VICTORY GARDENS TO BE ASSIGNED

Assignment of first Victory Garden plots will begin early next week. Assignments will be made according to the order in which applications were received; and plots will be allocated as rapidly as they can be made ready for use. Victory Garden plots will be located at the northwest corner of the Village in the area north of Symons Street and west of Thayer Drive.

If you have made application, information regarding your assigned plot and its location will be delivered to your home, making it unnecessary for you to contact anyone in Richland Housing, which is handling the project. You will also be supplied with a bulletin issued by the Extension Service of Washington State College, containing valuable information on gardening in this locality. If you have not made application for a Victory Garden plot, you may do so by calling at the Tenant Service, Richland Housing, in Building 713.

RECREATION PROGRAM TO START SOON;

FILL OUT ATTACHED QUESTIONNAIRE

Accompanying this issue of the Bulletin is a Recreational Survey Form designed to give the residents of Richland an opportunity to specify the sports and activities in which they wish to participate.

The results of this survey will be used to determine the type of recreational program to be developed for the Village. If you have not already completed one of these forms, please do so immediately, making sure that you number your selections in order of preference. Completed forms will be collected by representatives of the Recreation Association within the next few days.
