Contractor warrants that the services provided conform to the Contract requirements, including all descriptions, specifications and attachments made a part of this Contract. State's acceptance of services provided by Contractor shall not relieve Contractor from its obligations under this warranty. In addition to its other remedies under this Contract, at law, or in equity, State may require Contractor to promptly correct, at Contractor's expense, any services failing to meet Contractor's warranty herein. Services corrected by Contractor shall be subject to all the provisions of this Contract in the manner and to the same extent as services originally furnished.

- A. This Contract and all related documents are subject to disclosure pursuant to Montana public information laws.
- B. Under Montana public information laws, this Contract, referenced documents, including pricing documents are all public information.

13. RIGHT TO ASSURANCE

If State, in good faith, has reason to believe that Contractor does not intend to, is unable to, or has refused to perform or continue performing all material obligations under these Terms and Conditions, State may demand in writing that Contractor give a written assurance of intent to perform. Contractor's failure to provide written assurance within the number of days specified in the demand (in no event less than five business days) may, at State's option, be the basis for termination and pursuing the rights and remedies available to State.

14. STOP WORK ORDER

State may, at any time, by written order to Contractor require Contractor to stop any or all parts of the required work for the period of days indicated by State after the order is delivered to Contractor. The order must be specifically identified as a Stop Work Order issued under these terms and conditions. Upon receipt of the order, Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. If a Stop Work Order issued under these terms and conditions is canceled or the period of the order or any extension expires, Contractor shall resume work. The State Contract Manager shall make the necessary adjustment in the delivery schedule or price, or both, and the services shall be amended in writing accordingly.

15. DEFENSE, INDEMNIFICATION / HOLD HARMLESS

15.1 Indemnities by Contractor

Contractor, at its sole cost and expense, shall defend, indemnify and hold harmless the State of Montana, the contracting agency, or their officers, officials, directors, agents, employees, volunteers, contractors, successors, assignees, or designees from any and all liability, actions, claims, demands, causes of actions, judgments, suits, settlements, penalties, or fines (Claims), and all related costs, court costs, attorney fees, expert fees, and other expenses, arising out of, resulting from, or related to:

Any and all third-party claims involving infringement of United States patents, copyrights, trade and service marks, and any other intellectual or intangible property rights in or in connection with the execution or performance of the Contract and any purchase orders issued under the Contract, or
- C. Tax liability, unemployment insurance, workers' compensation, or expectations of benefits by Contractor, its employees, representatives, agents, or subcontractors in or in connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract.

15.2 Coordination of Defense

State shall give Contractor prompt notice of any Claim, and at Contractor's expense, State shall cooperate in the defense of the Claim. Contractor acknowledges that under Montana law, the Montana Attorney General may participate in an action involving State.

15.3 State Reimbursement

If Contractor fails to comply with its defense obligations under this Section, State may undertake its own defense. If State undertakes its own defense, Contractor shall reimburse State for all costs to State resulting from: (1) settlements, judgments, losses, damages, liabilities, and penalties, fines; and (2) defense of the Claim, including but not limited to attorney fees, court costs, and the costs of investigation, discovery, and experts.

16. COMPLIANCE WITH LAWS

This Section shall be construed in accordance with 30-20-301, MCA.

17. CONTRACT TERMINATION

17.1 Termination for Convenience

State may, by written notice to Contractor, terminate this Contract without cause and without incurring liability to Contractor. State shall give notice of termination to Contractor at least 30 days before the effective date of termination. State shall pay Contractor only that amount, or prorated portion thereof, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this Section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

17.2 Termination for Cause with Notice to Cure Requirement

Either party may terminate this Contract for the other's failure to perform any of its duties under this Contract after giving written notice of the failure to the other. The written notice must demand performance of the stated failure within a specified period of time of not less than 30 days. If the demanded performance is not completed within the specified period, the termination is effective at the end of the specified period.

17.3 Reduction of Funding

State must, by law, terminate this Contract if funds are not appropriated or otherwise made available to support State's continuation of performance of this Contract in a subsequent fiscal period. (18-4-313(4), MCA.) If state or federal government funds are not appropriated or otherwise made available through State's budgeting process to support continued performance of this Contract (whether at an initial contract payment level or any contract increases to that initial level) in subsequent fiscal periods, State shall terminate this Contract as

required by law. State shall provide Contractor the date State's termination shall take effect. State shall not be liable to Contractor for any payment that would have been payable had the Contract not been terminated under this provision. As stated above, State shall be liable to Contractor only for the payment, or prorated portion of that payment, owed to Contractor up to the date State's termination takes effect. This is Contractor's sole remedy. State shall not be liable to Contractor for any other payments or damages arising from termination under this Section, including but not limited to general, special, or consequential damages such as lost profits or revenues.

