

PIM - Friday May 19th

RN	PN	HORSE	ODDS	LABEL	FP	COMMENTS
5	6	CARRUMBA	2.5	WIN CONTENDER	2nd	Against the X_BIAS last time. Along with #4 TERRA PROMESSA seems to have significant OptixFIG advantage over the rest of the field. Might be better at today's distance over the favorite. Could be considered a good single as the NON-FAVORITE in multi-race wagers.
6	1	GONE AWAY	2	WIN CONTENDER	4th	Shows good size square on PLOT, but, note, Quadrant 2 squares are so-so. Only green and black NOTES on her form is a positive sign. It looks like the right move not pitching her too high class-wise in her current form cycle. Graded stakes placed filly who ran huge over this track last year.
6	8	CONSCRIPTION	23	VALUE KEY	-	Another filly w/o any red NOTES. Would have liked to see a bit more in her last, but she might have needed the race 76d. Showed some ability at TAM earlier in the year (two BURST keywords).
6	12	ARMORIE	6	VALUE KEY	1st	Flashed tons of talent in beginning of career (B+, B). Capable of firing fresh for strong local connection and top jockey.
8	1	DANCE QUEEN	6	WIN CONTENDER	-	Improving filly ran big last out. She is going to get pace pressure v. stakes company today, but might be up to task? Plots as a Q1 square on both standard and surface/distance filters.
8	12	HAPPY MESA	3.5	WIN CONTENDER	1st	No red showing in her career OptixNOTES. She fits at today's non-graded stakes level (two Bs, a win and two 2nds). Attracts top rider who will need to work out a trip from outer post.
9	2	MY MISS CHIFF	11	WIN CONTENDER	3rd	Showed tremendous potential at FG this past winter (A- and B+ efforts). We are going to excuse her Beaumont effort as NOTES suggests she never found her right spot. If she is able to get back to her previous efforts, she is a win contender. M/L looks way too high.
10	6	TAKE COVER	11	VALUE KEY	4th	Capable of firing fresh. Could surprise if able to work out trip. Prefers firm ground and these short turf sprints. If rains come and turf course gets softened up, you will need to downgrade.
10	7	GRAND CANDY	7	VALUE KEY	-	Should get a better race flow than his previous races. The negatives are today's distance might be too short, and Q4 squares don't perform well at today's track/distance. However, he really is on the border of Q2, and he is a large square, so we will cut him some slack.
10	10	RICHARD'S BOY	2.5	WIN CONTENDER	1st	Obvious player. Excellent record at 5F. Both Standard and Surface/Distance PLOTs look real solid. Big Q1 square on surface and distance filters. Q1 squares win at 27.5% at this track/surface/distance.

PIM - Saturday May 20th

RN	PN	Horse	ODDS	LABEL	FP	COMMENTS
5	1	ELSUIVE JONI	11	WIN CONTENDER	3rd	She put in a game effort last time v. the boys. There seems enough pace contention (flame) to set up her late run. Q2 squares fare a little better than Q1 circles on the surface/distance filter at this surface and distance. She is consistent at this surface/distance.
5	6	ANIMAL APPEAL	6	MARGINAL	-	Pace projects to be contentious. However in some cases a speed horse can separate from the rest of the speed horses and keep going. She has the potential to be the speed of the speed. This is her first time 5F so either the cut back will help her staying power or the quickness of the early pace could prevent her from clearing. The 9/2 M/L is not an exciting but we will be using her defensively.
5	11	MOST BEAUTIFUL(GB)	9/2	VALUE KEY	-	G3 placed filly could come rolling late. She PLOTS as large Q2 square on both standard and surface/distance against a potentially contentious early pace (flame). This is her second race in current form cycle. In her 2017 debut showed she could lay much closer to the early pace. She must avoid getting caught wide, but based on M/L the value might be there.
9	2	CLASSY CLASS	12	WIN CONTENDER	-	Big A- effort last time suggesting he's ready for a jump back into stakes company. He has been given plenty of time so we don't expect a regression and his Q1 square PLOT looks pretty sweet in a light contention (snowflake) race. He gets class test today, but he is already graded stakes place as 3y and the value is there.
10	10	CAMBODIA	9/2	WIN CONTENDER	1st	This is a lightly raced 5 year mare who might still have room for more upside. She was WIDE w/ NO_COVER the entire race last out while against the flow and still stayed on. Two back she was in TROUBLE in what came back to be a key race. She PLOTS as Q1 square on both standard and surface/distance.
12	1	SECURITY RISK	17	VALUE KEY	-	He looks to be the best of the early pace types. He is not a need to lead type so maybe he can sit just off and if he can shake loose at the top of the lane he might be get brave late.
12	7	BLACKTYPE (FR)	4	WIN CONTENDER	3rd	He should be ready to fire improved effort in his 2nd off the layoff. Already proven G2 winner. PLOTS well as Q2 square to the right of 4 Q1 circles. With rider change expect him to be closer (mid-pack) today than in his recent races looks like a solid WIN contender.

LABEL	DESCRIPTION
WIN CONTENDER	Capable of wining or finishing in the exacta
TOSS	Project against a top-4 finish
VALUE KEY	Possibility of hitting all underneath slots at a big price \geq 15-1 or winning if everything falls right (potential CONTEST bomber)
MARGINAL	Can't toss completely, but either lacks value or we lack strong conviction
SPREAD	Consider when spreading deep in an underneath slot of trifectas and supers
