### Greetings NSTA Members

I am so honored to be the Executive Director of such an esteemed organization, full of dedicated individuals who play a critical role in the daily education and safety of students across this country. As we head into Back to School season, there is no better time than the present to acknowledge the importance of what you do and how it fits into the wheel of education and safety for millions of riders.

As I work to get settled into my new role, it will be my personal goal to partner with each of you to strengthen the perception of drivers, the school bus brand and NSTA as a whole. You will see communications from me and the team regarding important state and federal regulations and legislation, volunteer involvement and membership growth over the next few weeks and months.

In the meantime, however, I hope that you enjoy this month's newsletter, full of important industry and association news, including back to school resources, upcoming events, an RFP announcement and a regulatory victory for NSTA.

Please feel free to drop me a line via email with any questions, suggestions, concerns or just to say hello and offer a warm welcome! I wish you miles and miles of success this school season as you continue to drive our students to their futures!

**Best regards, Tiff**

### More Information About Tiffany

Tiffany Boykin joins NSTA as a highly successful association leader with over a decade of varied experience in operational management, revenue generation, program development and staff leadership of non-profit organizations. Most recently, Tiffany served as the operational lead on several healthcare clients of an association management company in the Washington, D.C. area, where she was instrumental in working with Boards and other key volunteers to increase membership and turn strategic plans into workable solutions that could be benchmarked against key operational goals. Tiffany has worked in a variety of roles throughout her career as an association professional and is accomplished in developing high performing teams and building key relationships with both internal and external constituencies.

Tiffany's career has been dedicated to advancing the mission and goals of the association community and serving as a steward of leadership to those around her.

In addition to being an active member of the American Society of Association Executives (ASAE), Tiffany is currently pursuing her CAE and is also an alumna of ASAE's Diversity Executive Leadership Program (DELP). She holds a Bachelor's degree in Business Administration from The George Washington University.
