

ATTENTION:

Dialysis Facility Staff,
Medical Directors, and
All Infectious Disease Healthcare Staff

**You're Invited to the
ESRD NCC HAI Learning and Action Network (LAN) Discovery Event
Antibiotic Stewardship in Dialysis Units**

Antibiotic Stewardship is a coordinated program that promotes the appropriate use of antibiotics, improves patient outcomes, reduces microbial resistance, and decreases the spread of infections caused by multidrug-resistant organisms. Join us to learn more!

March 30, 2017

3:00–4:00 p.m. ET
2:00–3:00 p.m. CT
