Product Availability

The availability of products may change; check with your Gartner account executive before purchasing. Should a product listed herein be no longer available for new license purchases, Gartner will notify client of the change or provide an amended price list designating such product as renewal only or for renewing subscriber. For products not listed herein, Gartner may offer to an eligible client rates consistent with the then-current Gartner Public Sector pricing plus any applicable administrative fees for the service(s) ordered or rates consistent with a similar product listed herein as a substitution provided the product has the same license type and pricing. Check with your Gartner account executive before purchasing.

Multi-Year Purchase

Gartner Account Executive can provide multi-year pricing upon Client's request. Any multi-year price quote is expressly conditioned upon the individual Client agreeing to waive its right to terminate for convenience. The pricing for each year will be listed on the completed Service Agreement. The order will contain the following terms:

“This is a promotional offer for a purchase of a non-cancellable multi-year term. Due to the multi-year term of this Service Agreement, Client expressly waives its right to terminate for convenience. Any additional or renewal purchases shall be at the then-current contract fees.”

Product Purchasing Guidelines

¹ “Single License” applies to a buying center that has one individual license; “Multi License” applies to a buying center that has at least two qualifying licenses within the same agency or named client. To qualify for Multi License price levels, services must be ordered on the same Service Agreement or Purchase Order and reflect a common “Bill To” address. Strategic Advisory Services, Conferences, and Add-on services do not contribute to Multi License pricing qualification.

All licenses in a Team must be coterminous and of the same team type. For example, a Team Plus configuration may only contain Team Plus licenses and cannot include other types of team licenses such as Team Plus with Industry, Team (non-Plus), etc. Team solutions with Industry Advisory Services are for one industry and all licenses in the team must purchase access to the same industry.
