

EIM Alerts for Incidents not Submitted within 72 hours of Creation

ODP Announcement 19-043

AUDIENCE:

Providers, Supports Coordination Organizations (SCOs) and other reporting entities who have a responsibility to file incidents in EIM.

PURPOSE:

The purpose of this communication is to inform providers, SCOs and other reporting entities who have a responsibility to file incidents in EIM of the functionality of EIM Alerts they will receive when the First Section of an incident is **initiated but not submitted within 72 hours**. This alert will assist providers, SCOs and other reporting entities with their obligation to report alleged and suspected incidents in a timely manner as outlined in ODP Bulletin #6000-04-01, Incident Management.

DISCUSSION:

Effective March 30, 2019, all users with the PW-EIM-INCIDENTRPTR role in the reporting organization as well as the assigned point person for an incident that is created but not submitted 72 hours after creation will receive an Alert in EIM. The alert will be generated for all incident Primary Categories, including incidents which have not yet been classified.

For technical issues, please contact the HCSIS/EIM Help Desk.