18. Terrorism, Suspension or Debarment, or Otherwise Ineligible

State has the absolute right to terminate the Contract without recourse in the following circumstances:

- A.** Contractor is listed on the prohibited vendors list authorized by Executive Order #13224, "Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism," published by the United States Department of the Treasury, Office of Foreign Assets Control;
- B.** Contractor is suspended or debarred from doing business with the federal government as listed in the System for Award Management maintained by the General Services Administration; or
- C.** Contractor is found to be ineligible to hold the Contract under the laws of State.

19. PREVAILING WAGE

19.1 Montana Resident Preference

The nature of the work performed, or services provided, under this Contract may meet the statutory definition of a "public works contract" in 18-2-401, MCA. Unless superseded by federal law, Montana law requires that contractors and subcontractors give preference to the employment of Montana residents for any construction or non-construction public works services contract in excess of \$25,000. If any order or purchase order issued under this Contract meets the definition of a "public works contract," Contractor shall abide by the requirements set out in 18-2-401 and 18-2-432, MCA, and all administrative rules adopted under these statutes.

The Commissioner of the Montana Department of Labor and Industry has established the resident requirement in accordance with 18-2-403 and 18-2-406, MCA. Any and all questions concerning prevailing wage and Montana resident issues should be directed to the Montana Department of Labor and Industry.

19.2 Standard Prevailing Rates of Wages

Unless superseded by federal law, all employees working on a public works contract must be paid prevailing wage rates in accordance with 18-2-401

through 18-2-432, MCA, and all associated administrative rules. Montana law requires that all public works contracts, as defined in 18-2-401, MCA, in which the total cost of the contract is greater than \$25,000, contain a provision stating for each job classification the standard prevailing wage rate, including fringe benefits, travel, per diem, and zone pay that contractors, subcontractors, and employers shall pay during the public works contract

19.3 Notice of Wages and Benefits

Pursuant to 18-2-406, MCA, all contractors, subcontractors, and employees who are performing work or providing services under a public works contract must post in a prominent and accessible site on the project staging area or work area, no later than the first day of work and continuing for the entire duration of the contract, a legible statement of all wages and fringe benefits to be paid to the employees in compliance with 18-2-423, MCA.

19.4 Wage Rates, Pay Schedule, and Records

18-2-423, MCA, requires that employees performing work under a public works contract who receive an hourly wage must be paid on a weekly basis. Each contractor, subcontractor, and employer performing work or providing services under a public works contract shall maintain payroll records in a manner readily capable of being certified for submission under 18-2-423, MCA, for not less than three years after contractor's, subcontractor's, or employer's completion of work on the public works contract.

All contractors and employers shall classify each employee who performs labor on a public works project according to the applicable standard prevailing rate of wages for such craft, classification, or type of employee established by the Commissioner of the Montana Department of Labor and Industry, and shall pay each such employee a rate of wages not less than the standard prevailing rate as specified in the Montana Prevailing Wage Rates for **[insert type of service and year]**.

20 WAIVER OF BREACH

Either party's failure to enforce any contract provisions after any event of breach is not a waiver of its right to enforce the provisions and exercise appropriate remedies if the breach occurs again. Neither party may assert the defense of waiver in these situations.

21.FORCE MAJEURE

Neither party is responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party uses its best efforts to remedy such failure or delays. A party affected by a force majeure

condition shall provide written notice to the other party within a reasonable time of the onset of the condition. In no event, however, shall the notice be provided later than five working days after the onset. If the notice is not provided within the five-day period, then a party may not claim a force majeure event. A force majeure condition suspends a party's obligations under this Contract, unless the parties mutually agree that the obligation is excused because of the condition.

D. CONFORMANCE WITH CONTRACT

No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the Contract shall be granted without the State Procurement Bureau's prior written consent. Product or services provided that do not conform to the Contract terms, conditions, and specifications may be rejected and returned at Contractor's expense.

