2. Procurement Authority

The Organization for Educational Technology & Curriculum (OETC) is an incorporated not-for-profit membership organization dedicated to maximizing the value of educational technology to its members by working with software and hardware vendors to procure the most effective and appropriate technological resources at the lowest possible price.

Educational institutions throughout the Pacific Northwest, in Oregon, Alaska, Idaho, Washington, Montana and Wyoming, rely on OETC to provide the lowest cost solution for technology purchasing by aggregating the buying power of the region and providing flexible distribution options for hardware, software, online resources, technology furniture, and books. Currently serving nine hundred (900) school district, private school, collegiate, and university members, OETC represents over four million (4,000,000) students and tens of thousands of staff. For a list of our current members visit: www.oetc.org/about/members/

OETC, as agent, conducts this request for proposal on behalf of the educational institutions holding current and valid membership in the consortium ("Consortium Members"). OETC agrees and represents that it has the agreement of all Consortium Members to enter into this request for proposal, and each Consortium Member accepts and agrees to the terms and conditions of this request for proposal, as if it has itself executed the same. Any resulting agreement from this procurement shall be available to other public entities across the OETC membership through execution of the OETC membership agreement and, if needed, an interlocal agreement.

3. Scope of RFP & Specification

The Organization for Educational Technology and Curriculum (“OETC”), with its principal place of business at 14145 SW Galbreath Drive, Sherwood, Oregon 97140, is seeking proposals from Vendor providers (“Proposer”) for a price agreement and fulfillment services.

We are seeking proposals from authorized Chromebooks providers for serving the public consortium members with competitive pricing and quality service. Additional specifications may be found in Exhibit B – Additional Specifications.

3.1. Contract Period

The term for the contract awarded pursuant to this solicitation will be for a three (3) year period effective from the date of contract execution with options to renew for three (3) additional one (1) year terms.

3.2. Estimated Fulfillment Volume

The volume estimated, for the term of any agreement awarded through this RFP process, is provided as a courtesy to Proposers to corroborate proposed pricing. Based on purchasing history the estimated per year volume is \$450,000. THIS IS NOT A GUARANTEE OF SALES.

3.3. Administrative Fee

Upon award of any contract, OETC will add at least a 1% to the price paid by OETC to cover the administrative expenses of this agreement, the result of which shall be the price paid by the Consortium Member.

3.4. Items and Pricing

The purpose of this RFP is for designation as provider of Chromebooks products and/or services for public consortium members of OETC.

3.4.1. Brand Specification

If items called for by this request for proposal have been identified by a brand name, such identification is intended to be descriptive but not restrictive, and is to indicate the quality and characteristics of products that will be satisfactory.

Responses offering “equal” products (including products of a brand name manufacturer other than the one described in this procurement) will be considered for award if such products are clearly identified in the responses and are determined by the OETC to meet fully the salient characteristics and requirements listed in the RFP or otherwise indicated by the items listed in Exhibit C.

3.4.2. All Products for a Manufacturer Added

All products for a manufacturer's line in each product category is incorporated into this RFP.

3.4.3. Maintaining Product and Price List

It is the responsibility of the awarded respondent to maintain an accurate price list for the lifetime of the contract including marking existing products as discontinued and submitting a complete and accurate price list every six months, or more frequently if needed.

3.4.4. Discontinued Items

All changes to the price list must be submitted 30 days prior to taking effect. Discontinued items must be marked on Exhibit C and submitted to the OETC to be removed from the contract.

If a member of the OETC purchases a product that is no longer available, but was not designated so by the awarded proposer, it will be the responsibility of the proposer to ship an equivalent or better product at the price of the purchased, discontinued product.

3.4.5. Adding New Products

When a manufacturer creates new models or replaces discontinued ones that were contemplated by the scope of this RFP, they may be added to the awarded contract at the percentage off of MSRP or at a greater discount.

3.4.6. Calculation of the OETC Administrative Fee

The percentage off of MSRP for product category shall include the OETC administrative fee.

The OETC administrative fee is calculated into the price of the bid items. Only the item price with the addition of the OETC administrative fee is presented to the OETC membership. This final price is auto-calculated by Exhibit C so that respondents can see what price will be shown to the members of the OETC.

3.4.7. Shipping and Travel Costs

All items must be bid Freight On Board Destination. (FOB) meaning shipping is included. This does not include hardware items being shipped to Alaska or Hawaii. Actual shipping costs will apply to items shipped Alaska or Hawaii.

Travel costs, if applicable, for any on-site services within the metropolitan areas of the contiguous U.S. members (e.g., Portland, Seattle, Boise, Spokane, Eugene) will be included in stated pricing. Travel costs, if applicable, for on-site services outside these areas may be billed at fixed or actual rate; in either case, specific amounts and/or metrics for establishment of amounts must be included in the proposal.

3.4.8. Lowest Possible Price

By submitting a proposal, the proposer agrees that the price offered to the OETC with the contract's administrative fee is the lowest price offered by the proposer to the members of the OETC.

The OETC Members shall pay the lower of the prices contained in the RFP or an Announced Promotion Price, Educational Discount Price, General Price Reduction price, Standard Configuration price or Per Transaction Multiple Unit Discount.

OETC reserves the right to review at any time the pricing of this agreement. If pricing is found to not be the lowest possible price for Consortium Members, any agreement from this RFP process may be immediately suspended, re-bid, or pricing immediately adjusted to affirm this requirement.
