LET'S COOPERATE

Almost daily, Patrol headquarters receives calls regarding persons driving across lawns or parking outside the regular parking areas. These practices constitute an obvious threat to the safety of Richland children as well as to the successful development of our lawns.

We have a new village; we want to see it become a safe place in which to live.

Let's cooperate to make it that way!

LUTHERAN WOMEN'S GUILD MEETS MAY 11

The Lutheran Women's Guild will meet at 2:30 p.m. on Thursday, May 11, in the home of Mrs. Gordon Anderson, No. 20, McPherson Avenue (formerly B Street).

REPORT SERIOUS DAMAGE
TO ASPARAGUS FIELDS

Numerous asparagus fields in the Richland Area have been badly damaged through cutting and trampling by unauthorized harvesters. The loss as a result has been twofold: 1. The asparagus cut (about 2000 lbs.) and the asparagus trampled (about 500 lbs.), all of which were primarily intended for our armed forces. 2. The man hours of labor (about 386) required to clean up and recut where improper cutting and damage by trampling was done.

This asparagus, like all fruit and other vegetables growing on this reservation, is United States government property.

These crops are primarily intended for our armed forces, and there's no question about their needs.

PLAN TEMPORARY SHUTOFF OF HOME
WATER LINES IN DIVISIONS I, II

The installation of water lines running to the rear of homes in Divisions I and II will require a temporary shutoff of lines to the individual homes in each block, during the period when the new lines are being tied in to the watermain in the street. Construction men handling this work will give advance notice to each tenant involved. It is estimated that the shutoff period will be from one to two hours.

FINAL PRE-SEASON SOFTBALL
MEETING, MONDAY, MAY 8

A final organization meeting of all team managers of the Departmental Softball League will be held Monday, May 8, at 7:30 p.m. in the second grade classroom of the Richland Grade School. At this meeting, final plans will be completed for the 8-team softball league which is tentatively scheduled to begin play on May 12.

Other groups desiring to form another league should call J. P. Gorman at Richland 411.
