

## Pre Course Survey

Consider having students complete a Pre Course Survey to assess your student's knowledge, skills, and dispositions before they begin your course.

Review this example of a [Pre Course Survey from the student's perspective](#).

This survey was created using [Google Form](#) (a faculty favorite app that is free in the Google Drive suite!).

You are welcome to copy, reuse, and customize the survey to use in your classes.

Follow the directives in the title of the [Pre Course Survey](#) to copy it to your Google Drive and make it your own. Then select **Form>>Go to live form** to view it in the [student user's view](#).

The student responses will be collected on the original spreadsheet in the order they respond. Here is an [example](#).

In this spreadsheet view, select **Form>>Show summary of responses**. Here is an [example](#).

This survey has been shared and customized by faculty from an institutional partner, so you can see how they attributed the adaptation of the survey in the student view of the [Pre Course Survey](#) directions.
