WHEREAS, the OETC has a need to purchase and the Contractor a desire to sell; and,

WHEREAS, OETC has the authority to offer contracts to the OETC membership

NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties agree as follows:

Intent and Purpose

The intent and purpose of this Agreement is to establish a contractual relationship with equipment manufacturers to provide, warrant, and offer maintenance services on ALL products proposed in their response to the RFP issued by OETC. The Contractor, or its designated Fulfillment Agents, shall provide delivery, support, warranty and maintenance. The Contractor agrees to take responsibility for the warranty and maintenance of all products furnished under this Agreement. The Contractor is responsible for the timeliness and quality of all services provided by individual Fulfillment Agents

Scope of Work

Contract Awardee Contact. The Contract Awardee (hereinafter “Contractor”) is to be the sole point of contact with regard to contractual matters, disputes, concerns or other issues arising from this RFP. The Contract Awardee is responsible for ensuring contract and pricing compliance with its named Fulfillment Agents.

Contract Period. The term for the contract awarded pursuant to this solicitation will be for a three (3) year period effective from the date of contract execution with options to renew for up to two years.

Terms and Conditions

Order of Precedence

1. Terms and Conditions of this Agreement
2. Exhibits and amendments to this Agreement.
3. Any terms and conditions on OETC's or an OETC member's purchase order
4. The request for proposal
5. Contractor's proposal including a best and final offer if applicable.

Price Guarantee

The OETC or OETC Member shall pay the lower of the prices contained in the Pricing Schedule, or an Announced Promotion Price, Education discount Price, General Price Reduction price, Trade-In price, Standard Configuration price or Per Transaction Multiple Unit Discount. Only General Price Reduction price decreases will apply to all subsequent Purchase Orders accepted by Contractor after the date of the issuance of the General Price Reductions prices.

The Contractor shall submit the initial baseline, Cumulative, and Per Transaction Multiple Unit Discounts in OETC's Excel price format. Once a cumulative volume has been reached, the increased price discount will apply to all future orders, until the next level of cumulative volume is reached.

Product and Services Schedule

The Contractor agrees to maintain the Pricing Schedule in accordance with the following provisions:

1. The Contractor may make model changes; add new Products, and Product upgrades or Services to the Pricing Schedule. The pricing for these changes shall incorporate comparable pricing discount levels approved by the OETC Contract Administrator for similar Products and Services.
2. The Contractor agrees to delete obsolete and discontinued Products from the Pricing Schedule on a timely basis.

Termination

Termination for Convenience. At any time OETC may terminate this agreement, in whole or in part, by giving the Contractor thirty (30) days written notice; provided, however neither OETC nor an OETC member has the right to terminate a specific purchase order for convenience after it has been issued if the product is ultimately accepted. At any time the Contractor may terminate this Agreement, in whole or in part, by giving the OETC

Contract Administrator sixty (60) days written notice. Such termination shall not relieve the Contractor of warranty or other Service obligations incurred under the terms of this Agreement. In the event of a cancellation, the Contractor shall be entitled to payment, determined on a pro rata basis, for work or services satisfactorily performed and accepted.

Termination for Cause. Either party may terminate this Agreement for cause based upon material breach of this Agreement by the other party, provided that the non-breaching party shall give the breaching party written notice specifying the breach and shall afford the breaching party a reasonable opportunity to correct the breach. If within thirty (30) days after receipt of a written notice the breaching party has not corrected the breach or, in the case of a breach that cannot be corrected in thirty (30) days, begun and proceeded in good faith to correct the breach, the non-breaching party may declare the breaching party in default and terminate the Agreement effective immediately. The non-breaching party shall retain any and all other remedies available to it under the law.

Cancellation. OETC may cancel any contract resulting from this RFP for a Contract Awardee's failure to perform or uphold any of the terms and conditions outlined in this RFP or it's resulting contract. Additionally OETC may cancel a contract resulting from this RFP if the consortium's cumulative annual sales for any contract are less than \$100,000 per calendar year.

Shipment and Risk of Loss

All deliveries shall be F.O.B. destination, prepaid and allowed, with all transportation and handling charges included in the price of the product and paid by the Contractor. Responsibility and liability for loss or damage shall remain with the Contractor as long as the Contractor designates the carrier, until delivery to the identified ship-to address, when responsibility shall pass to the OETC Member except as to latent defects, fraud and Contractor's warranty obligations.

Whenever an OETC Member does not accept Products due to missing, damaged, defective, incorrect order and returns them to the Contractor, all related documentation furnished by the Contractor shall be returned also. Unless otherwise agreed upon by OETC or the OETC Member, the Contractor is responsible for the return shipping cost of returned Products. The contractor shall bear all risk of loss or damage with respect to returned Products due to missing, damaged, defective and incorrect order, except for loss or damage directly attributable to the negligence of OETC or OETC Member.

Unless otherwise arranged between OETC or the OETC Member and Contractor, all Products shall be shipped within 14 to 30 days after receipt of a purchase order, by a

reliable and insured shipping company.

Pricing and Items

Administrative Fee Calculation. The percentage off of MSRP for product category shall include the OETC administrative fee.

Lowest Possible Price. CTL agrees that the price offered to OETC members (including the Administrative Fee) is the lowest price offered by the proposer to the members of the OETC.

OETC Members shall pay the lower of the prices contained in the RFP or an Announced Promotion Price, Educational Discount Price, General Price Reduction price, Standard Configuration price or Per Transaction Multiple Unit Discount. OETC reserves the right to review at any time the pricing of this agreement.

If pricing is found to not be the lowest possible price for Consortium Members, any agreement from this RFP process may be immediately suspended, re-bid, or pricing immediately adjusted to affirm this requirement.