E. MEETINGS

21.1 Technical or Contractual Problems.

Contractor shall meet with State's personnel, or designated representatives, to resolve technical or contractual problems occurring during the Contract term or to discuss the progress made by Contractor and State in the performance of their respective obligations, at no additional cost to State. State may request the meetings as problems arise and will be coordinated by State. State shall provide Contractor a minimum of three full working days' notice of meeting date, time, and location. Face-to-face meetings are desired; however, at Contractor's option and expense, a conference call meeting may be substituted. Contractor's consistent failure to participate in problem resolution meetings, Contractor missing or rescheduling two consecutive meetings, or Contractor's failure to make a good faith effort to resolve problems may result in termination of the Contract.

21.2 Progress Meetings

During the term of this Contract, State's Project Manager shall plan and schedule progress meetings with Contractor to discuss Contractor's and State's progress in the performance of their respective obligations. These progress meetings will include State's Project Manager, Contractor's Project Manager, and any other additional personnel involved in the performance of this Contract as required. At each meeting, Contractor shall provide State with a written status report that identifies any problem or circumstance encountered by Contractor, or of which Contractor gained knowledge during the period since the last such status report, which may prevent Contractor from completing any of its obligations or may generate charges in excess of those previously agreed to by the parties. This may include the failure or inadequacy of State to perform its obligation under this Contract. Contractor shall identify the amount of excess charges, if any, and the cause of any identified problem or circumstance and the steps taken to remedy the same.

21.3 Failure to Notify

If Contractor fails to specify in writing any problem or circumstance that materially affects the costs of its delivery of services or products, including a material breach by State, about which Contractor knew or reasonably should have known with respect to the period during the term covered by Contractor's status report, Contractor shall not be entitled to rely upon such problem or circumstance as a purported justification for an increase in the price for the agreed upon scope.

21.4 State's Failure or Delay

For a problem or circumstance identified in Contractor's status report in which Contractor claims was the result of State's failure or delay in discharging any State obligation, State shall review same and determine if such problem or circumstance was in fact the result of such failure or delay. If State agrees as to the cause of such problem or circumstance, then the parties shall extend any deadlines or due dates affected thereby and provide for any additional charges by Contractor. This is Contractor's sole remedy. If State does not agree as to the cause of such problem or circumstance, the parties shall each attempt to resolve the problem or circumstance in a manner satisfactory to both parties.

F. TRANSITION ASSISTANCE

If this Contract is not renewed at the end of this term, if the Contract is otherwise terminated before project completion, or if particular work on a project is terminated for any reason, Contractor shall provide transition assistance for a reasonable, mutually agreed period of time after the expiration or termination of this Contract or particular work under this Contract. The purpose of this assistance is to allow for the expired or terminated portion of the services to continue without interruption or adverse effect, and to facilitate the orderly transfer of such services to State or its designees. The parties agree that such transition assistance is governed by the terms and conditions of this Contract, except for those terms or conditions that do not reasonably apply to such transition assistance. State shall pay Contractor for any resources utilized in performing such transition assistance at the most current Contract rates. If State terminates a project or this Contract for cause, then State may offset the cost of paying Contractor for the additional resources Contractor utilized in providing transition assistance with any damages State may have sustained as a result of Contractor's breach.

Contractor shall verify on the Purchase Order that any purchase under this Participating Addendum does not use federal grant money. This Section is only applicable until Contractor and State mutually agree on Federal Terms and Conditions.

G. CHOICE OF LAW AND VENUE

Montana law governs this Contract. The parties agree that any litigation concerning this this Contract must be brought in the First Judicial District in and for the County of Lewis and Clark, State of Montana, and each party shall pay its own costs and attorney fees, except as provided in Section 17, Defense, Indemnification/Hold Harmless.

Nothing in these provisions shall be construed as a waiver of the sovereignty or governmental immunity State enjoys, whether derived from the Eleventh Amendment to the United States Constitution or otherwise, or a waiver of any defenses to Proceedings or consent to jurisdiction based thereon.

H. AUTHORITY

This Contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

I. SEVERABILITY

A declaration by any court or any other binding legal source that any provision of the Contract is illegal, and void shall not affect the legality and enforceability of any other provision of the Contract, unless the provisions are mutually and materially dependent.

J. WAIVER

State's waiver of any Contractor obligation or responsibility in a specific situation is not a waiver in a future similar situation or is not a waiver of any other Contractor obligation or responsibility.

K. PUBLIC DISCLOSURE

Contractor may publicize the Contract term, scope and price without prior written approval. However, Contractor may not use the State seal, any State logo, or claim any State endorsement as to the Contract without prior written approval by State.

L. SURVIVAL

All provisions in this Contract that relate to warranties, Audit, Payment, Indemnification, Defense, and Hold Harmless, and Limitation of Liability, shall survive any termination of this Contract.
