

STATE OF VERMONT  
CONTRACT AMENDMENT

It is hereby agreed by and between the State of Vermont, Office of Purchasing and Contracting (the "State") and Chemung Supply Corp, with a principal place of business in Elmira NY (the "Contractor") that the contract between them originally dated as of March 29, 2024, Contract # CTR002792 (47643), as amended to date, (the "Contract") is hereby amended as follows:

- I. **Attachment B, Payment Provisions.** Are amended with the addition of the following requirements:

**7. Ceiling Price Period:**

- 7.1 Contractor agrees to provide all products listed in Exhibit A at a not to exceed, "ceiling" price identified in Attachment E for a duration of six (6) months after the full execution of any amendment to this contract modifying the contract price.
- 7.2 During the six (6) month ceiling price period, the Lead State will not approve any increase in pricing above the approved amended pricing for the affected items.
- 7.3 At the end of the six (6) month ceiling price period, the Contractor must provide updated pricing information to the Lead State documenting then-current market conditions or other considerations affecting Contractor's pricing and justifying the continuation of increased pricing for the affected items. The Lead State reserves the right to request this information at any time during the ceiling price period if it has reason to believe that increased pricing may no longer be justified.

If a manufacturer modifies a contracted item without affecting pricing, the Contractor shall provide written notice describing the modification at the time of quote.

If the revised item is determined by the Purchasing Entity to be equal to or better than the originally contracted item, the revised item may be approved as a replacement under the existing contract pricing. If Contractor modifies a contracted item in a manner resulting in an inferior product, the Lead State reserves the right to remove the item from the scope of this Master Agreement, procure alternate products, and take any other action determined to be in the best interest of the Lead State, Participating Entities, and Purchasing Entities.

**8. Price Decreases:**

If the Contractor's direct cost for contracted Snowplow Cutting Edge items decreases at any time during the ceiling price period, the Contractor shall immediately notify the Lead State, Participating Entities, and Purchasing Entities of such decrease and apply such decrease to this Master Agreement's contract pricing.

For purposes of this section, "Direct Cost" means:

- 8.1 The Contractor's manufacturer acquisition cost; or
- 8.2 If the Contractor is the manufacturer, the cost of raw materials, manufacturing, and transportation associated with the product.

Price decreases shall become effective immediately upon written notification to the Lead State.

- II. **Attachment E, Equipment Types and Pricing is hereby amended as follows:** Attachment E is hereby deleted in its entirety and replaced in the attachment to this Amendment.
- III. **Attachment C, Standard State Provisions for Contracts and Grants.** Attachment C is hereby deleted in its entirety and replaced as follows:  
"Attachment C: Standard State Provisions for Contracts and Grants" (revision version dated February 13, 2026) constitutes part of this Contract and is hereby incorporated by reference as if fully set forth herein and shall apply to the Contractor and to the purchase of all goods and/or services by the State under this Contract. A copy of this document is available online at: <https://bgs.vermont.gov/purchasing-contracting/forms>.

Contractor is under no obligation to pay child support or is in good standing with respect to or in full compliance with a plan to pay any and all child support payable under a support order as of the date of this amendment.