Maintaining Product and Price List. All pricing and product additions, deletions or updates must be submitted on the OETC Pricing Template. This is an Excel template. No other format will be accepted.

It is the responsibility of the CTL to maintain an accurate price list for the lifetime of the contract including marking existing products as discontinued and submitting a complete and accurate price list every six months, or more frequently if needed.

Discontinued Items. All changes to the price list must be submitted 30 days prior to taking effect. Discontinued items must be marked on the OETC Pricing Update template and submitted to the OETC to be removed from the contract. If a member of the OETC purchases a product that is no longer available, but was not designated so by the awarded proposer, it will be the responsibility of the proposer to ship an equivalent or better product at the price of the purchased, discontinued product.

Adding New Products. When a manufacturer creates new models or replaces discontinued ones that were contemplated by the scope of this RFP, they may be added to the awarded contract at the percentage off of MSRP or at a greater discount.

Travel costs. If applicable, for any on-site services within the metropolitan areas of the contiguous U.S. members (e.g., Portland, Seattle, Boise, Spokane, Eugene) will be included in stated pricing. Travel costs, if applicable, for on-site services outside these areas may be billed at fixed or actual rate; in either case, specific amounts and/or metrics

for establishment of amounts must be included in the proposal.

Delivery and Returns

Delivery. Delivery of ordered product should be completed within thirty (30) calendar days after receipt of an order, unless otherwise agreed to by OETC and the OETC Member.

Returns. Product without defect and in original packaging may be returned with proper notification of Selected Reseller by OETC within sixty (60) days of receipt of shipment. For defective product, manufacturer's warranty has precedence.

Restocking Fees. No restocking fees are permitted on any returns, defective or otherwise.

Failure to fulfill. If a product is purchased by an OETC member from a valid price list and cannot be fulfilled for any reason by the Contract Holder or a Fulfillment Agent, an equivalent or better product will be substituted at no-additional cost to the OETC Member.

Payment Terms, Options and Conditions

Payment Terms. All purchase orders received by OETC or its members will be on Net 30 terms or greater.

Leasing. Individual OETC Members may enter in to lease agreements for the products covered in this Contract if they have the legal authority to enter into these types of agreements.

Invoice with shipment. Vendors may not submit an invoice for payment until the order is fulfilled either electronically or FOB.

Contract Amendments and Enforcement

Amendments. Contract amendments shall be negotiated by the OETC whenever necessary to address changes in the terms and conditions, costs, timetable, or increased or decreased scope of work. This Agreement shall be amended only by written instrument executed by the parties. An approved Contract amendment means one approved by the authorized signatories of the Contractor and the State as required by law.

Scope of Agreement. This Agreement incorporates all of the agreements of the parties concerning the subject matter of this Agreement. No prior agreements, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in

this Agreement.

Severability. If any provision of this Contract, including items incorporated by reference, is found to be illegal, unenforceable, or void, by a court of competent jurisdiction then both OETC and the Contractor shall be relieved of all obligations arising under such provision. If the remainder of this Contract is capable of performance, it shall not be affected by such declaration or finding and shall be fully performed.

Indemnification. For clarification and not as a limitation, the Contract Vendor hereby expressly extends, in addition to the other terms, conditions and specifications of the Contract, the foregoing defense and indemnification obligations to OETC and its Members, including the OETC's Board of Directors and employees.

Definitions

Announcement URL. The web address where the RFP is announced and all files are posted.

Contract Awardee or Contract Holder. The organization or entity who wins and RFP and signs a contract with OETC.

FOB Destination. Shipping charges are included in the price of the item and the shipped item becomes the legal property and responsibility of the receiver when it reaches its destination unless there is acceptance testing required.

FOB Inside Delivery. Special Shipping arrangements, such as inside delivery, may include additional fees payable by the Purchasing Entity. Any FOB inside delivery must be annotated on the Purchasing Entity ordering document.

Fulfillment Agent. A designee by the Contract Awardee to take orders on behalf of the Contract Holder. Often if the contract holder is a manufacturer, the manufacturer names channel partners as its fulfillment agents. These can be modified throughout the life of the contract.

Manufacturer. A company that, as one of its primary business function, designs, assembles owns the trademark/patent and markets branded computer equipment.

Per Transaction Multiple Unit Discount. A contractual volume discount based on dollars in a single purchase order or combination of purchase orders submitted at one time by an OETC Member.

Premium Savings SKU. Deeply discounted standard configurations available to Purchasing Entities using the Master Agreement. This specification includes a commitment to maintain and upgrade (keep pace with the advance of technology) the standard configurations for a stated period of time or intervals. OETC reserves the right to expand and modify the PSP throughout the life of the contract.

Purchasing Entity: Means a state, city, county, district, other political subdivision of a State, and a non profit organization under the laws of some states if authorized by a the Contract Awardee that issues an order against the Contract and becomes financially committed to the purchase.

Services. Broadly classed as installation/de-installation, maintenance, support, training, migration, and optimization of products offered or supplied under the Master Agreement. These types of services may include, but are not limited to: warranty services, maintenance, installation, de-installation, factory integration (software or equipment components), asset management, recycling/disposal, training and certification, pre-implementation design, disaster recovery planning and support, service desk/helpdesk, and any other directly related technical support service required for the effective operation of a product offered or supplied. Contract Vendors may offer, but OETC Members do not have to accept, limited professional services related ONLY to the equipment and configuration of the equipment purchased through the resulting contracts. EACH OETC MEMBER DETERMINES RESTRICTIONS AND NEGOTIATES TERMS FOR SERVICES.

Warranty. The Manufacturers general warranty tied to the product at the time of purchase
